to the

Proposal for a Council Decision

on the position to be taken on behalf of the European Union in the Joint Committee established by the Agreement between the European Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part, as regards the adoption of the amendments to Protocols 1 and 4 to the Agreement

DRAFT

DECISION No .../… OF THE EC/ FAROE ISLANDS JOINT COMMITTEE

of … 2020

amending Protocols 1 and 4 to the Agreement between the European Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part

THE JOINT COMMITTEE,

Having regard to the Agreement between the European Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part[1], and in particular Article 34(1) thereof,

Whereas:

(1) Protocol 1 to the Agreement between the European Community, of the one part, and the Government of Denmark and the Home Government of the Faroe Islands, of the other part ('the Agreement') concerns the tariff treatment and arrangements applicable to certain fish and fishery products released for free circulation in the European Union or imported into the Faroe Islands. The Annex to Protocol 1 indicates the preferential customs duties and other conditions to be applied on imports into the European Union of products originating in and coming from the Faroe Islands.

(2) The Faroe Islands have submitted a request based on Article 36 of the Agreement that the CN codes 0303 53 90 and 1604 13 90 be added to the Annex to Protocol 1 to the Agreement. The European Union considers, after the examination of the relevant market, that these products could be imported free of duty into the European Union without quantitative restrictions.

(3) Protocol 4 to the Agreement concerns the special provisions applicable to imports of certain agricultural products other than those listed in Protocol 1.

(4) Under Article 1 of Protocol 4 to the Agreement, the European Union has initially granted tariff concessions for Faroese fish feed, in respect of an annual duty free tariff quota of 5 000 tonnes. This duty free tariff quota has been amended by Decision No 2/98 of the EC/Denmark-Faroe Islands Joint Committee[2], increasing it to 10 000 tonnes as of 1 January 2000 and by Decision No 1/2007 of the EC/Denmark-Faroe Islands Joint Committee[3], which increased it to 20 000 tonnes and provided that fish feed which benefits from the preferential import regime may not contain added gluten.

(5) The Faroe Islands requested to amend Protocol 4 to the Agreement by removing the restrictions on added gluten contained in fish feed that benefits from preferential treatment, as gluten has become an essential raw material in the fish feed composition.

(6) Article 2 of Protocol 4 to the Agreement lists the goods of European Union origin, falling within chapters 1 to 24 of the Harmonised System, for which the Faroe Islands does not grant freedom from tariffs and duties upon import into the Faroe Islands.

(7) The European Union requested that a duty free tariff quota be open for CN codes 0204, 0206 80 99, 0206 90 99, 0210 90 11, 0210 90 60, ex 0210 90 90, which are

listed in Article 2 of Protocol 4. The Faroe Islands considers that a duty free tariff rate quota of 80 tonnes of European Union exports of these products could be granted, subject to three years transition period with a duty free tariff rate quota of 40 tonnes.

(8) Protocols 1 and 4 should therefore be amended accordingly,

HAS ADOPTED THIS DECISION:
