COMMISSION REGULATION (EU) 2025/55

of 7 January 2025

reopening the fishery for haddock in Norwegian waters of 1 and 2 by vessels flying the flag of France, by repealing Regulation (EU) 2024/2813

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1224/2009 of 20 November 2009 establishing a Union control system for ensuring compliance with the rules of the common fisheries policy, amending Regulations (EC) No 847/96, (EC) No 2371/2002, (EC) No 811/2004, (EC) No 768/2005, (EC) No 2115/2005, (EC) No 2166/2005, (EC) No 388/2006, (EC) No 509/2007, (EC) No 676/2007, (EC) No 1098/2007, (EC) No 1300/2008, (EC) No 1342/2008 and repealing Regulations (EEC) No 2847/93, (EC) No 1627/94 and (EC) No 1966/2006 ([1]), and in particular Article 36(2) thereof,

Whereas:

(1) Council Regulation (EU) 2024/257 ([2]) lays down quotas for 2024.

(2) On 10 October 2024, France notified the Commission, pursuant to Article 35(3) of Regulation (EC) No 1224/2009, of its decision to prohibit fishing for haddock in Norwegian waters of 1 and 2 as from 26 July 2024.

(3) Commission Regulation (EU) 2024/2813 ([3]) prohibited fishing for haddock in Norwegian waters of 1 and 2 for vessels flying the flag of France.

(4) According to the information received by the Commission on 8 November 2024 from the French authorities, a quantity is still available to France for the quota for that stock. Consequently, the fishery for haddock in Norwegian waters of 1 and 2 by vessels flying the flag of or registered in France should be reopened until further notice.

(5) That reopening of fishery should take effect on 8 November 2024, in order to allow the quantity of haddock in question to be fished before the end of the current year.

(6) Regulation (EU) 2024/2813 should therefore be repealed with effect from 8 November 2024.

(7) Such retroactive application does not affect the principle of legal certainty and protection of legitimate expectations as a quota is still available for that stock,

HAS ADOPTED THIS REGULATION:

The fishery for haddock in Norwegian waters of 1 and 2 for the 2024 fishing season by vessels flying the flag of or registered in France referred to in the Annex is reopened.
