KOMMISSION

RICHTLINIE DER KOMMISSION

vom 30. Januar 1979

zur zweiten Anpassung der Richtlinie 67/548/EWG des Rates zur Angleichung der Rechts- und Verwaltungsvorschriften für die Einstufung, Verpackung und Kennzeichnung gefährlicher Stoffe an den technischen Fortschritt

(79/370/EWG)

DIE KOMMISSION DER EUROPÄISCHEN GEMEINSCHAFTEN —

gestützt auf den Vertrag zur Gründung der Europäischen Wirtschaftsgemeinschaft,

gestützt auf die Richtlinie 67/548/EWG des Rates vom 27. Juni 1967 zur Angleichung der Rechts- und Verwaltungsvorschriften für die Einstufung, Verpackung und Kennzeichnung gefährlicher Stoffe (1), zuletzt geändert durch die Richtlinie 76/907/EWG der Kommission (2), insbesondere auf die Artikel 8a, 8b und 8c,

in Erwägung nachstehender Gründe:

Die Anlage I der Richtlinie 67/548/EWG enthält eine Liste der gefährlichen Stoffe mit den Einzelheiten der Kennzeichnung für jeden Stoff (Gefahrensymbol, Gefahrenhinweise und Sicherheitsratschläge).

Bei Überprüfung der Liste der gefährlichen Stoffe hat sich die Notwendigkeit gezeigt, sie dem neuesten Stand von Wissenschaft und Technik anzupassen, d. h. die Einstufung und Kennzeichnung bestimmter Stoffe zu ändern, neue Stoffe in die Liste aufzunehmen und zusätzliche Erläuterungen zu geben.

Die Anlagen III und IV der Richtlinie 67/548/EWG enthalten die besonderen Gefahrenhinweise (R-Sätze) und Sicherheitsratschläge (S-Sätze). Da bestimmte spezifische Gefahren jetzt besser bekannt sind und einige Sicherheitsratschläge genauer gefaßt werden müssen, erscheint es angebracht, die Anlagen III und IV zu ändern.

Die Bestimmungen dieser Richtlinie entsprechen der Stellungnahme des Ausschusses zur Anpassung der Richtlinien über die Beseitigung der technischen Handelshemmnisse bei gefährlichen Stoffen und Zubereitungen an den technischen Fortschritt —
