(C/2026/2832)

RÉAMHRÁ

Cumhdaítear sa tuarascáil seo sonraí ó 2024 maidir le (i) ceadúnais deonaithe agus diúltaithe ó Bhallstáit an Aontais agus (ii) onnmhairiú gnáth-arm ó Bhallstáit an Aontais. Cumhdaítear leis freisin gníomhaíochtaí a bhaineann le cur chun feidhme Chomhsheasamh 2008/944/CBES ón gComhairle ([1]) ([2]), tá faisnéis neamh-uileghabhálach sa tuarascáil maidir le haistrithe táirgí a bhaineann le cosaint laistigh den Aontas a rialaítear le Treoir 2009/43/CE ó Pharlaimint na hEorpa agus ón gComhairle ([3]).

Is í an tSeirbhís Eorpach Gníomhaíochta Seachtraí (SEGS) a thiomsaíonn an tuarascáil, bunaithe ar shonraí a arna soláthar ag Ballstáit an Aontais. Tacaíonn an Fho-mheitheal um Onnmhairiú Gnáth-Arm (COARM) de Mheitheal na Comhairle um Neamhleathadh agus Onnmhairiú Arm le hidirphlé buan i measc na mBallstát maidir leis na comhrialacha lena rialaítear rialú onnmhairithe arm a chur i bhfeidhm go comhleanúnach.

Tá na tríú tíortha seo a leanas tar éis iad féin a ailíniú go hoifigiúil le critéir agus prionsabail Chomhsheasamh 2008/944/CBES: an Albáin, an Bhoisnia agus an Heirseagaivéin, Ceanada, an Mhacadóin Thuaidh, an tSeoirsia, an Íoslainn, Montainéagró agus an Iorua. Tá córas malartaithe faisnéise idir an tAontas agus an Iorua i bhfeidhm ó 2012 i leith.

Chomh maith leis an tuarascáil sin, is féidir sonraí maidir le honnmhairiú arm Bhallstáit an Aontais a cheadú ar líne freisin ([4]). Tá faisnéis sa chóras ar líne maidir le luach, ceann scríbe agus cineál na gceadúnas onnmhairithe arm ó Bhallstáit uile an Aontais, agus maidir le honnmhairí iarbhír ó na Ballstáit sin de chuid an Aontais a thuairiscíonn na sonraí sin. Tá léirithe grafacha agus uirlisí éagsúla chun réimse leathan tiomsúcháin anailíseacha a chumadh ann dóibh siúd go léir a bhfuil suim acu i luach, i dtrealamh míleata agus i gceann scríbe onnmhairithe arm na hEorpa. Cé go ligeann an córas ar líne d'úsáideoirí sonraí a cheadú ar bhealach níos so-úsáidte, is í an tuarascáil in *Iris Oifigiúil an Aontais Eorpaigh* an phríomhfhoinse faisnéise i gcónaí.

I. CUR CHUN FEIDHME CHOMSHEASAMH 2008/944/CBES ('Comhsheasamh')

1. Cruinnithe idirphlé pholaitiúil

Thionóil SEGS cruinnithe idirphlé pholaitiúil leis an Iorua agus leis na Stáit Aontaithe in 2024 maidir le saincheisteanna rialaithe onnmhairí arm. B'fhóram é an t-idirphlé polaitiúil le haghaidh plé tairbheach ar ábhair chomhleasa, mar shampla beartais onnmhairiúcháin maidir le cinn scríbe sonracha, saincheisteanna comhlíonta agus rialaithe agus an Conradh Trádála Arm. Ina theannta sin, d'fhreastail na Stáit Aontaithe ar chruinniú de Mheitheal COARM freisin chun saincheisteanna maidir le rialú ar onnmhairiú arm a phlé le Ballstáit an Aontais.

2. Idirphlé le páirtithe leasmhara: Parlaimint na hEorpa, an tsochaí shibhialta agus an tionsclaíocht

D'fhreagair SEGS ceisteanna parlaiminteacha a thíolaic Feisirí de Pharlaimint na hEorpa maidir le saincheisteanna onnmhairithe arm.

I gcomhréir leis an gcleachtas a bhí ann roimhe seo, eagraíodh cruinnithe de Mheitheal COARM le heintitis sheachtracha go rialta, lena n-áirítear le Ceann Roinne maidir le Rialú Onnmhairí san Ard-Stiúrthóireacht um Shlándáil Idirnáisiúnta agus um Chomhar Míleata agus Teicniúil in Aireacht Gnóthaí Eachtracha na hÚcráine, le heagraíochtaí neamhrialtasacha (mar shampla Coiste Idirnáisiúnta na Croise Deirge agus Saferworld) agus le cuideachtaí (mar shampla Conflict Armament Research).

Reáchtáladh fóram COARM-NGO an 18 Aibreán 2024, arna eagrú ag Saferworld agus arna chomhóstáil ag SEGS. Thug COARM cuireadh freisin d'ionadaithe ó thionscal cosanta na hEorpa chuig a chruinnithe, agus bhí díospóireachtaí aige le rannpháirtíocht meithleacha machnaimh a bhíonn ag obair ar ábhair a bhaineann le trádáil arm (Cuibhreannas AE maidir le Neamhleathadh agus Dí-armáil).

3. **For-rochtain**

In Airteagal 11 den Chomhsheasamh, iarrtar ar na Ballstáit 'a ndícheall a dhéanamh chun Stáit eile a onnmhairíonn teicneolaíocht mhíleata nó trealamh míleata a spreagadh chun critéir an Chomhsheasaimh a chur i bhfeidhm.' [aistriúchán neamhoifigiúil]. Rinneadh rialuithe éifeachtacha náisiúnta ar onnmhairiú arm agus prionsabail agus critéir an Chomhsheasaimh a chur chun cinn i dtríú tíortha roghnaithe trí chur chun feidhme Chinneadh (CBES) 2023/2539 ón gComhairle ([5]) arna chur chun feidhme ag Oifig Cónaidhme na Gearmáine um Ghnóthaí Eacnamaíocha agus Rialú Onnmhairiúcháin (BAFA) – dá ngairtear de ghnáth Céim For-rochtana VI COARM.

Leanadh d'iarrachtaí for-rochtana an Aontais atá dírithe ar thríú tíortha freisin maidir le huiliú agus cur chun feidhme an Chonartha Trádála Arm, le gníomhaíochtaí arna ndéanamh ag BAFA agus Expertise France faoi Chinneadh (CBES) 2021/2309 ón gComhairle ([6]) (Céim For-rochtana III CTA), agus ag Rúnaíocht an Chonartha Trádála Arm faoi Chinneadh (CBES) 2021/2296 ón gComhairle ([7]). Tá tuilleadh sonraí le fáil thíos agus in Iarscríbhinn D.

4. **Athbhreithniú ar Chomhsheasamh 2008/944/CBES ('Comhsheasamh')**

In 2024, lean COARM dá chuid oibre maidir le cur chun feidhme na spriocanna insoláthartha a áirítear sna Conclúidí ón gComhairle ([8]) maidir le hathbhreithniú 2019 ar an gComhsheasamh.

Ó 2022 i leith, tá bainistiú á dhéanamh ag SEGS ar bhunachar sonraí inmheánach ina bhfuil leathanaigh thíre ina bhfuil faisnéis ábhartha maidir le cinn scríbe fhéideartha agus reatha onnmhairiúcháin trealaimh mhíleata na hEorpa. Tá páipéar inmheánach dea-chleachtais ann ina bhfuil gnéithe chun córas náisiúnta a fhorbairt maidir le honnmhairí iarbhír a thuairisciú. Is ag oifigigh cheadúnúcháin ó Bhallstáit an Aontais agus ag SEGS amháin atá rochtain ar an mbunachar sonraí. Tá tuilleadh cóineasaithe i gceist leis agus an Comhsheasamh á chur i bhfeidhm ag na Ballstáit.

I mír 14 de na Conclúidí ón gComhairle in 2019, chuir sí de chúram ar Mheitheal COARM athmheasúnú a dhéanamh ar chur chun feidhme an Chomhsheasaimh laistigh de 5 bliana (2024). Cuireadh tús leis an bpróiseas athbhreithniúcháin in 2022, agus leanadh leis le linn 2024, ar dtús laistigh de thrí fhócasghrúpa d'ionadaithe ó na Ballstáit, agus ina dhiaidh sin trí chaibidlíocht, laistigh de Mheitheal COARM, faoi nuashonruithe ar an gComhsheasamh agus ar an Treoir d'Úsáideoirí, agus ar Chonclúidí nua ó Chomhairle an Aontais Eorpaigh maidir le rialú ar onnmhairiú arm ([9]).

5. **Fógraí diúltaithe agus comhairliúcháin**

Foráiltear leis an gComhsheasamh go bhfógrófar diúltú ceadúnas. Foráiltear ann freisin do phróiseas comhairliúcháin nuair a bhíonn athbhreithniú á dhéanamh ag Ballstát ar iarratas ar cheadúnas le haghaidh idirbheart arb ionann é go bunúsach agus idirbheart a dhiúltaigh Ballstát eile roimhe sin. Déantar é sin tríd an gcóras COARM ar líne. Léiríodh cheana féin go dtacaíonn an córas leis an trédhearcacht idir na Ballstáit i leith tíortha sonracha is ceann scríbe deiridh agus úsáideoirí deiridh.

Áirítear i ró (d) de na táblaí in Iarscríbhinn A.I líon na ndiúltuithe ar tugadh fógra fúthu - in aghaidh an chinn scríbe agus de réir chatagóir an liosta mhíleata. Tá líon na gcomhairliúchán arna n-eisiúint agus arna bhfáil ag gach Ballstát, agus líon na gcomhairliúchán in aghaidh an chinn scríbe le fáil in Iarscríbhinní B.I agus B.II.

([5]) Cinneadh (CBES) 2023/2539 ón gComhairle an 13 Samhain 2023 lena dtacaítear le tionscadal maidir le rialuithe éifeachtacha ar onnmhairiú arm a chur chun cinn (IO L, 2023/2539, 14.11.2023, ELI: http://data.europa.eu/eli/dec/2023/2539/oj).

([6]) Cinneadh (CBES) 2021/2309 ón gComhairle an 22 Nollaig 2021 maidir le gníomhaíochtaí for-rochtana de chuid an Aontais lena dtacaítear le cur chun feidhme an Chonartha Trádála Arm (IO L 461, 27.12.2021, lch. 78, ELI: http://data.europa.eu/eli/dec/2021/2309/oj).

([7]) Cinneadh (CBES) 2023/2296 ón gComhairle an 23 Deireadh Fómhair 2023 maidir le tacaíocht ón Aontas do ghníomhaíochtaí Rúnaíocht an Chonartha Trádála Arm mar thaca le cur chun feidhme an Chonartha Trádála Arm (IO L, 2023/2296, 24.10.2023, ELI: http://data.europa.eu/eli/dec/2023/2296/oj).

([9]) Glacadh na trí théacs an 14 Aibreán 2025: (1) Cinneadh (CBES) 2025/779 ón gComhairle an 14 Aibreán 2025 lena leasaítear Comhsheasamh 2008/944/CBES lena sainítear comhrialacha lena rialaítear rialú ar onnmhairiú teicneolaíochta míleata agus trealaimh mhíleata (IO L, 2025/779, 15.4.2025, ELI: http://data.europa.eu/eli/dec/2025/779/oj); *(2) Treoir d'Úsáideoirí* (https://data.consilium.europa.eu/doc/document/ST-6881-2025-INIT/ga/pdf); *(3) Conclúidí ón gComhairle maidir le rialú ar onnmhairiú arm* (https://data.consilium.europa.eu/doc/document/ST-7534-2025-REV-1/ga/pdf)

Tá cuideachtaí cosanta sna Ballstáit ar an eolas go ginearálta faoi na srianta ar bheartais onnmhairithe arm, agus de ghnáth staonfaidh siad ó iarratas a dhéanamh ar cheadúnas más eol dóibh gur dócha go ndiúltófar dó. Dá bhrí sin, ní léiríonn líon íseal diúltuithe cé chomh sriantach nó nach bhfuil an beartas onnmhairiúcháin maidir le cinn scríbe sonracha. Ar an taobh eile, is toirmisc ghinearálta iad trádbhaic arm arna bhforchur ag an Aontas ([10]) chun ceadúnais a dheonú maidir leis na cinn scríbe sin.

6. **Treoirleabhar d'Úsáideoirí**

Is príomhionstraim é an Treoirleabhar d'Úsáideoirí ina dtugtar le chéile an treoir chomhaontaithe maidir le cur chun feidhme fhorálacha oibríochtúla an Chomhsheasaimh agus an léiriú ar a chritéir. Tagraítear dó in Airteagal 13 den Chomhsheasamh. Is í Meitheal COARM a d'fhorbair é agus déantar é a nuashonrú go tréimhsiúil: bhí an nuashonrú deireanach, a rinneadh mar chuid den athbhreithniú ar an gComhsheasamh (2019), bailí le linn na bliana 2024 ([11]). Ní gníomh atá ceangailteach ó thaobh dlí é, ach d'fhormhuinigh an Chomhairle é.

Tá sé i gceist gur oifigigh um cheadúnú onnmhairiúcháin (oifigigh cheadúnúcháin agus oifigigh eile i ranna rialtais agus i ngníomhaireachtaí rialtais ábhartha) is mó a úsáidfidh an Treoirleabhar d'Úsáideoirí, rud a chuirfidh go mór le cóineasú bheartais agus nósanna imeachta na mBallstát maidir le rialú ar onnmhairiú arm ar bhealach pragmatach. D'fhonn tacú le hoibríochtú chritéir an Chomhsheasaimh, cuirtear i láthair sa Treoirleabhar dea-chleachtais arna bhforbairt ag COARM, ag tógáil ar dhea-chleachtais náisiúnta agus ionchur ó pháirtithe leasmhara ábhartha eile á chur san áireamh, lena n-áirítear an tsochaí shibhialta. Is é is cuspóir dóibh comhsheasmhacht níos fearr a bhaint amach i measc na mBallstát agus critéir an Chomhsheasaimh á gcur i bhfeidhm. Baintear é sin amach, mar shampla, trí thosca a shainaithint ar gá iad a chur san áireamh agus iarratais ar cheadúnais onnmhairiúcháin á measúnú. Tá saineolas na n-oifigeach sin maidir le hábhair a chumhdaíonn saincheisteanna réigiúnacha, dlíthiúla, breithiúnacha, teicniúla, forbartha, slándála agus míleata mar bhonn eolais don phróiseas cinnteoireachta.

Is doiciméad poiblí é an Treoirleabhar atá ar fáil ar shuíomh gréasáin na Seirbhíse Eorpaí Gníomhaíochta Seachtraí ([12]). Is é is aidhm d'fhoilsiú na tuarascála trédhearcacht agus tuiscint a chothú maidir le cúiseanna agus tosca is bun le cinntí ceadúnúcháin iarbhír nó féideartha na mBallstát, cé go bhféadfadh sé nach mbeadh na cinntí féin faoi réir grinnscrúdú seachtrach.

Cuid den phróiseas athbhreithnithe ar Chomhsheasamh 2008/944 is ea an Treoir d'Úsáideoirí a thabhairt cothrom le dáta.

7. **Liosta Comhchoiteann Míleata an Aontais Eorpaigh**

Áirítear ar Liosta Comhchoiteann Míleata an Aontais Eorpaigh (CML) na míreanna míleata a dteastaíonn ceadúnais onnmhairiúcháin ó na Ballstáit ina leith, i gcomhréir le hAirteagal 12 den Chomhsheasamh. Is ionann é agus liosta na dtáirgí a bhaineann le cosaint atá i gceangal le Treoir 2009/43/CE. ([13]) Cuirtear san áireamh i Liosta Comhchoiteann Míleata an Aontais Eorpaigh na hathruithe ar Liosta Muinisin Chomhshocraíocht Wassenaar a comhaontaíodh ag cruinnithe iomlánacha na Comhshocraíochta. Foilsíodh an liosta comhchoiteann míleata is déanaí de chuid an Aontais atá in úsáid sa tréimhse a chumhdaítear leis an tuarascáil sin in *Iris Oifigiúil an Aontais Eorpaigh* an 19 Feabhra 2024, ([14]) tar éis athruithe air a comhaontaíodh ag cruinniú iomlánach Chomhshocraíocht Wassenaar an 4 agus an 5 Nollaig 2023. ([15])

8. **Bróicéireacht arm**

I gcomhréir le hAirteagal 5 de Chomhsheasamh 2003/468/CBES ón gComhairle ([16]), tá socruithe ar leith curtha i bhfeidhm ag na Ballstáit chun faisnéis a mhalartú maidir le ceadúnais bhróicéireachta arna ndeonú agus arna ndiúltú. Thairis sin, na Ballstáit sin a cheanglaíonn ar bhróicéirí údarú i scríbhinn a fháil chun gníomhú mar bhróicéirí agus/nó a bhfuil clár bróicéirí arm bunaithe acu, tá socruithe ar leith curtha i bhfeidhm acu chun faisnéis ábhartha ar bhróicéirí cláraithe a mhalartú. Is féidir faisnéis faoi cheadúnais bhróicéireachta a fháil in Iarscríbhinn A.III.

II. AN CONRADH TRÁDÁLA ARM (CTA)

1. Rannpháirtíocht in CTA: Comhdháil na Stát is Páirtithe

Mar a tharla le Comhdhálacha Stát is Páirtithe a bhí ann roimhe seo, bhí páirt ghníomhach ag an Aontas agus a Bhallstáit sa timthriall ullmhúcháin ar fad agus sa deichiú heagrán de Chomhdháil na Stát is Páirtithe (an 19-23 Lúnasa 2024) inar leagadh béim ar an gcomhar idirghníomhaireachta, mar théama tosaíochta d'Uachtaránacht na Rómáine.

Ar an ábhar sin, mhol Comhdháil na Stát is Páirtithe an méid seo a leanas do na Stáit is Páirtithe: (i) taithí a chomhroinnt ar na bealaí agus sna formáidí uile arna mbeartú sa Chonradh, lena n-áirítear trí na treoirdhoiciméid dheonacha maidir le cur chun feidhme an Chonartha atá ann cheana a thabhairt cothrom le dáta; (ii) comhar idirghníomhaireachta a áireamh i gcláir oibre mheithleacha agus fhoghrúpaí na gConarthaí; (iii) breithniú a dhéanamh ar pháipéar deonach a fhorbairt do Stáit a bhfuil suim acu córais náisiúnta a fhorbairt; agus (iv) tacú le fothú acmhainneachta sa chomhar idirghníomhaireachta tríd an gCiste Iontaobhais Deonach agus cineálacha eile oiliúna.

Tá na moltaí maidir le Cur Chun Feidhme an Chonartha glactha ag na Stáit is Páirtithe freisin, lena n-áirítear na caibidlí atá fágtha den Treoir Dheonach maidir le cur chun feidhme Airteagail 6 agus 7.

Bhí seisiún tuairimíochta ag Comhdháil na Stát is Páirtithe maidir le huiliú an Chonartha agus d'fhormhuinigh sí fócas na n-iarrachtaí uilithe ar réigiún an Aigéin Chiúin agus na hÁise.

Maidir le trédhearcacht agus tuairisciú, ghlac Comhdháil na Stát is Páirtithe moltaí chun úsáid na sásraí um chúnamh atá ar fáil a chur chun cinn, lena n-áirítear chun tacú leis an tionscadal maidir le fothú acmhainneachta arna chistiú ag an Aontas arna chur chun feidhme ag Rúnaíocht CTA agus le tionscnamh 'na gcuradh tuairiscithe réigiúnacha'. Bhí imní ar na Stáit maidir le laghdú ar rátaí tuairiscithe, treocht ar cúis imní é; cuireadh 57 % de na tuarascálacha bliantúla isteach in 2023, níor thuairiscigh Stát amháin as gach cúig de na Stáit is Páirtithe riamh, agus maidir leis na Stáit sin a thuairiscíonn, níor chuir ach 23 % díobh a dtuarascálacha tosaigh ar fáil don phobal, rud a fhágann, ag féachaint ar chuspóirí an Chonartha, gur cuspóir i bhfad uainn an trédhearcacht a bhaint amach.

Mhol an Chomhdháil freisin go ndéanfaí tuilleadh plé faoi chleachtais náisiúnta maidir le foréigean inscnebhunaithe a chosc agus a ghleic i meithleacha CTA (a mbeidh pointe fócasach inscne ag gach ceann acu), agus d'iarr sí go ndéanfaí machnamh ar bhunachar sonraí acmhainní a bhunú laistigh de shuíomh gréasáin CTA.

Le linn na Comhdhála, bhí an tAontas i láthair agus an-infheicthe; thug sé seacht ráiteas maidir leis na hábhair uile (ábhar na huachtaránachta — comhar idirghníomhaireachta, díospóireacht ghinearálta, cur chun feidhme éifeachtach na gconarthaí, uiliú, trédhearcacht agus tuairisciú, Rúnaíocht, ranníocaíochtaí airgeadais), leag sé béim ar a thacaíocht láidir do chur chun feidhme agus d'uiliú éifeachtach CTA, agus d'iarr sé ar na Stáit uile staonadh ó airm a aistriú chuig an Rúis. Tríd is tríd, aithníodh ról suntasach an Aontais sa Chonradh, go príomha ag tíortha a bhain tairbhe as cláir for-rochtana agus Rúnaíocht CTA a chuireann tionscadail arna gcistiú ag an Aontas chun feidhme. Ina theannta sin, rinne sé urraíocht ar dhá imeacht ar an imeall: (1) imeacht amháin maidir le Clár Tacaíochta Cur Chun Feidhme CTA an Aontais, arna heagrú ag a ghníomhairí cur chun feidhme – Expertise France agus Oifig Cónaidhme na Gearmáine um Ghnóthaí Eacnamaíocha agus Rialú Onnmhairiúcháin (BAFA) agus (2) imeacht eile faoin gcóras bailíochtaithe um bainistiú arm agus armlón, tionscadal Aontasmhaoinithe arna chur chun feidhme ag Lárionad Idirnáisiúnta na Ginéive um Dhímhianú Daonnúil – Foireann Chomhairleach um Bainistiú Arm.

2. Clár Tacaíochta Cur Chun Feidhme CTA an Aontais

Tá an beart cúnaimh chun tacú le Fórsaí Armtha Phoblacht Mhailí i gcomhar le Misean Oiliúna an Aontais Eorpaigh i Mailí (EUTM Mali) fós ar fionraí go hiomlán mar a chinn an Coiste Polaitiúil agus Slándála an 30 Bealtaine 2023. Leis sin, bhíothas in ann na cistí gaolmhara a úsáid le haghaidh bearta cúnaimh eile in 2023, go háirithe i mBeinin, i nGána agus chun tacú le hArm Náisiúnta na Somáile.

An cineál tacaíochta: níor seachadadh aon trealamh ná bonneagar.

1.2.2. **Mósaimbíc**

Tar éis bhunú EUTM Mhósaimbíc an 12 Iúil 2021, d'fhormheas an Chomhairle beart práinneach EUR 4 mhilliún an 30 Iúil 2021, agus an 19 Samhain 2021 ghlac sí Cinneadh (CBES) 2021/2032 lena mbunaítear beart cúnaimh EUR 40 milliún chun tacú le cúig aonad mhíleata arna gcur faoi oiliúint ag EUTM Mhósaimbíc. An 21 Aibreán 2022, ghlac an Chomhairle Cinneadh (CBES) 2022/668 maidir le méid tagartha an bhirt cúnaimh a mhéadú EUR 45 mhilliún chun aghaidh a thabhairt ar riachtanais an aon aonaid déag ar fad atá le hoiliúint. Is ionann an tacaíocht iomlán do Mhósaimbíc faoin mbeart cúnaimh sin agus EUR 89 milliún.

Leis an tacaíocht sin, bhí na haonaid thuasluaite in ann na hacmhainneachtaí riachtanacha agus inbhuanaithe a fhorbairt chun sábháilteacht agus slándáil a athbhunú i gcúige Cabo Delgado i dtuaisceart Mhósaimbíc, rud a d'fhág go raibh gníomhaireachtaí cuntasacha forfheidhmithe dlí ann chun an pobal sibhialta a chosaint, agus chun struchtúir chuntasacha Stáit a sholáthraíonn a gcuid seirbhísí ar fud Cabo Delgado a thabhairt ar ais. Soláthraítear trealamh go heisiach d'aonaid a gcuireann EUTM Mhósaimbíc oiliúint orthu.

An cineál tacaíochta: trealamh pearsanta agus comhchoiteann, sócmhainní soghluaisteachta ar talamh, feistí teicniúla agus ospidéal machaire.

1.2.3. **Ruanda**

An 1 Nollaig 2022, ghlac an Chomhairle Cinneadh (CBES) 2022/2354 ón gComhairle maidir le beart cúnaimh chun tacú le himscaradh Fhórsa Cosanta Ruanda (RDF) chuig Mósaimbíc le méid tagartha airgeadais EUR 20 milliún. An 18 Samhain 2024, ghlac an Chomhairle Cinneadh (CBES) 2024/2880 ón gComhairle chun leanúint den tacaíocht sin ar feadh bliain amháin eile le EUR 20 milliún breise.

Is fianaise í an tacaíocht sin ón tSaoráid Eorpach Síochána ar thacaíocht an Aontais do 'réitigh ón Afraic ar fhadhbanna na hAfraice' agus ar ionchur nithiúil lecomhrac domhanda na sceimhlitheoireachta.

Arna iarraidh sin d'údaráis Mhósaimbíc, agus chun tarraingt siar SAMIM a chúiteamh go páirteach, tá Ruanda tar éis dhá chathghrúpa RDF bhreise a imscaradh agus tá a limistéar oibríochtaí méadaithe aige. Faoi láthair, cumhdaítear ceantair Palma, Mocimboa da Praia, Macomia agus Ancuabe le himscaradh Ruanda.

Tá méadú ag teacht ar líon na n-ionsaithe atá á ndéanamh ag ceannaircigh ó tharraing SAMIM siar. Dá bhrí sin, tagann láithreacht bhreise RDF ag tráth cinniúnach ó thaobh folús slándála a sheachaint, ag tógáil ar an dul chun cinn suntasach atá déantago dtí seo. Is minic a mholann údaráis Mhósaimbíc an tacaíocht faoin tSaoráid Eorpach Síochána d'imscaradh RDF in Cabo Delgado.

Is é is cuspóir don bheart cúnaimh tacú leis na costais bhreise a bhaineann le himscaradh leanúnach aonaid RDF i gcúige Cabo Delgado go tuaisceart Mhósaimbíc chun cur leis na buanna críochacha agus oirbheartaíochta atá bainte amach acu go dtí seo, agus chun an méid sin a chosaint agus a choinneáil. Ba cheart go n-áiritheofaí leis sin slándáil agus cosaint na sibhialtach i gcúigí thuaidh Mhósaimbíc, agus go n-éascófaí filleadh gníomhaireachtaí forfheidhmithe dlí agus filleadh struchtúr cuntasach eile stáit lena soláthraítear seirbhísí ar mhaithe leis an bpobal.

TABLE A.I

The numbers in Table A.I are broken down per Member State, and per EU Common Military List category where (a) = number of licences issued; (b) = value of licences issued in euros; (c) = value of arms exports in euros (if available) ([1]); (d) = number of denials (discrepancies may appear between breakdowns and totals due to denials concerning more than one ML category or denials for items other than those appearing in the ML ([2])); and (e) = the number of the criterion of Common Position 2008/944 invoked to support the refusal (the approximate number of times each criterion is invoked is indicated between brackets).

Statistics are compiled differently by each Member State: no uniform standard is used. Consequently, owing to current procedures regarding arms export reporting or data protection legislation, not all countries have been able to submit the same information ([3]).

([1]) To make the table more readable, nil values and/or the mention 'not available' are omitted, and empty rows and columns are deleted.

([2]) In some instances, in accordance with the Common Position, denials issued for items which do not appear on the Common Military List (for example for license applications for transactions of dual-use items where intended military end-use has been identified) are included in the total.

([3]) **Austria**: with regard to items covered by the EU Common Military List, the Austrian law distinguishes between 'war material' (as stipulated in the Austrian War Material Act and Regulation) and 'equipment on the Common Military List not listed as war material' covered by the Austrian Foreign Trade Act. As to the value of actual exports by Military List Category (row c), figures may be inaccurate in particular as such data regarding equipment of the Common Military List not listed as war material is available to the competent authorities only after expiration or full utilisation of the individual export licence. Since some licences granted cover goods of more than one ML category per destination, these licences are counted multiple times, one for every ML category (row a). The total number of licenses quoted in this report therefore exceeds the actual number of licenses granted.
Belgium: the data that Belgium provides for this report is the aggregation of the data of its three regions (the Flemish, Walloon and Brussels-Capital Region) and of its federal government (which is competent for exports by the Belgian armed forces and the Belgian police). Because of differences in data collection and data processing between the competent authorities, Belgium is currently not able to provide data on actual exports (row c).
Czechia: rows a) and b) do not include General transfer licences and Global transfer licences pursuant to the Defence Transfer Directive (2009/43/EC), which could cover goods of more than only one ML Category and allow exports to more than only one Member State. In addition to that, some other licences issued cover goods of more than only one ML Category and their value is the total value of all covered goods. Due to this fact, these types of licences are not included in row b). The sums in rows c) are based on information provided by exporters and also contain actual exports made in 2024 based on licences issued in previous years.
Denmark: with regard to the value listed in row b) it should be noted, that values listed 'Value of export licences granted' relates to licences issued according to national legislation and the value of actual exports for licences issued as global licences (article 6 of the ICT directive), transfers undertaken in accordance with the general licences (article 5 of the ICT directive) and licences issued as individual licences (article 7 of the ICT directive), i.e. actual value of exports within EU and EEA. Some licences issued cover goods of more than one ML Category. When reporting in row a), each time a licence concerns a ML category, it is counted as one single licence, so the sums in row a) and column 'Total per destination' do not always reflect the actual numbers of licences granted, but a slightly higher number. The Danish currency (DKK) or other currencies are where relevant converted to EUR using the common exchange rate.
Estonia: licences covering more than one ML category and/or destination are reported under 'multiple destinations' (country). Goods which Estonia is judging to be military goods (national listing), but which are not on the EU Common Military List are reported as EST1 (ML1 or ML2) or EST2 (ML1 or ML2) or EST3 (ML1 or ML3). The total number of licences quoted in this report therefore differs from the actual number of licences issued. Data does not include actual exports.
Finland: licences covering more than one ML category and/or destination are counted one for every ML category per destination country. Therefore, the total number of licences presented in this report exceeds the actual number of licences issued. Data on licences issued also includes export licences to UN-Mandated or Other International Missions.
France: France requires its defence companies to obtain a licence from the early stages of market prospection. The licence should indicate the potential of the transaction. Any operation, starting from the negotiation stage, requires obtaining a licence: transmission of documentation, demonstrations, participation in calls for tenders, etc.
Germany: some licences issued cover goods of more than one ML Category (e.g. one licence for the export of rifles and their ammunition). In reporting in table A.I., each time a licence concerns an ML category, it is counted as one single licence, so the sums in rows a) and column 'Total per destination' do not always reflect the actual numbers of licences granted, but a slightly higher figure (i.e. the number of times a ML category has been affected by a licence for that destination). Germany is not in a position to report the value of actual exports of military goods other than war weapons as no reliable data on this matter is available. In particular, it is not possible to rely on data regarding write-offs from licences that customs authorities gather, because the national or EU lists of military goods and the nomenclature of the Harmonized System used by custom authorities are not congruent. Further, in accordance with rules of the Union Customs Code, there is no reporting requirement for transfers of goods to other EU Member States. This data would therefore lead to an incomplete and unreliable reporting on actual exports of military goods.
Hungary: data provided includes figures of general, global and individual export licences. Transfers of military equipment to Hungarian forces deployed in various missions (table A.II) are not considered regular foreign trade transactions.
Ireland: values in row b) relate to individual export licences issued. Values in row c) relate to actual exports reported by exporters with global licences issued under the ICT directive. As the value of global licences is not always visible ('unlimited value') figures will occur only in row c) and not b). Global licences contain multiple destinations and multiple ML categories, with exports to each destination and category counted as a single licence. Values listed in row a) therefore do not reflect the actual number of licences issued but a slightly higher figure.

The User's Guide stipulates that the value of actual exports shall be provided if available. Belgium, Cyprus, Denmark, Germany, Greece and Ireland do not provide the value of actual exports; no aggregation is therefore reported at the EU level.

With regard to the use of global and general licences notably applied to intra-EU transfers pursuant to Directive 2009/43/EC, it is important to note that the actual value of arms transfers and exports under global and general licences is generally reported by EU Member States. This is however dependant on the Member States' ability to report on actual values as described above and to possible additional national specificities as explained in footnote 30.

Data are reported in euro, converted from national currency in case a Member State does not have the euro as national currency. Bear in mind possible exchange rate fluctuations between data collection and consultation of the data.

It is important to bear in mind that exports to destinations subject to EU arms embargoes comply with the terms, conditions and possible exceptions set out in the decisions imposing such embargoes. The full list and details of embargoes are available at https://www.sanctionsmap.eu.

Exports to UN mandated or other international missions are reported on in Table A.II.

Latvia: data provided includes figures of individual, global and general export licences. Data might include also export licences for goods after repair and maintenance. Latvia is not providing data on actual exports because it is not possible for customs authorities to gather precise report on actual exports in a reasonable manner, especially on global transfer licences.
Lithuania: data provided includes figures of individual, global and general export licences, data also include actual exports. Licences covering more than one ML category and/or destination are counted one for every ML category per destination country. Therefore, the total number of licences presented in this report exceeds the actual number of licences issued. Due to national security concerns, some information on actual values of arms exports (row c) was excluded from the report.
Netherlands: as values of global licenses cannot always be attributed to individual countries, the value of those global licenses has been added to the total value of 'multiple destinations'. The figures on actual exports are based on information provided by the exporters in 2024 and may reflect exports based on a license issued in a previous year. Although much care has been given to the collection of the data on actual exports, the actual exports figures for 2024 may be higher than the values quoted in this report. Some licences cover goods of more than one ML category. Each time a licence concerns an ML category, it is counted as one single licence. Therefor the sum in row 'Number of Export Licenses' does not always reflect the actual number of licences granted, but a slightly higher figure.
Poland: the license values provided in row b) refer to individual licenses, global licenses issued in a given year for a period of up to 3 years, and national general licenses. The actual values of transfers, provided in the row c), are related to the individual, global and national general licences. Data from rows a), b) and c) do not include temporary transfers.
Portugal: data provided includes figures of export transactions (definitive and temporary) covered by general, global and individual export licences. Some licences cover goods of more than one ML category and destination, so each time a licence concerns an ML category or destination, it is counted as one single licence, so the sum in row 'Number of Export Licenses' does not always reflect the actual number of licences granted, but a slightly higher figure. As the value of General and Global licences is not always visible ('unlimited value') figures will occur only in row c) and not b). Data provided does not include figures of export transactions of civilian firearms (for personal protection, hunting, sporting).
Romania: data provided includes figures of general, global and individual export licences. Global and general licences cannot always be attributed to an individual military list category ML or an individual country. Therefore, the figures on number of licences issued (row a) could be slightly higher. Also, on grounds of national security interests, information on certain sensitive exports was not included in the 2024 report.
Slovenia: data provided includes figures of one general, (ML6), 4 global (ML1, ML3, ML16 and ML18) and individual export licences. The value of some licences was 0, because weapons and military equipment/defence-related products were exported for the purpose of testing and evaluation, or warranty claim. Four (4) global transfer licences were granted to Slovenian companies in 2024 for a period of three years.
Slovakia: data provided includes some licences, which cover more than one ML category. Therefore values in row a) are thoroughly recorded, but values in row b) and row c) can have slightly different values. Exhibitions and presentations: Austria, Belgium, Czechia, Finland, France, Germany, Hungary, Indonesia, Israel, Malaysia, Norway, Poland, Romania, Saudi Arabia, Sweden, United Arab Emirates, United Kingdom, United States of America. Remark related to Ukraine: due to national security interests export to Ukraine and Israel will be reported later. On grounds of national security interests, information on certain sensitive exports was not included in the 2024 report.
Spain: data provided includes figures of general, global and individual export licences as well as global project export licences. Values in rows a) b) include values on temporary and definitive licences. Values in row c) include only values on definitive licences.
Sweden: the SEK to EUR conversion reflects the average exchange rate for 2024 of 11,43 Swedish krona per Euro. Licences covering more than one ML category and/or destination have been counted multiple times, one for every ML category per country of destination. The total number of licences quoted in this report therefore exceeds the actual number of licences issued.

Development of a brochure to raise awareness on the ATT

Remote assistance, 2024 – Expertise France

Cameroonian authorities expressed the wish to have a brochure for internal use to raise awareness on ATT provisions and activities already organized to support Treaty implementation. They underlined that sensitization and advocacy efforts were required internally to ensure buy-in by all stakeholders and decision-makers. The brochure aimed at: raising awareness on ATT and its provisions among all stakeholders in Cameroon, both at working and political levels; taking stock of efforts already made, including with EU/Expertise France support, and making sure that they are sustainable on the longer-term; recalling implementation efforts already undertaken by Cameroon and the importance of all stakeholders' involvement, including information sharing for reporting purposes; recalling the importance of national coordination to facilitate the implementation of the Treaty. The brochure is 6-pages long in A5 format (with photos). The brochure has been printed in 600 copies (400 in French and 200 in English – NB: Cameroon is a bilingual country). It includes three parts: one part recalling the ATT fundamentals: its objectives, scope and main provisions; a second recalling the activities and workshops organized within the framework of the Cameroon-EU partnership; a third providing an outlook on future activities.

Colombia

3rd National Assistance Workshop for Colombia

In-person (Bogotá), 11-12 December 2024 – BAFA

BAFA organised a workshop on licencing and interagency cooperation for Colombia in December 2024. The event was designed to provide Colombian officials with an overview of best practices from neighbouring states on their implementation of effective export control systems. This approach was chosen on the specific request of Colombia who, in addition to EU expertise, values input from regional actors who share common challenges and legal approaches. In total, 27 representatives of relevant Colombian authorities as well as four international experts from Argentina (2) and Brazil (2) participated in the event.

Costa Rica

Online National Assistance Workshop for Costa Rica

Online, 22 & 24 April 2024 – BAFA

BAFA organised an online workshop on the foundations of the ATT for Costa Rica in April 2024. The online workshop conducted over the course of two days via Zoom was designed to familiarize new agency employees with the Treaty, providing insights into its history, obligations - including reporting requirements - and broader arms export control frameworks. The sessions emphasised key aspects of the ATT, its intersections with regional agreements, Germany's military export licensing system, and the applicable control lists guiding this regulatory process. In total, 17 representatives of relevant Costa Rican authorities as well as four international experts from Mexico (1), Germany (2), and the Organization of American States – OAS (1) participated in the event.

2nd National Assistance Workshop for Costa Rica

In-person (San José), 23-24 July 2024 - BAFA

BAFA organised a workshop on licencing and interagency cooperation for Costa Rica in July 2024. This in-person activity built on the results of the initial online introductory workshop, delving more deeply into the technical implementation of export controls. It also reviewed the reporting obligations of ATT States Parties. A key objective was to support the national focal point in familiarising new staff with the obligations of the ATT, which necessitated revisiting foundational topics. In total, 29 representatives of relevant Costa Rican authorities as well as three international experts from Mexico, France, and Hungary participated in the event.

Guyana

Compliance with ATT provisions on Gender-based Violence & Gender Action Plan in the Republic of Guyana

Remote assistance, December 2024 – Expertise France

Expertise France, in the framework of the third phase of the ATT OP (2022-2025), aims at partnering with the Ministry of Home Affairs to support the Republic of Guyana in strengthening its capacities to comply with ATT provisions on gender-based violence (Article 7.4) and with the broader CSP5 decision and recommendations on Gender and Gender-based Violence (GBV). The project consists of two components: first, a questionnaire was developed to assist Guyana authorities in the assessment of overall compliance with CSP5 decisions and recommendation on gender and GBV. The survey aims to fill, through its questions, knowledge, information sharing and reporting gaps, highlighting possible good practices. The survey was intended to: understand where Guyana stands regarding overall implementation of gender and GBV commitments arising from CSP5; develop practical goals to progressively meet ATT-related gender and GBV criteria; identify potential areas for licensing officials or other for follow up assistance. On 19 December 2024, such a questionnaire was sent to the ATT focal point in Guyana. It is a compendium that draws from some of the questionnaires that different states and NGOs have put together on the topic in the past. This is to enable Guyana to compare their results to the global averages as detailed in some of the reports by ATT stakeholders. It will also allow Guyana to participate in conversations on this topic that are scheduled to take place within the Working Group on Effective Treaty Implementation of the ATT review process. Another useful dimension of the questionnaire is the potential good practices in preventing arms-related GBV that Guyana would like to share. Two highly specialised experts on GBV and the ATT were commissioned from Expertise France pool of international experts (from the *Small Arms Survey*) to prepare the document.

Liberia

Train the Trainers Capacity building workshop to promote effective implementation of the ATT in Liberia: Preventing Diversion

Hybrid (Monrovia – online), 17 & 18 December 2024 – Expertise France

The Liberia National Commission on Arms (LiNCA) and Expertise France sought to strengthen the organizational capacities of key implementing agencies and selected border community dwellers, provide public education and civic awareness on relevance of ATT implementation as well as improve border management to prevent diversion and trafficking by the conduct of a Train the Trainers (TTT) capacity building hybrid workshop. The TTT workshop provided participants with practical knowledge to prevent and to fight against diversion of conventional arms according to the ATT relevant provisions. It was divided into three sections: Session 1: The Arms Trade Treaty: diversion and implementation of ATT core provisions in Liberia; Session 2: Diversion prevention - rationale and methods; Session 3: Diversion at specific entry points. Diversion challenges in Liberia and the ECOWAS region were addressed. Diversion risks and threats were detailed all along the transfer chain: Pre-transfer (risk assessment), during transfer; post-delivery; information sharing. Effective techniques to manage diversion risks and prevent diversion were discussed, including at airports and maritime ports.

Madagascar

Support to the finalization of Madagascar's draft law on arms

Remote assistance, February - September 2024 – Expertise France

This activity aimed at facilitating the finalization of Madagascar's draft law on arms. Though Madagascar ratified the ATT in 2016, it has yet to internalize the Treaty's main provisions. The only existing law on arms in Madagascar dates from 1969. The main objectives of the Law's review were to: make sure that relevant provisions of the ATT were covered, in particular with regards to arms transfers; make sure relevant internal coordination mechanisms are established (see separate activity on the establishment of a National Commission on Arms); provide, when relevant, comment on other aspects of the Law, including conformity with other international instruments such as the UN Program of Action on Arms. The activity was conducted through online exchanges. Experts from Expertise France provided advice, comments and recommendations on the improvement and finalization of the draft text. The text is expected to be adopted by Madagascar's National Assembly early 2025. It was initially expected to be adopted in 2024, but the National Assembly's calendar of activities eventually proved to be too busy for the text to be considered during its fall 2024 session.

Support to the finalization of Madagascar's decree on the establishment of a National Commission on Arms

Remote assistance, February - September 2024 – Expertise France

In spring 2024, Expertise France supported the finalization of a draft law regulating arms and arms transfers in line with ATT provisions. A number of implementing decrees are planned to be adopted as complements to the Law on arms. One of the decrees shall establish a body coordinating national action on arms, including arms transfers: the National Commission on arms (*in French, the Commission Nationale de Madagascar sur les armes or "CONAMAD"*).

This activity aimed at making sure Madagascar has an efficient coordination mechanism on issues related to arms, including arms transfers. More precisely, the review of the decree aimed at: making sure the National Commission will be in a position to coordinate national policies on arms and arms transfers, in line with provisions of the ATT (transfers, reporting, record-keeping, etc.) and, when required, other international instruments such as the UN Programme of Action on Small Arms and Light Weapons; providing advice on the relevant structure, composition and mandate of the Commission; taking into account lessons learned from existing National Commissions, particularly in sub-Saharan Africa. The activity was conducted through online exchanges. Experts from Expertise France provided advice, comments and recommendations on the improvement and finalization of the draft decree. The decree is expected to be adopted after the adoption of the Law on arms, in the first half of 2025.

Workshop to initiate the elaboration of a National Control List

In-person (Antananarivo), 18 & 19 December 2024 - Expertise France

The workshop aimed at initiating the elaboration of Madagascar's National Control List (NCL). More precisely, it aimed at: discussing key obligations, concepts, and actors to facilitate the elaboration of the NCL; sharing good practices from countries having already developed a NCL (France, EU, Benin); designing and adopting a calendar of activities for the elaboration of the NCL. About 30 individuals from various national institutions participated (Prime Mister office, Ministry of Foreign Affairs, of Armed Forces, of Interior, of Justice, Police, Gendarmerie, Customs, etc.). This included representatives of Madagascar's working group on arms – ie. the embryo for the future National Commission on arms ("COMADA"). This group has played a leadership role in the development of the draft national law on arms and is expected to do the same for the upcoming NCL. Participants adopted a calendar of activity for the elaboration of the NCL by mid-2025. On the basis of the expertise developed during the workshop, national stakeholders are expected to develop a draft which will be reviewed by Expertise France's experts.

Peru

Binational Workshop for Peru and Ecuador

In-person (Tumbes), 4-5 April 2024 – BAFA

BAFA organised a workshop on enforcement and the specific role of customs for Peru and Ecuador in April 2024. The selection of Tumbes, a Peruvian town close to the border with Ecuador, was based on the partner country's explicit wish for the event to facilitate enhanced cross-border cooperation with Ecuadorian counterparts. Secondly, the workshop was designed to promote ATT adoption in Ecuador, a non-State Party to the ATT, and Treaty universalisation within the region. As the workshop also focused on the coordination and cooperation of the two nations in the field of the control of conventional weapons, especially SALW and their illicit trafficking, the involvement of local border officials proved vital to its effort. In total, 24 Peruvian and 11 (online) Ecuadorian representatives of relevant national authorities as well as two international experts from Mexico and Spain participated in the event.

Senegal

Support to the finalization of Senegal's National Commission's plan of action on Small arms and light weapons (SALW)

Remote assistance, 1st semester 2024 – Expertise France

Senegal requested Expertise France to support the finalization of its National Action Plan (NPA) on SALW to be implemented under the coordination of the National Commission. More precisely, in agreement with Senegal's National Commission, Expertise France's review of the document aimed at: ensuring the NPA covers all relevant activities, including arms transfers, in line with Senegal's obligations under the ATT (e.g. reporting, record-keeping; adoption by the Parliament of the draft law on arms is included as a key aspect of the NPA); making sure the NPA includes a cohesive and realistic calendar of activities; applying a "Monitoring and Evaluation"-type of approach to include actionable actions with the possibility to clearly assess progress made in the Plan implementation; making sure the NPA is developed through appropriate national consultation mechanisms, in line with the ECOWAS provisions; inserting the NPA into broader national strategies (e.g. The 2030 Plan "*Sénégal Emergent*").

Thailand

2nd National Assistance Workshop for Thailand

In-person (Bangkok), 13-14 March 2024 – BAFA

BAFA organised a workshop on interagency cooperation and enforcement for Thailand in Bangkok in March 2024. The workshop aimed to raise awareness among Thai national stakeholders responsible for the national implementation of the ATT provisions, strengthen inter-agency cooperation structures, and enhance the capacity of Thai customs and other enforcement officials. To illustrate the latter point, a site visit was organized to the Port of Bangkok on the second day of the workshop. The site visit featured presentations by customs officials on clearance procedures, risk assessment and customs control procedures, including physical inspections. In total, 27 representatives of relevant Thai authorities as well as four international experts from the Philippines (1), the United Kingdom (2), and Small Arms Survey (1) participated in the event.

Union of the Comoros

Workshop on the drafting of a draft law on arms and the establishment of a national coordination mechanism

Hybrid (Moroni - online), 13 June 2024 – Expertise France

In April 2024, Expertise France experts reviewed and provided comments on a first draft of the Law on arms prepared by the Comoros Commission on the ATT. While this was not initially envisaged, the Comoros also intends to take the opportunity of this Law to establish a national coordination entity, following models of the National Commission on SALW existing in many African countries (especially West Africa). It is envisaged that the recently established Commission on the ATT become this permanent coordination organ. Co-organized with the Comoros Commission on the ATT, the workshop had two main objectives: discussing the draft of the Law. The workshop was an opportunity for members of the Comoros Commission to get clarifications on the comments and suggestions made by experts from Expertise France during the first review of the text; discussing national coordination on arms and the modalities of establishing a national coordination entity.

17 Members of the Commission on the ATT, all involved in the preparation for both the Law on Arms and the ratification Law, participated in the workshop. Regarding national coordination, experts from France and Benin shared their national experiences. Participants were briefed on the importance of the following aspects when designing coordination mechanisms: functions, composition, structure and budget. Comoros plans to create the coordination entity through the Law and define its details in a follow-up decree. The event received significant media coverage, including a report on the first national TV Channel (ORTC) in which the support from Expertise France and the EU was underlined.

Workshop to raise awareness on the draft law on arms

In-person (Moroni), 15 & 16 October 2024 – Expertise France

Between February and August 2024, Expertise France experts reviewed and provided comments on several drafts of the Law on arms prepared by the Comoros Commission on the ATT. The draft was also discussed during a hybrid workshop on 13 June 2024. The draft law domesticates some of the key provisions of the ATT, including the establishment of a national control regime for arms transfers. It also includes provisions on arms possession by Comorian citizens, fulfilling a gap in national legislation. Co-organized with the Comoros Commission on the ATT, this workshop had two main objectives: finalizing the Law and formally submitting it to the Government; raising awareness on the content of the Law with key stakeholders from the Comoros. Ultimately, the workshop shall facilitate the adoption of the Law by the National Parliament the end of year. The Comoros will have then started implementing the ATT before ratification. Participation of the Comoros' Ministry of Interior in the workshop, confirmed the strong political commitment of the national authorities in rapidly adopting a Law on arms and ratifying the ATT. Expertise France will continue to support these objectives.

This newsletter provides an update on current activities, political, diplomatic, and institutional developments relating to the ATT, and the latest research on export controls and conventional arms control.

3. **Council Decision (CFSP) 2023/2296 on Union support for activities of the ATT Secretariat in support of the implementation of the Arms Trade Treaty**

Implemented by: ATT Secretariat

Council Decision (CFSP) 2023/2296 provided resources for activities to support States Parties in strengthening their arms transfer control systems and reinforcing the institutional capacity of the ATT Secretariat. Building on this foundation, the European Union continues its commitment to supporting ATT implementation under Council Decision (CFSP) 2023/2296, focusing on enhancing training capacity, improving compliance with ATT reporting obligations, and facilitating international assistance mechanisms. The text below summarizes the activities undertaken from January to November 2024 as part of the ongoing implementation of the project.

Project 1: Expert Roster (Train the Trainers)

The objective of Project 1 is to develop a sustainable cadre of national and regional ATT experts who can provide technical support and training at the national and regional levels, reducing reliance on international consultants and improving the quality of ATT implementation assistance.

Following the development of the ATT training programme and supporting materials (i.e. the ATT Implementation Manual and the Guide for Trainers) in the previous EU-funded phase, the ATT Secretariat organized the first regional "Train the Trainers" workshop in **Bangkok, Thailand, from 08 to 12 July 2024**, focusing on enhancing the capacity of national experts. 13 participants received practical tools and guidance to strengthen their ability to deliver training and advisory services on ATT implementation.

Looking ahead, **four additional regional workshops are scheduled for 2025**, targeting experts in **Latin America and the Caribbean, West Africa, and Southern Africa.** These workshops will consolidate the project's progress towards meeting its overall target of training **105 national and regional experts** by the end of 2025.

Additionally, the ATT Secretariat conducted an individual outreach call to national or regional experts who had been trained during the previous 'Train the Trainers' workshops. The call was aimed at inviting an expert to serve as an ATT regional expert during the workshops, encouraging their active participation and reinforcing their important role in supporting treaty implementation at the regional level.

Project 2: Enhancing ATT Reporting Obligations and Compliance

This project aims to improve States Parties' understanding of ATT reporting requirements and strengthen compliance with ATT reporting obligations. To achieve this, two regional practical reporting workshops were successfully conducted:

— **Swakopmund, Namibia (10–13 June 2024):** focused on strengthening reporting practices for Southern African States.

— **Nassau, The Bahamas (30 September–3 October 2024):** designed to enhance ATT reporting compliance among Caribbean States.

These workshops provided States Parties with practical guidance on completing ATT reports, facilitated peer learning on reporting challenges, and introduced tools developed by the ATT Secretariat to support compliance efforts. **A total of 36 participants** were trained during these sessions, with two additional workshops planned in **Latin America and Asia Pacific in 2025**.

Furthermore, the ATT Secretariat finalized a **voluntary guidance document** designed to assist States Parties in organizing national activities aimed at improving ATT reporting. This document has been translated into multiple languages to ensure accessibility for all States Parties.

Project 3: Strengthening the Matching Mechanism for International Assistance

Project 3 seeks to enhance the ability of States Parties to request and receive international assistance through the development and maintenance of the **Needs and Resources Matching Database**. This database serves as a formal mechanism for linking offers of support with requests for assistance within the ATT framework.

— A **targeted communication campaign** was launched to raise awareness among National Points of Contact (NPCs) regarding the availability and functionality of the database.

— As a result, **22 requests and 5 offers for assistance** were recorded in the database by November 2024.

— The database's usability was improved through **technical refinements and user feedback integration**, ensuring a more effective and accessible platform for States Parties.

The ATT Secretariat continues to engage with States Parties to encourage the active use of the database and facilitate matches between offers and requests for ATT-related assistance. While no matches had been recorded by the end of the reporting period, ongoing efforts are aimed at increasing participation and operationalizing the system as an effective tool for international cooperation.
