KOMMISSIONENS FORORDNING (EF) Nr. 2019/94

af 2. august 1994

om indførsel af restprodukter fra fremstilling af majsstivelse fra USA

KOMMISSIONEN FOR DE EUROPÆISKE FÆLLESSKABER HAR —

under henvisning til traktaten om oprettelse af Det Europæiske Fællesskab,

under henvisning til Rådets forordning (EØF) nr. 1766/92 af 30. juni 1992 om den fælles markedsordning for korn ([1]), senest ændret ved forordning (EF) nr. 1866/94 ([2]), særlig artikel 9, stk. 2, og

ud fra følgende betragtninger:

Som led i GATT har EF og USA vedtaget at afklare tolddefinitionen af restprodukter fra fremstilling af majsstivelse; når sådanne produkter indføres til EF, skal de underkastes en laboratorieanalyse for at fastslå deres overensstemmelse med tolddefinitionen; det amerikanske landbrugsministerium Federal Grain Inspection Service (FGIS) og den amerikanske vådmølleindustri, der er under regelmæssigt tilsyn af de amerikanske myndigheder, vil certificere, at produkterne svarer til den aftalte definition;

på grundlag af certifikater for kontrol af importprodukter fra USA bør de sædvanlige kontrolforanstaltninger fortsat anvendes på importprodukter fra USA, der ledsages af sådanne certifikater, og for enhver anden indførsel af restprodukter fra fremstilling af majsstivelse;

medlemsstaternes regelmæssige fremsendelse til Kommissionen af oplysninger om mængder og værdi af produkter, der indføres med sådanne certifikater, udgør et af de med USA aftalte elementer, der vil muliggøre en effektiv kontrol af gennemførelsen af den pågældende aftale;

Forvaltningskomitéen for Korn har ikke afgivet udtalelse inden for den af formanden fastsatte frist —

UDSTEDT FØLGENDE FORORDNING:

Artikel 1

1. For restprodukter fra fremstilling af majsstivelse, henhørende under ►**M1** KN-kode 2309 90 20 ◄, der indføres fra USA til EF, foretages der kontrol af deres overensstemmelse med denne kode ved hjælp af laboratorieanalyser af alle forsendelser, der ikke ledsages af et af FGIS udstedt certifikat og et af vådmølleindustrien i USA udstedt certifikat, jf. bilaget.

2. For forsendelser fra USA, der ledsages af de to certifikater, og forsendelser fra alle andre tredjelande foretages de sædvanlige importkontrolforanstaltninger.

Artikel 2

Inden udgangen af hver måned underretter medlemsstaterne Kommissionen om mængderne og værdien af de produkter i ►**M1** KN-kode 2309 90 20 ◄, der blev indført den foregående måned og ledsaget af de i artikel 1, stk. 1, omhandlede certifikater.

Artikel 3

Denne forordning træder i kraft den 8. september 1994.

Denne forordning er bindende i alle enkeltheder og gælder umiddelbart i hver medlemsstat.

([1]) EFT nr. L 181 af 1. 7. 1992, s. 21.
([2]) EFT nr. L 197 af 30. 7. 1994, s. 1.

CORN REFINERS ASSOCIATION, INC.
Washington, D.C.

Certificate of Conformity

On behalf of the Corn Refiners Association, Inc., the undersigned confirms receipt of ***Producer's Certificates*** affirming that _____ of corn gluten feed (CN 2309 90 20:
Quantity (Metric Tons)

residues from the manufacture of starch from maize) aboard the vessel _____, departing the United
Name of Vessel

States on or about _____, ***(I)*** were obtained from
Date

the wet-mill maize-refining process, ***(II)***, contain not more than: (a) 28 percent starch content (dry basis), (b) 40 percent protein content (dry basis), (c) 4.5 percent fat (dry basis, as measured by test method A of the Directive 84/4/EEC of 20 December 1983), and (d) 15 percent by weight screenings/cleanings from corn subsequently used for the manufacture of starch and starch products, it being understood that, for the use of yellow number 2 corn, the figure is up to 10 percent, ***AND (III)*** may contain residues from steepwater derived from the wet milling process and used in the manufacture of alcohol or other starch derived products which utilize steep water as part of their manufacturing process and which were in existence in 1992, (the presence of which does not result in an increase in the feed value of the corn gluten feed).

The Corn Refiners Association, Inc., 1701 Pennsylvania Ave., N.W., Washington, D.C. 20006, provides blank Producer's Certificates upon request to any corn wet milling company operating in the United States. The Corn Refiners Association Inc., provides these certificates as a service to facilitate the export of U.S. corn gluten feed to the European Union. The Corn Refiners Association Inc., has retained the independent accounting firm of Association Services Group, LLC, to verify the Associations receipt of these Producer's Certificates on a per vessel basis, as gathered and submitted by shipping companies conveying corn gluten feed to any Member State of the Union. This is neither a weight certificate for commercial trade purposes, nor an independent certification of product quality by either the Corn Refiners Association, Inc., or Association Services Group, LLC; it is intended solely to describe product that has been certified by producers and any commercial handlers for customs clearance purposes.
