ANNEX

1. The overstamping must be done in such a way that the oval stamp defined in Annex I, Chapter X, number 49 of Directive 64/433/EEC is covered by a diagonal cross consisting of two straight lines crossing at right angles, with the point of intersection in the centre of the stamp and the information thereon remaining legible.

2. The marks mentioned in paragraph 1 may also be made with a single stamp which will be an oval stamp 6,5 cm long and 4,5 cm broad; the following information must appear on the mark in perfectly legible characters:

   — on the upper part, the name of the exporting country in capitals,

   — in the centre, the veterinary approval number of the slaughterhouse,

   — two straight lines crossing the stamp diagonally, intersecting at right angles at the centre of the stamp in such a way that the information is not obscured.

   The letters must be 0,8 cm high and the figures 1 cm high.

   The stamp may also carry information whereby the veterinarian who inspected the meat may be identified.
