

C/2025/3198

2.7.2025

**Opinion of the European Economic and Social Committee**

**Proposal for a Regulation of the European Parliament and of the Council amending Regulation (EU) 2019/631 to include an additional flexibility as regards the calculation of manufacturers' compliance with CO<sub>2</sub> emission performance standards for new passenger cars and new light commercial vehicles for the calendar years 2025 to 2027**

(COM(2025) 136 *final* – 2025/0070 (COD))

(C/2025/3198)

|                                              |                                                                    |
|----------------------------------------------|--------------------------------------------------------------------|
| Referral                                     | Council of the EU, 4.4.2025<br>European Parliament, 5.5.2025       |
| Legal basis                                  | Article 192 of the Treaty on the Functioning of the European Union |
| Section responsible                          | Single Market, Production and Consumption                          |
| Adopted at plenary session                   | 29.4.2025                                                          |
| Plenary session No                           | 596                                                                |
| Outcome of vote<br>(for/against/abstentions) | 162/2/1                                                            |

Since the Committee endorses the content of the proposal and feels that it requires no comment on its part, it decided to issue an opinion endorsing the proposed text.

Brussels, 29 April 2025.

*The President*  
*of the European Economic and Social Committee*  
Oliver RÖPKE
