KOMMISSIONENS GENNEMFØRELSESFORORDNING (EU) 2022/1467

af 5. september 2022

om ændring af gennemførelsesforordning (EU) 2015/2378 for så vidt angår de standardformularer og elektroniske formater, der anvendes i forbindelse med Rådets direktiv 2011/16/EU, og listen over statistiske oplysninger, som medlemsstaterne skal fremsende med henblik på evaluering af nævnte direktiv

EUROPA-KOMMISSIONEN HAR —

under henvisning til traktaten om Den Europæiske Unions funktionsmåde,

under henvisning til Rådets direktiv 2011/16/EU af 15. februar 2011 om administrativt samarbejde på beskatningsområdet og om ophævelse af direktiv 77/779/EØF ([1]), særlig artikel 20, stk. 4,

ud fra følgende betragtninger:

(1) Direktiv 2011/16/EU blev ændret ved direktiv (EU) 2021/514 ([2]) for at forbedre de bestemmelser, der vedrører alle former for udveksling af oplysninger og administrativt samarbejde, ved at indføre obligatorisk automatisk udveksling af oplysninger, der indberettes af platformsoperatør.

(2) Kommissionens gennemførelsesforordning (EU) 2015/2378 ([3]) bør derfor tilpasses disse ændringer. Den automatiske udveksling af oplysninger i henhold til artikel 8ac, stk. 2, i direktiv 2011/16/EU bør ske ved hjælp af et elektronisk standardformat.

(3) I overensstemmelse med direktiv 2011/16/EU er det også nødvendigt at fastlægge de praktiske bestemmelser for registrering og identifikation af visse Indberettende Platformsoperatør i henhold til artikel 8ac, stk. 4.

(4) I henhold til artikel 8ac, stk. 6, i direktiv 2011/16/EU bør der oprettes et centralt register til registrering af de oplysninger, hvorom der skal underrettes i overensstemmelse med artikel 8ac, stk. 5, og som skal meddeles i overensstemmelse med bilag V, afdeling IV, afsnit F, punkt 2 og 4. Dette centrale register bør være tilgængeligt for de kompetente myndigheder i medlemsstaterne. Der bør anvendes en standardformular til meddelelse og registrering af sådanne oplysninger.

(5) I henhold til artikel 23, stk. 4, i direktiv 2011/16/EU skal medlemsstaterne fremsende en liste over statistiske oplysninger med henblik på evaluering af direktivet. Af hensyn til sammenhængen og retssikkerheden bør datoen, fra hvilken nærværende forordning finder anvendelse, være den samme som den anvendelsesdato, der er fastsat i artikel 2, stk. 1, andet afsnit, i direktiv (EU) 2021/514.

(6) Den Europæiske Tilsynsførende for Databeskyttelse er blevet hørt om foranstaltningerne i forordningen i overensstemmelse med artikel 42, stk. 1, i Europa-Parlamentets og Rådets forordning (EU) 2018/1725 ([4]).

(7) Foranstaltningerne i denne forordning er i overensstemmelse med udtalelse fra Udvalget for Administrativt Samarbejde på Beskatningsområdet —

([1]) EUT L 64 af 11.3.2011, s. 1.

([2]) Rådets direktiv (EU) 2021/514 af 22. marts 2021 om ændring af direktiv 2011/16/EU om administrativt samarbejde på beskatningsområdet (EUT L 104 af 25.3.2021, s. 1).

([3]) Kommissionens gennemførelsesforordning (EU) 2015/2378 af 15. december 2015 om gennemførelsesbestemmelser til visse bestemmelser i Rådets direktiv 2011/16/EU om administrativt samarbejde på beskatningsområdet og om ophævelse af gennemførelsesforordning (EU) nr. 1156/2012 (EUT L 332 af 18.12.2015, s. 1).

([4]) Europa-Parlamentets og Rådets forordning (EU) 2018/1725 af 23. oktober 2018 om beskyttelse af fysiske personer i forbindelse med behandling af personoplysninger i Unionens institutioner, organer, kontorer og agenturer og om fri udveksling af sådanne oplysninger og om ophævelse af forordning (EF) nr. 45/2001 og afgørelse nr. 1247/2002/EF (EUT L 295 af 21.11.2018, s. 39).

However, the use of the free form is recommended if the sending state cannot reliably identify and distinguish the different parts of the address. The user may want to use both formats e.g. if besides separating the logical parts of the address he also wants to indicate a suitable breakdown into print-lines by delimiters in the free text form. When "AssumedReporting" is set to "true", it means that another Reporting Platform Operator reported for the Reporting Platform Operator. Otherwise, this element must be set to "false".

This element is mandatory for Reporting Platform Operator and must not be provided for an Entity Seller.

By way of an example, Platform Z is operated by two Platform Operators: Platform Operator 1 (resident in jurisdiction 1) and Platform Operator 2 (resident in jurisdiction 2). In satisfying the reporting requirements, Platform Operator 1 has obtained assurances from Platform Operator 2 that it will fulfil the reporting obligations with respect to all of the Reportable Sellers of Platform Operator 1 in jurisdiction 2.

Platform Operator 1 will therefore provide its identification information and set the AssumedReporting element to "true" to notify its jurisdiction residence (jurisdiction 1) that it has relied on another Platform Operator to fulfil the reporting requirements. Platform Operator 1 will also use the AssumingPlatformOperator element (discussed further below) to report to its jurisdiction (jurisdiction 1) identification information on Platform Operator 2, assuming the reporting obligation in the name of Platform Operator 1. Platform Operator 1 will not provide ReportableSeller element.

At the same time, Platform Operator 2 will use the AssumedPlatformOperator element (discussed further below) to report to its jurisdiction of residence (jurisdiction 2) identification information on Platform Operator 1, for which it has assumed reporting obligations, and complete the Platform Operator element for itself.
