REGULATION (EEC) No 1365/73 OF THE COUNCIL

of 21 May 1973

supplementing, as regards cauliflowers and tomatoes, Regulation (EEC) No 228/73 laying down general rules for the system of compensatory amounts for fruit and vegetables

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty [1] concerning the Accession of new Member States to the European Economic Community and to the European Atomic Energy Community, signed on 22 January 1972, and in particular Article 62 (1) of the Act annexed thereto;

Having regard to the proposal from the Commission;

Whereas Article 65 of the Act provides for compensatory amounts to be fixed for fruit and vegetables in accordance with the conditions laid down in paragraph 1 of that Article; whereas Article 66 of the said Act lays down the criteria for fixing such amounts;

Whereas Regulation (EEC) No 228/73 [2] laid down general rules for the system of compensatory amounts for fruit and vegetables and fixed the said amounts for apples and pears;

Whereas application of those rules also entails fixing the compensatory amounts for cauliflowers and tomatoes;

Whereas, as regards cauliflowers, both the common basic prices and the producer prices notified by the new Member State concerned relate to products in a specific presentation; whereas the compensatory amount, which is based on those prices, can therefore be applied only to products in that presentation; whereas, for products in a different presentation, different compensatory amounts should be fixed, being obtained by applying conversion factors to the above compensatory amount; whereas these conversion factors, which are already applied in respect of market intervention, are fixed at a standard figure of 0·69 for cauliflowers with leaves and 1·24 for cauliflowers without leaves;

Whereas, as regards tomatoes, the prices notified by the new Member States relate to tomatoes grown under glass, which differ in certain respects from the tomatoes grown in the open, to which the basic price relates; whereas, for the purpose of calculating the compensatory amounts, a conversion factor, fixed on the basis of market prices recorded over several years at a standard figure of 0·55 should be applied in respect of the prices for tomatoes grown under glass;

HAS ADOPTED THIS REGULATION:
