DIRECTIVA DA COMISSÃO

de 30 de Janeiro de 1979

que, pela segunda vez, adapta ao progresso técnico a Directiva 67/548/CEE do Conselho relativa à aproximação das disposições legislativas, regulamentares e administrativas respeitantes à classificação, embalagem e rotulagem das substâncias perigosas

(79/370/CEE)

A COMISSÃO DAS COMUNIDADES EUROPEIAS,

Tendo em conta o Tratado que institui a Comunidade Económica Europeia,

Tendo em conta a Directiva 67/548/CEE, do Conselho, de 27 de Junho de 1967, relativa à aproximação das disposições legislativas, regulamentares e administrativas respeitantes à classificação, embalagem e rotulagem das substâncias perigosas (1), com a última redacção que lhe foi dada pela Directiva 76/907/CEE, da Comissão (2) e, nomeadamente, os seus artigos 8º A, 8º B e 8º C,

Considerando que o Anexo I da Directiva 67/548/CEE contém uma lista das substâncias perigosas que inclui regras de rotulagem para cada substância (símbolos de perigo, natureza dos riscos e recomendações de segurança) ;

Considerando que o exame da lista das substâncias perigosas demonstrou a necessidade de a adaptar aos conhecimentos científicos e técnicos actuais ; que é necessário, em especial, alterar a classificação e a rotulagem de determinadas substâncias, e incluir novas substâncias e informações complementares na referida lista ;

Considerando que os Anexos III et IV da Directiva 67/548/CEE contêm indicações de riscos especiais (frases R) e de recomendações de segurança (frases S) ; que determinados riscos especiais estão actualmente identificados de modo mais preciso ; que certas recomendações de segurança devem ser expressas com maior clareza ; que, nestas condições, é conveniente alterar os Anexos III e IV ;

Considerando que as disposições da presente directiva estão em conformidade com o parecer do Comité para adaptação ao progresso técnico das directivas que visam a eliminação dos entraves técnicos ao comércio no sector das substâncias e preparações perigosas,
