Experimental Community plan to support and facilitate access to large-scale scientific and technical facilities and installations of European interest

(90/C 37/04)

In accordance with the Council Decision of 14 March 1989 (OJ L 98, 1989), the Commission is hereby publishing the list of large-scale facilities and installations pre-selected under the Community plan.

In accordance with the Council Decision, those bodies that are pre-selected are required to put forward proposals jointly with potential users; offers should be sent by 1 June 1990 at the latest to the address below.

Additional information and proposal documents can be obtained from:

Commission of the European Communities
Directorate-General XII
XII-H1 'Large-scale facilities plan'
200 rue de la Loi,
B-1049 Brussels.

List of pre-selected facilities and installations:

Proposal number	Installations
G/89100006	Riso National Laboratory Cold Neutron Facilities at DR3.
G/89100052	Hahn-Meitner-Institut Berlin GmbH BER-II Neutron Source.
G/89100073	Laboratoire L. Brillouin ORPHEE Neutron Source.
G/89200105	Università di Firenze LENS — European Laboratory for non-linear Spectroscopy.
G/89200134	Istituto Nazionale di Fisica Nucleare PULS/PWA Synchrotron radiation facilities Frascati.
G/89200135	Istituto Nazionale di Fisica Nucleare Laboratori Nazionali del Gran Sasso.
G/89200160	University College Cork National Microelectronics Research Centre.

Nomination of a member of the Scientific Committee on Cosmetology

(90/C 37/05)

The scientific committee on cosmetology was set up by Commission Decision 78/45/EEC of 19 December 1977 (1).

The Commission had decided to nominate the following member for a period which terminates on 18 September 1990:

Monsieur José Luis Parra Juez Professor de Investigaciones del Consejo Superior de Investigaciones Cientificas.
