COMMISSION STAFF WORKING DOCUMENT

Updated climate tracking and digital tagging of the recovery and resilience plan of Belgium

Accompanying the document

Proposal for a COUNCIL IMPLEMENTING DECISION

amending the Implementing Decision of 13 July 2021 on the approval of the assessment of the recovery and resilience plan for Belgium

{COM(2026) 256 final}

Updated climate tracking and digital tagging of the recovery and resilience plan of Belgium

The table below presents the detailed application of the climate tracking and digital tagging methodologies set out respectively in Annexes VI and VII to Regulation (EU) 2021/241 in the modified Belgian recovery and resilience plan.

Int. Field = intervention field.

Coeff. = Coefficient for the calculation of support to climate change objectives and to digital transition, on the basis of Annex VI and Annex VII of the RRF Regulation.

Revised measures are marked in yellow to distinguish them from the unchanged measures in the RRP.
