# **CORDIS** Results Pack on **environmental observations**

Informing citizens and supporting policymaking through innovative applications

This CORDIS Results Pack showcases the results of nine Horizon 2020-funded projects that have developed user-oriented EO-based applications, creating benefits for citizens and supporting evidence-based policymaking. They are also helping to fully realise the EuroGEO initiative.

To access the full Results Pack please go to [cordis.europa.eu/article/id/421641](https://cordis.europa.eu/article/id/421641) or scan the QR code.
