of 15 June 2026

amending Decision 2014/145/CFSP concerning restrictive measures in respect of actions undermining or threatening the territorial integrity, sovereignty and independence of Ukraine

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on European Union, and in particular Article 29 thereof,

Having regard to the proposal from the High Representative of the Union for Foreign Affairs and Security Policy,

Whereas:

(1) On 17 March 2014, the Council adopted Decision 2014/145/CFSP ([1]).

(2) In its conclusions of 19 December 2024, the European Council reiterated its resolute condemnation of Russia's war of aggression against Ukraine, which constitutes a manifest violation of the Charter of the United Nations, and reaffirmed its continued support for Ukraine's independence, sovereignty and territorial integrity within its internationally recognised borders. The European Council stated that efforts to further limit Russia's ability to wage war must continue. It also expressed the Union's readiness to step up pressure on Russia, including by adopting further sanctions.

(3) In view of the continued and escalating aggression by the Russian Federation against Ukraine and in particular the recent brutal military campaign deliberately targeting civilian infrastructure, including energy, water and health facilities, which has caused severe suffering to the civilian population and seeks to undermine Ukraine's resilience, the Council considers it necessary to adopt further restrictive measures.

(4) In particular, the Council considers that 9 persons and 45 entities should be added to the list of persons, entities and bodies subject to restrictive measures set out in the Annex to Decision 2014/145/CFSP.

(5) Decision 2014/145/CFSP should therefore be amended accordingly,
