UITVOERINGSBESLUIT (EU) 2025/180 VAN DE COMMISSIE

van 24 januari 2025

tot wijziging van Uitvoeringsbesluit (EU) 2024/2207 betreffende bepaalde noodmaatregelen in verband met schapen- en geitenpokken in Griekenland

(Kennisgeving geschied onder nummer C(2025) 653)

(Slechts de tekst in de Griekse taal is authentiek)

(Voor de EER relevante tekst)

DE EUROPESE COMMISSIE,

Gezien het Verdrag betreffende de werking van de Europese Unie,

Gezien Verordening (EU) 2016/429 van het Europees Parlement en de Raad van 9 maart 2016 betreffende overdraagbare dierziekten en tot wijziging en intrekking van bepaalde handelingen op het gebied van diergezondheid ("diergezondheidswetgeving") ([1]), en met name artikel 259, lid 1,

Overwegende hetgeen volgt:

(1) Schapen- en geitenpokken is een infectieuze virale ziekte bij geiten en schapen die ernstige gevolgen kan hebben voor de betrokken dierpopulatie en de rentabiliteit van de landbouw, en die de verplaatsingen van zendingen van die dieren en producten daarvan binnen de Unie en de uitvoer naar derde landen kan verstoren.

(2) Bij een uitbraak van schapen- en geitenpokken bij geiten of schapen bestaat een ernstig risico op verspreiding van die ziekte naar andere inrichtingen waar geiten of schapen worden gehouden.

(3) Gedelegeerde Verordening (EU) 2020/687 van de Commissie ([2]) vormt een aanvulling op de regels voor de bestrijding van de in de lijst opgenomen ziekten als bedoeld in artikel 9, lid 1, punten a), b) en c), van Verordening (EU) 2016/429 en gedefinieerd als ziekten van categorie A, B en C in Uitvoeringsverordening (EU) 2018/1882 van de Commissie ([3]). Met name voorzien de artikelen 21 en 22 van Gedelegeerde Verordening (EU) 2020/687 in de instelling van een beperkingszone in geval van een uitbraak van een ziekte van categorie A, waaronder schapen- en geitenpokken, en in de instelling van bepaalde maatregelen die in die beperkingszone moeten worden toegepast. Artikel 21, lid 1, van die gedelegeerde verordening bepaalt dat de beperkingszone een beschermingszone, een bewakingszone en, indien nodig, extra beperkingszones rond of naast de beschermings- en bewakingszones omvat.

(4) Om uitbraken van schapen- en geitenpokken in Griekenland te bestrijden, heeft de Commissie Uitvoeringsbesluit (EU) 2024/2207 ([4]) op basis van artikel 259 van Verordening (EU) 2016/429 vastgesteld. Dit besluit bevat bepaalde noodmaatregelen in verband met schapen- en geitenpokken in Griekenland. Meer in het bijzonder is in Uitvoeringsbesluit (EU) 2024/2207 bepaald dat de naar aanleiding van uitbraken van die ziekte overeenkomstig Gedelegeerde Verordening (EU) 2020/687 door die lidstaat in te stellen beschermings-, bewakings- en extra beperkingszones ten minste de gebieden moeten omvatten die in de lijst in de bijlage bij dat uitvoeringsbesluit zijn opgenomen.

([1]) PB L 84 van 31.3.2016, blz. 1, ELI: http://data.europa.eu/eli/reg/2016/429/oj.

([2]) Gedelegeerde Verordening (EU) 2020/687 van de Commissie van 17 december 2019 tot aanvulling van Verordening (EU) 2016/429 van het Europees Parlement en de Raad wat regels voor de preventie en bestrijding van bepaalde in de lijst opgenomen ziekten betreft (PB L 174 van 3.6.2020, blz. 64, ELI: http://data.europa.eu/eli/reg_del/2020/687/oj).

([3]) Uitvoeringsverordening (EU) 2018/1882 van de Commissie van 3 december 2018 betreffende de toepassing, op de categorieën in de lijst opgenomen ziekten, van bepaalde regels voor de preventie en bestrijding van ziekten en tot vaststelling van een lijst van soorten en groepen soorten die een aanzienlijk risico vormen in verband met de verspreiding van die ziekten (PB L 308 van 4.12.2018, blz. 21, ELI: http://data.europa.eu/eli/reg_impl/2018/1882/oj).

([4]) Uitvoeringsbesluit (EU) 2024/2207 van de Commissie van 29 augustus 2024 betreffende bepaalde noodmaatregelen in verband met schapen- en geitenpokken in Griekenland (PB L, 2024/2207, 30.8.2024, ELI: http://data.europa.eu/eli/dec_impl/2024/2207/oj).

(5) Nadat Uitvoeringsbesluit (EU) 2024/2207 is vastgesteld, heeft Griekenland de Commissie in kennis gesteld van bijkomende uitbraken van schapen- en geitenpokken in inrichtingen waar schapen en geiten werden gehouden. Bijgevolg is de bijlage bij dat uitvoeringsbesluit verschillende keren dienovereenkomstig gewijzigd om rekening te houden met die bijkomende uitbraken.

(6) Sinds de laatste wijziging van Uitvoeringsbesluit (EU) 2024/2207 heeft Griekenland de Commissie in kennis gesteld van 19 nieuwe uitbraken van schapen- en geitenpokken in inrichtingen waar schapen en geiten werden gehouden in de regionale eenheden Evros, Magnesia, Rodopi, Xanthi, Etoloakarnania, Iraklion en Fokida.

(7) Om verdere verspreiding van de ziekte in Griekenland en de rest van de Unie of in derde landen te voorkomen, moeten daarom de gebieden die in de bijlage bij Uitvoeringsbesluit (EU) 2024/2207 voor Griekenland als beschermings-, bewakings- en extra beperkingszones zijn opgenomen, verder worden aangepast en moet de duur van de daar toe te passen maatregelen worden aangepast. Bijgevolg is het nodig om de lijst van beperkingszones en de duur van de daar toe te passen maatregelen in de bijlage bij dat uitvoeringsbesluit te wijzigen.

(8) De omvang van de beschermingszones, bewakingszones en extra beperkingszones en de duur van de daar toe te passen maatregelen moeten worden gebaseerd op de criteria van artikel 64, lid 1, van Verordening (EU) 2016/429 en de voorschriften van Gedelegeerde Verordening (EU) 2020/687, met inbegrip van de epidemiologische situatie ten aanzien van schapen- en geitenpokken in de door die ziekte getroffen gebieden en de algemene epidemiologische situatie ten aanzien van schapen- en geitenpokken in de door die ziekte getroffen lidstaat, alsmede het risiconiveau ten aanzien van de verdere verspreiding van de ziekte. Voor de duur van de maatregelen wordt ook rekening gehouden met de internationale normen van de Gezondheidscode voor landdieren van de Wereldorganisatie voor diergezondheid (WOAH). In de huidige situatie bestaat er een zeer hoog risico op verdere verspreiding van de ziekte, met name omdat volgens de door de bevoegde autoriteit verstrekte informatie voor de eerste keer uitbraken worden gemeld op het eiland Samothraki, in de regionale eenheid Evros en in de regionale eenheid Iraklion, op het eiland Kreta, wat erop wijst dat de ziekte ondanks de reeds genomen maatregelen nog steeds aanhoudt en zich verspreidt.

(9) Aangezien zich de afgelopen twee weken in Griekenland talrijke nieuwe uitbraken van schapen- en geitenpokken hebben voorgedaan, is het daarnaast nodig om de verplaatsing van schapen en geiten van het gehele grondgebied van Griekenland naar bestemmingen buiten Griekenland ten minste tot en met 15 februari 2025 te verbieden om de verspreiding van de ziekte naar de rest van de Unie en naar derde landen, alsmede ongerechtvaardigde handelsbelemmeringen te voorkomen.

(10) Gezien de huidige epidemiologische situatie in de Unie ten aanzien van schapen- en geitenpokken moet de periode waarin de maatregelen van Uitvoeringsbesluit (EU) 2024/2207 van toepassing zijn, tot en met 31 juli 2025 worden verlengd.

(11) De in dit besluit vervatte maatregelen zijn in overeenstemming met het advies van het Permanent Comité voor planten, dieren, levensmiddelen en diervoeders,

HEEFT HET VOLGENDE BESLUIT VASTGESTELD:

Artikel 1

Wijziging van Uitvoeringsbesluit (EU) 2024/2207

Uitvoeringsbesluit (EU) 2024/2207 wordt als volgt gewijzigd:

1) In artikel 3, punt e), wordt de datum “31 januari 2025” vervangen door “15 februari 2025”;

2) In artikel 4 wordt de datum “30 juni 2025” vervangen door “31 juli 2025”;

3) De bijlage wordt vervangen door de tekst in de bijlage bij dit besluit.

Artikel 2

Adressaat

Dit besluit is gericht tot de Helleense Republiek.

Gedaan te Brussel, 24 januari 2025.

Voor de Commissie
Olivér VÁRHELYI
Lid van de Commissie
