TITLE I

GENERAL PROVISIONS

Article 1

Definitions

For the purposes of this Annex ([1]):

(a) "chapters", "headings" and "subheadings" mean the chapters, the headings (four-digit codes) and the subheadings (six-digit codes) used in the nomenclature which makes up the Harmonized System (HS);

(b) "classified" refers to the classification of a product or material under a particular heading;

(c) "competent public authority" refers to: customs authorities of the Member States of the European Union;

For Costa Rica, the *Promotora del Comercio Exterior de Costa Rica (PROCOMER)*, or its successor;

For El Salvador, the *Centro de Trámites de Exportación del Banco Central de Reserva (CENTREX/BCR)* for issuance of movement certificates EUR.1, verification of proofs of origin for exports and to grant the status of approved exporter; and *Dirección General de Aduanas (DGA) del Ministerio de Hacienda* for verification of proofs of origin for imports, or their successors;

For Guatemala, the *Dirección de Administración del Comercio Exterior del Ministerio de Economía* for issuance of movement certificates EUR.1, to grant the status of approved exporter and for verification of proofs of origin, or its successor;

For Honduras, the *Dirección General de Integración Económica y Política Comercial de la Secretaría de Estado en los Despachos de Industria y Comercio* for issuance of movement certificates EUR.1, to grant the status of approved exporter and for verification of proofs of origin, or its successor;

For Nicaragua, the *Centro de Trámites de las Exportaciones (CETREX) del Ministerio de Fomento, Industria y Comercio (MIFIC)* for issuance of movement certificates EUR.1, verification of proofs of origin for exports and to grant the status of approved exporter; and the *Dirección General de Servicios Aduaneros (DGA)* for verification of proofs of origin for imports or their successors; and

For Panama, the *Ministerio de Comercio e Industrias* for issuance of movement certificates EUR.1; and the *Autoridad Nacional de Aduanas* for verification of proofs of origin and to grant the status of approved exporter, or their successors;

(d) "consignment" means products which are either sent simultaneously from one exporter to one consignee or covered by a single transport document covering their shipment from the exporter to the consignee or, in the absence of such a document, by a single invoice;

([1]) Unless otherwise provided for in this Annex, all references made to Articles shall be understood to be referred to Articles of this Annex.

▼B

(e) "customs value" means the value as determined in accordance with the WTO Agreement on Implementation of Article VII of the General Agreement on Tariffs and Trade 1994 (hereinafter referred to as "Customs Valuation Agreement");

(f) "ex-works price" means the price paid for the product ex works to the manufacturer in the Party in whose undertaking the last working or processing is carried out, provided the price includes the value of all the materials used, minus any internal taxes which are, or may be, repaid when the product obtained is exported;

(g) "goods" means both materials and products;

(h) "manufacture" means any kind of working or processing, including assembly or specific operations;

(i) "material" means any ingredient, raw material, component or part, amongst others, used in the manufacture of the product;

(j) "product" means the product being manufactured, even if it is intended for later use in another manufacturing operation;

(k) "value of materials" means the customs value at the time of importation of the non-originating materials used, or, if this is not known and cannot be ascertained, the first ascertainable price paid for the materials in the Party;

(l) "value of originating materials" means the value of such materials as defined in (k), applied *mutatis mutandis*.

TITLE II

DEFINITION OF THE CONCEPT OF "ORIGINATING PRODUCTS"

Article 2

General requirements

1. For the purpose of implementing Title II (Trade in Goods) of Part IV of this Agreement, the following products shall be considered as originating in the European Union:

(a) products wholly obtained in the European Union within the meaning of Article 4;

(b) products obtained in the European Union incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in the European Union within the meaning of Article 5.

2. For the purpose of implementing Title II (Trade in Goods) of Part IV of this Agreement, the following products shall be considered as originating in Central America:

(a) products wholly obtained in Central America within the meaning of Article 4;

(b) products obtained in Central America incorporating materials which have not been wholly obtained there, provided that such materials have undergone sufficient working or processing in Central America within the meaning of Article 5.

▼B

Article 3

Cumulation of origin

1. Materials originating in the European Union shall be considered as materials originating in Central America when incorporated into a product obtained there. It shall not be necessary that such materials have undergone sufficient working or processing, provided they have undergone working or processing going beyond that referred to in Article 6.

2. Materials originating in Central America shall be considered as materials originating in the European Union when incorporated into a product obtained there. It shall not be necessary that such materials have undergone sufficient working or processing, provided they have undergone working or processing going beyond that referred to in Article 6.

3. Notwithstanding paragraphs 1 and 2, materials originating in Bolivia, Colombia, Ecuador, Peru or Venezuela shall be considered as materials originating in Central America when further processed or incorporated into a product obtained there ([1]).

4. In order for the products referred to in paragraph 3 to acquire originating status, it shall not be necessary that the materials have undergone sufficient working or processing, provided that:

(a) the working or processing of the materials carried out in Central America went beyond the operations referred to in Article 6;

(b) the materials were originating in one of the countries listed in paragraph 3, in application of rules of origin identical to those applicable if said materials were exported directly to the European Union; and

(c) the existing arrangements in force between Central America and the other countries referred to in paragraph 3 allow for adequate administrative cooperation procedures ensuring full implementation of this paragraph, as well as of certification and of verification of the originating status of the products ([2]).

5. The originating status of materials exported from one of the countries referred to in paragraph 3 to Central America to be used in further working or processing shall be established by a proof of origin under which these materials could be exported directly to the European Union.

6. Proof of the originating status, acquired under the terms of paragraph 4, of goods exported to the European Union shall be established by a movement certificate EUR.1 issued or an invoice declaration made out in the exporting

([1]) In case a country set out in this paragraph, no longer benefited from a preferential tariff treatment in the European Union market, preventing Central America from cumulating materials under this Article, the European Union shall take all measures compatible with its WTO obligations necessary to ensure that Central America maintains the same level of flexibility that it is entitled to under Article 3. After receiving a request under this provision the European Union shall, without undue delay, inform the affected Republics of the CA Party on actions taken in order to ensure continuation of cumulation possibilities provided for in this Article.

([2]) Arrangements referred to in this paragraph were complied with and notified to the European Union. The notification's reference was published on 29.05.2003 in OJ L 134/1.

▼B

country in accordance with the provisions of Title IV (Proof of Origin) of this Annex. These documents shall bear the mention "cumulation with (name of country)".

7. At the request of a Republic of the CA Party or the European Union, materials originating in Mexico, South American or Caribbean countries shall be considered as materials originating respectively in Central America or in the European Union when further processed or incorporated into a product obtained there.

8. The request shall be submitted to the Sub-Committee on Customs, Trade Facilitation and Rules of Origin established under Article 123 of Chapter 3 (Customs and Trade Facilitation) of Title II of Part IV of this Agreement.

9. In order for the products referred to in paragraph 7 to acquire originating status, it shall not be necessary that the materials have undergone sufficient working or processing, provided that:

(a) the working or processing of the materials carried out in Central America or in the European Union went beyond the operations referred to in Article 6;

(b) the materials were originating in Mexico, South American or Caribbean country, in application of rules of origin identical to those applicable if said materials were exported directly to the European Union;

(c) the materials were originating in Mexico, South American or Caribbean country, in application of rules of origin identical to those applicable if said materials were exported directly to Central America; and

(d) the Republics of the CA Party, the European Union and the other country or countries concerned have an arrangement on adequate administrative cooperation procedures which will ensure full implementation of this paragraph as well as of certification and of verification of the originating status of the products.

10. The Parties, on a common accord, shall notify to the Sub-Committee on Customs, Trade Facilitation and Rules of Origin the materials to which the provisions of paragraphs 7 to 12 shall apply.

11. The cumulation established in paragraphs 7, 8, 9, 10 and 12 of this Article may be applied provided that:

(a) preferential trade agreements in accordance with Article XXIV GATT 1994 between the non-party concerned and the Republics of the CA Party and the European Union respectively, are in force. This cumulation shall only be applied between the Parties for which those agreements are in force;

(b) cumulation provisions equivalent to the ones provided under paragraphs 7, 8, 9, 10 and 12 of this Article are contained in the Agreements referred to under (a), in order for the cumulation provisions to apply in a reciprocal manner between the Republics of the CA Party, the European Union and the non-Party concerned, respectively; and

(c) notices indicating the fulfilment of the necessary requirements to apply cumulation under paragraphs 7, 8, 9, 10 and 12 of this Article have been published in the Official Journal of the European Union (C series), in the official publications of the Republics of the CA Party and of the non-Party countries concerned according to their own procedures.

▼B

12. The Parties may establish additional conditions for the application of paragraphs 7 to 11.

Article 4

Wholly obtained products

1. The following shall be considered as wholly obtained in the European Union or in Central America:

(a) mineral products extracted from their soil or from their seabed;

(b) vegetable products harvested or grown and gathered there;

(c) live animals born and raised there;

(d) products from live animals raised there;

(e) (i) products obtained by hunting conducted there;

(ii) products obtained by fishing conducted in their inland waters or within twelve nautical miles measured from the baselines of the European Union or of the Republics of the CA Party;

(iii) products of aquaculture, including mariculture where the fish, crustaceans, molluscs and others aquatic invertebrates are born or raised there;

(f) products of sea fishing and other products taken from the sea outside twelve nautical miles measured from the baselines of the European Union or of the Republics of the CA Party by their vessels;

(g) products made aboard their factory ships exclusively from products referred to in (f);

(h) used articles collected there fit only for the recovery of raw materials, including used tyres fit only for retreading or for use as waste;

(i) waste and scrap resulting from manufacturing operations conducted there;

(j) products extracted from marine soil or subsoil outside their territorial waters provided that they have sole rights to work that soil or subsoil;

(k) goods produced there exclusively from the products specified in (a) to (j).

2. The terms "their vessels" and "their factory ships" in paragraph 1(f) and (g) shall apply only to vessels and factory ships which:

(a) are registered in a Member State of the European Union or in a Republic of the CA Party in accordance with the domestic legislation of each Party;

(b) sail under the flag of a Member State of the European Union or of a Republic of the CA Party; and

▼B

(c) meet one of the following conditions:

(i) they are at least 50 per cent owned by nationals of the Member States of the European Union or of the Republics of the CA Party; or

(ii) they are owned by companies

— which have their head office and their main place of business in a Member State of the European Union or in a Republic of the CA Party, and

— which are at least 50 per cent owned by a Member State of the European Union or a Republic of the CA Party, public entities or nationals thereof.

3. The conditions of paragraph 2 can be fulfilled in the different countries mentioned in Article 3 under conditions referred to in this Article.

Article 5

Sufficiently worked or processed products

1. For the purposes of Article 2, products which are not wholly obtained are considered to be sufficiently worked or processed when the conditions set out in the list in Appendix 2 are fulfilled.

The conditions referred to above indicate, for all products covered by the Agreement, the working or processing which shall be carried out on non-originating materials used in manufacturing and apply only in relation to such materials. It follows that if a product which has acquired originating status by fulfilling the conditions set out in the list is used in the manufacture of another product, the conditions applicable to the product in which it is incorporated do not apply to it, and no account shall be taken of the non-originating materials which may have been used in its manufacture.

2. Notwithstanding paragraph 1, non-originating materials which, according to the conditions set out in the list, shall not be used in the manufacture of a product may nevertheless be used, provided that:

(a) their total value does not exceed 10 per cent of the ex-works price of the product;

(b) any of the percentages given in the list for the maximum value of non-originating materials are not exceeded through the application of this paragraph.

This paragraph shall not apply to products falling within Chapters 50 to 63 of the Harmonized System for which Appendix 1 shall apply. Additionally, this paragraph shall not apply to products wholly obtained in the Parties. However, without prejudice to Article 7, the tolerance provided for in this paragraph applies also to the materials which are used in the manufacture of a product and for which the rule laid down in the list in Appendix 2 for that product requires that such materials be wholly obtained.

▼B

3. Paragraphs 1 and 2 shall apply subject to the provisions of Article 6.

Article 6

Insufficient working or processing

1. Without prejudice to paragraph 2, the following operations shall be considered as insufficient working or processing to confer the status of originating products, whether or not the requirements of Article 5 are satisfied:

(a) preserving operations to ensure that the products remain in good condition during transport and storage;

(b) breaking-up and assembly of packages;

(c) washing, cleaning; removal of dust, oxide, oil, paint or other coverings;

(d) ironing or pressing of textiles;

(e) simple painting and polishing operations;

(f) husking, partial or total bleaching, polishing, and glazing of cereals and rice;

(g) operations to colour or flavour sugar or form sugar lumps; partial or total milling of crystal sugar;

(h) peeling, stoning and shelling, of fruits, nuts and vegetables;

(i) sharpening, simple grinding or simple cutting;

(j) sifting, screening, sorting, classifying, grading, matching (including the making-up of sets of articles);

(k) simple placing in bottles, cans, flasks, bags, cases, boxes, fixing on cards or boards and all other simple packaging operations;

(l) affixing or printing marks, labels, logos and other like distinguishing signs on products or their packaging;

(m) simple mixing of products, whether or not of different kinds; mixing of sugar with any material;

(n) simple assembly of parts of articles to constitute a complete article or disassembly of products into parts;

(o) slaughter of animals;

(p) a combination of two or more operations specified in (a) to (o).

2. All operations carried out in the European Union or in Central America on a given product shall be considered together when determining whether the working or processing undergone by that product is to be regarded as insufficient within the meaning of paragraph 1.

▼B

Article 7

Unit of Qualification

1. The unit of qualification for the application of the provisions of this Annex shall be the particular product which is considered as the basic unit when determining classification using the nomenclature of the Harmonized System.

It follows that:

(a) when a product composed of a group or assembly of articles is classified under the terms of the Harmonized System in a single heading, the whole constitutes the unit of qualification;

(b) when a consignment consists of a number of identical products classified under the same heading of the Harmonized System, each product must be taken individually when applying the provisions of this Annex.

2. Where, under General Rule 5 of the Harmonized System, packaging is included with the product for classification purposes, it shall be included for the purposes of determining origin.

Article 8

Accessories, spare parts and tools

Accessories, spare parts and tools dispatched with a piece of equipment, machine, apparatus or vehicle, which are part of the normal equipment and included in the price thereof or which are not separately invoiced, shall be regarded as one with the piece of equipment, machine, apparatus or vehicle in question.

Article 9

Sets

Sets, as defined in General Rule 3 of the Harmonized System, shall be regarded as originating when all component products are originating. Nevertheless, when a set is composed of originating and non-originating products, the set as a whole shall be regarded as originating, provided that the value of the non-originating products does not exceed 15 per cent of the ex-works price of the set.

Article 10

Neutral elements

In order to determine whether a product originates, it shall not be necessary to determine the origin of the following which might be used in its manufacture:

(a) energy and fuel;

(b) plant and equipment;

(c) machines and tools;

(d) goods which do not enter and which are not intended to enter into the final composition of the product.

▼B

TITLE III

TERRITORIAL REQUIREMENTS

Article 11

Principle of territoriality

1. The conditions set out in Title II of this Annex, relating to the acquisition of originating status must be fulfilled without interruption in the European Union or Central America.

2. If originating goods exported from the European Union or from Central America to another country return, they shall be considered as non-originating, unless it can be demonstrated to the satisfaction of the customs authorities that:

(a) the returning goods are the same as those exported; and

(b) they have not undergone any operation beyond that necessary to preserve them in good condition while in that country or while being exported.

3. The acquisition of originating status in accordance with the conditions set out in Title II of this Annex shall not be affected by working or processing done outside the Parties on materials exported from the European Union or from Central America and subsequently re-imported there, provided that:

(a) said materials are wholly obtained in the European Union or in Central America or have undergone working or processing beyond the operations referred to in Article 6 prior to being exported; and

(b) it can be demonstrated to the satisfaction of the customs authorities that:

(i) the re-imported goods have been obtained by working or processing the exported materials; and

(ii) the total added value acquired outside the Parties by applying the provisions of this Article does not exceed 10 per cent of the ex-works price of the end product for which originating status is claimed.

4. For the purposes of paragraph 3, the conditions for acquiring originating status set out in Title II of this Annex shall not apply to working or processing done outside the Parties. But where, in the list in Appendix 2, a rule setting a maximum value for all the non-originating materials incorporated is applied in determining the originating status of the end product, the total value of the non-originating materials incorporated in the territory of the Party concerned, taken together with the total added value acquired outside the Parties by applying the provisions of this Article, shall not exceed the stated percentage.

5. For the purposes of applying the provisions of paragraphs 3 and 4, "total added value" shall mean all costs arising outside the Parties, including the value of the materials incorporated there.

6. The provisions of paragraphs 3 and 4 shall not apply to products which do not fulfil the conditions set out in the list in Appendix 2 or which can be considered sufficiently worked or processed only if the general tolerance fixed in Article 5, paragraph 2 is applied.

▼B

7. The provisions of paragraphs 3 and 4 shall not apply to products of Chapters 50 to 63 of the Harmonized System.

8. Any working or processing of the kind covered by the provisions of this Article and done outside the Parties shall be done under the outward processing arrangements, or similar arrangements.

Article 12

Direct transport

1. The preferential tariff treatment provided for under this Agreement applies only to products, satisfying the requirements of this Annex, which are transported directly between the Parties. However, products may be transported through other territories with, should the occasion arise, trans-shipment or temporary warehousing in such territories, provided that they remain under the surveillance of the customs authorities in the country of transit or warehousing and do not undergo operations other than unloading, reloading or any operation designed to preserve them in good condition.

Originating products may be transported by pipeline across territories other than those of the Parties.

2. Evidence that the conditions set out in paragraph 1 have been fulfilled shall be supplied to the customs authorities of the importing Party by the production of:

(a) a single transport document covering the passage from the exporting Party through the country of transit; or

(b) certification issued by the customs authorities of the country of transit containing the following:

(i) an exact description of the products,

(ii) the dates of unloading and reloading of the products and, where applicable, the names of the ships, or the other means of transport used, and

(iii) the conditions under which the products remained in the transit country; or

(c) failing these, any substantiating documents to the satisfaction of the customs authority of the importing Party.

Article 13

Exhibitions

1. Originating products, sent for exhibition in a country other than the Parties and sold after the exhibition for importation into the territory of a Party shall benefit on importation from the provisions of this Agreement provided it is shown to the satisfaction of the customs authorities that:

(a) an exporter has consigned these products from the European Union or from a Republic of the CA Party to the country in which the exhibition is held and has exhibited them there;

(b) the products have been sold or otherwise disposed of by that exporter to a person in the territory of a Party;

▼B

(c) the products have been consigned during the exhibition or immediately thereafter in the state in which they were sent for exhibition; and

(d) the products have not, since they were consigned for exhibition, been used for any purpose other than demonstration at the exhibition.

2. A proof of origin must be issued or made out in accordance with the provisions of Title IV of this Annex and submitted to the customs authorities of the importing Party in the normal manner. The name and address of the exhibition must be indicated thereon. Where necessary, additional documentary evidence of the conditions under which they have been exhibited may be required.

3. Paragraph 1 shall apply to any trade, industrial, agricultural or crafts exhibition, fair or similar public show or display which is not organised for private purposes in shops or business premises with a view to the sale of foreign products, and during which the products remain under customs control.

TITLE IV

PROOF OF ORIGIN

Article 14

General requirements

1. Products originating in the European Union shall, on importation into Central America, and products originating in Central America shall, on importation into the European Union, benefit from this Agreement upon submission of either:

(a) a movement certificate EUR.1, a specimen of which appears in Appendix 3; or

(b) in the cases specified in Article 19, paragraph 1, a declaration, subsequently referred to as the "invoice declaration", given by the exporter on an invoice, a delivery note or any other commercial document which describes the products concerned in sufficient detail to enable them to be identified; the text of the invoice declaration appears in Appendix 4.

2. Notwithstanding paragraph 1, originating products within the meaning of this Annex shall, in the cases specified in Article 24, benefit from the Agreement without it being necessary to submit any of the documents referred to above.

Article 15

Procedure for the issue of a movement certificate EUR.1

1. A movement certificate EUR.1 shall be issued by the competent public authority of the exporting Party on application having been made in writing by the exporter or, under the exporter's responsibility, by his authorised representative.

2. For this purpose, the exporter or his authorised representative shall fill out both the movement certificate EUR.1 and the application form, specimens of which appear in Appendix 3. These forms shall be completed in one of the languages in which this Agreement is drawn up and in accordance with the

▼B

provisions of the domestic legislation of the exporting Party. If they are hand-written, they shall be completed in ink in printed characters. The description of the products must be given in the box reserved for this purpose without leaving any blank lines. Where the box is not completely filled, a horizontal line must be drawn below the last line of the description, the empty space being crossed through.

3. The exporter applying for the issue of a movement certificate EUR.1 shall be prepared to submit at any time, at the request of the competent public authority of the exporting Party where the movement certificate EUR.1 is issued, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of this Annex.

4. A movement certificate EUR.1 shall be issued by the competent public authority of a Member State of the European Union or of a Republic of the CA Party if the products concerned can be considered as products originating in the European Union or in Central America and fulfil the other requirements of this Annex.

5. The competent public authorities issuing movement certificates EUR.1 shall take any steps necessary to verify the originating status of the products and the fulfilment of the other requirements of this Annex. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounting records ([1]) or any other check considered appropriate. They shall also ensure that the forms referred to in paragraph 2 are duly completed. In particular, they shall check whether the space reserved for the description of the products has been completed in such a manner as to exclude all possibility of fraudulent additions.

6. The date of issue of the movement certificate EUR.1 shall be indicated in box 11 of the certificate.

7. A movement certificate EUR.1 shall be issued by the competent public authorities and made available to the exporter as soon as actual exportation has been effected or ensured.

Article 16

Movement certificates EUR.1 issued retrospectively

1. Notwithstanding Article 15, paragraph 7, a movement certificate EUR.1 may exceptionally be issued after exportation of the products to which it relates if:

(a) it was not issued at the time of exportation because of errors or involuntary omissions or special circumstances; or

(b) it is demonstrated to the satisfaction of the competent public authorities that a movement certificate EUR.1 was issued but was not accepted at importation for technical reasons.

([1]) For greater certainty, whenever the concept of "account" is used in this Annex or in its appendixes, it shall be understood as referring to accounting records.

▼B

2. For the implementation of paragraph 1, the exporter must indicate in his application the place and date of exportation of the products to which the movement certificate EUR.1 relates, and state the reasons for his request.

3. The competent public authorities may issue a movement certificate EUR.1 retrospectively only after verifying that the information supplied in the exporter's application agrees with that in the corresponding file.

▼M3

4. Movement certificates EUR. 1 issued retrospectively must be endorsed with the phrase ‘issued retrospectively’ in one of the following languages:

5. The endorsement referred to in paragraph 4 shall be inserted in the "Remarks" box of the movement certificate EUR.1.

▼B

Article 17

Issue of a duplicate movement certificate EUR.1

1. In the event of theft, loss or destruction of a movement certificate EUR.1, the exporter may apply to the competent public authorities which issued it for a duplicate made out on the basis of the export documents in their possession.

▼M3

2. The duplicate issued in this way must be endorsed with the phrase ‘duplicate’ in one of the following languages:

3. The endorsement referred to in paragraph 2 shall be inserted in the "Remarks" box of the duplicate movement certificate EUR.1.

4. The duplicate, which must bear the date of issue of the original movement certificate EUR.1, shall take effect as from that date.

▼B

Article 18

Issue of movement certificates EUR.1 on the basis of a proof of origin issued or made out previously

When originating products are placed under the control of a customs office in a Party, it shall be possible to replace the original proof of origin by one or more movement certificates EUR.1 for the purpose of sending all or some of these products elsewhere within the European Union or Central America. The replacement movement certificate(s) EUR.1 shall be issued by the customs office in the EU Party under whose control the products are placed or by the respective competent public authority of the Republics of the CA Party.

Article 19

Conditions for making out an invoice declaration

1. An invoice declaration as referred to in Article 14, paragraph 1(b) may be made out:

(a) by an approved exporter within the meaning of Article 20; or

(b) by any exporter for any consignment consisting of one or more packages containing originating products whose total value does not exceed the amount in Euros established in Appendix 6 (Amounts referred to in Articles 19, paragraph 1(b) and 24, paragraph 3 of Annex II, concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Cooperation).

2. An invoice declaration may be made out if the products concerned can be considered as products originating in the European Union or in Central America and fulfil the other requirements of this Annex.

3. The exporter making out an invoice declaration shall be prepared to submit at any time, at the request of the competent public authorities of the exporting Party, all appropriate documents proving the originating status of the products concerned as well as the fulfilment of the other requirements of this Annex.

4. An invoice declaration shall be made out by the exporter by typing, stamping or printing on the invoice, the delivery note or another commercial document, the text of the declaration included in Appendix 4, by using one of the linguistic versions set out in that Appendix and in accordance with the provisions of the domestic legislation of the exporting Party. If the declaration is handwritten, it shall be written in ink in printed characters.

5. Invoice declarations shall bear the original signature of the exporter in manuscript. However, an approved exporter within the meaning of Article 20 shall not be required to sign such declarations provided that he gives the competent public authorities of the exporting Party a written undertaking that he accepts full responsibility for any invoice declaration which identifies him as if it had been signed in manuscript by him.

▼B

6. An invoice declaration may be made out by the exporter when the products to which it relates are exported, or after exportation on condition that it is presented in the importing Party no longer than the period established in Appendix 5.

Article 20

Approved exporter

1. The competent public authorities of the exporting Party may authorise any exporter, hereinafter referred to as "approved exporter", who makes frequent shipments of products under this Agreement to make out invoice declarations irrespective of the value of the products concerned. An exporter seeking such authorisation must offer to the satisfaction of the competent public authorities all guarantees necessary to verify the originating status of the products as well as the fulfilment of the other requirements of this Annex.

2. The competent public authorities may grant the status of approved exporter subject to any conditions which they consider appropriate.

3. The competent public authorities shall grant to the approved exporter an authorisation number which shall appear on the invoice declaration.

4. The competent public authorities shall monitor the use of the authorisation by the approved exporter.

5. The competent public authorities may withdraw the authorisation at any time. They shall do so where the approved exporter no longer offers the guarantees referred to in paragraph 1, no longer fulfils the conditions referred to in paragraph 2 or otherwise makes an incorrect use of the authorisation.

Article 21

Validity of proof of origin

1. A proof of origin shall be valid for twelve months from the date of issue in the exporting Party, and shall be submitted within said period to the customs authorities of the importing Party.

2. Proofs of origin which are submitted to the customs authorities of the importing Party after the final date for presentation specified in paragraph 1 may be accepted for the purpose of applying preferential tariff treatment, where the failure to submit these documents by the final date set is due to exceptional circumstances.

3. In other cases of belated presentation, the customs authorities of the importing Party may accept the proofs of origin where the products have been submitted before said final date.

4. According to the domestic legislation of the importing Party, a preferential tariff treatment may be awarded, when it proceeds, through the reimbursement of the tariffs in a period no longer than the period established in Appendix 5 from the date of acceptance of the import declaration, where a proof of origin is presented indicating that the imported goods were at that date eligible for preferential tariff treatment.

▼B

Article 22

Submission of proof of origin

Proofs of origin shall be submitted to the customs authorities of the importing Party in accordance with the procedures applicable in that Party. Said authorities may require a translation of a proof of origin and may also require the import declaration to be accompanied by a statement from the importer to the effect that the products meet the conditions required for the implementation of this Agreement.

Article 23

Importation by instalments

Where, at the request of the importer and on the conditions laid down by the customs authorities of the importing Party, dismantled or non-assembled products within the meaning of General Rule 2(a) of the Harmonized System falling within Sections XVI and XVII or headings 7308 and 9406 of the Harmonized System are imported by instalments, a single proof of origin for such products shall be submitted to the customs authorities upon importation of the first instalment.

Article 24

Exemptions from proof of origin

1. Products sent as small packages from private persons to private persons or forming part of travellers' personal luggage shall be admitted as originating products without requiring the submission of a proof of origin, provided that such products are not imported by way of trade and have been declared as meeting the requirements of this Annex and where there is no doubt as to the veracity of such a declaration. In the case of products sent by post, this declaration can be made on the customs declaration CN22/CN23 or on a sheet of paper annexed to that document.

2. Imports which are occasional and consist solely of products for the personal use of the recipients or travellers or their families shall not be considered as imports by way of trade if it is evident from the nature and quantity of the products that no commercial purpose is in view.

3. Furthermore, the total value of these products shall not exceed in the case of small packages or of products forming part of travellers' personal luggage, the amounts in Euros established in Appendix 6 (Amounts referred to in Articles 19, paragraph 1(b) and 24, paragraph 3 of Annex II, concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Cooperation).

Article 25

Supporting documents

The documents referred to in Articles 15, paragraph 3 and 19, paragraph 3 used for the purpose of proving that products covered by a movement certificate

▼B

EUR.1 or an invoice declaration can be considered as products originating in the European Union or in Central America and fulfil the other requirements of this Annex may consist *inter alia* of the following:

(a) direct evidence of the processes carried out by the exporter or supplier to obtain the goods concerned, contained for example in his accounting records or internal book-keeping;

(b) documents proving the originating status of materials used, issued or made out in a Party, where these documents are used in accordance with domestic legislation;

(c) documents proving the working or processing of materials in the European Union or in Central America, issued or made out in a Party, where these documents are used in accordance with domestic legislation;

(d) movement certificates EUR.1 or invoice declarations proving the originating status of materials used, issued or made out in a Party in accordance with this Annex.

Article 26

Preservation of proof of origin and supporting documents

1. The exporter applying for the issuance of a movement certificate EUR.1 shall keep for at least three years the documents referred to in Article 15, paragraph 3.

2. The exporter making out an invoice declaration shall keep for at least three years a copy of this invoice declaration as well as the documents referred to in Article 19, paragraph 3.

3. The competent public authority of the exporting Party issuing a movement certificate EUR.1 shall keep for at least three years the application form referred to in Article 15, paragraph 2.

4. The customs authorities of the importing Party shall keep for at least three years the movement certificates EUR.1 and the invoice declarations submitted to them, which may be kept in electronic format.

Article 27

Discrepancies and formal errors

1. The discovery of slight discrepancies between the statements made in the proof of origin and those made in the documents submitted to the customs office for the purpose of carrying out the formalities for importing the products shall not *ipso facto* render the proof of origin null and void if it is duly established that this document does correspond to the products submitted.

2. Obvious formal errors such as typing errors on a proof of origin should not cause this document to be rejected if these errors are not such as to create doubts concerning the correctness of the statements made in this document.

▼B

Article 28

Amounts expressed in euro

1. For the application of the provisions of Article 19, paragraph 1(b) and Article 24, paragraph 3 in cases where products are invoiced in a currency other than euro, amounts in the national currencies of the Member States of the European Union or of the Republics of the CA Party equivalent to the amounts expressed in euro shall be fixed annually by each Member State of the European Union or Republic of the CA Party concerned.

2. A consignment shall benefit from the provisions of Article 19, paragraph 1(b) or Article 24, paragraph 3 by reference to the currency in which the invoice is drawn up, according to the amount fixed by the Member State of the European Union or Republic of the CA Party concerned.

3. The amounts to be used in any given national currency shall be the equivalent in that currency of the amounts expressed in euro as at the first working day of October. The amounts shall be communicated to the European Commission by October 15th, and shall apply from January 1st, the following year. The European Commission shall notify the Member States of the European Union and the Republics of the CA Party concerned of the relevant amounts.

4. The Member States of the European Union and the Republics of the CA Party may round up or down the amount resulting from the conversion into its national currency of an amount expressed in euro. The rounded-off amount may not differ from the amount resulting from the conversion by more than 5 per cent. A Member State of the European Union or a Republic of the CA Party may retain unchanged its national currency equivalent of an amount expressed in euro if, at the time of the annual adjustment provided for in paragraph 3, the conversion of that amount, prior to any rounding-off, results in an increase of less than 15 per cent in the national currency equivalent. The national currency equivalent may be retained unchanged if the conversion would result in a decrease in that equivalent value.

5. The amounts expressed in euro shall be reviewed by the Association Committee at the request of a Party. When carrying out this review, the Association Committee shall consider the desirability of preserving the effects of the limits concerned in real terms. For this purpose, it may decide to modify the amounts expressed in euro.

TITLE V

ARRANGEMENTS FOR ADMINISTRATIVE COOPERATION

Article 29

Administrative cooperation

1. The competent public authorities of the Parties shall provide each other, through the European Commission, with specimen impressions of stamps used in their offices for the issue of movement certificates EUR.1 and with the addresses of the competent public authorities responsible for verifying those certificates and invoice declarations.

2. In order to ensure the proper application of this Annex, the Parties shall assist each other, through their respective competent public authorities or, when applicable, customs authorities in checking the authenticity of the movement certificates EUR.1 or the invoice declarations and the correctness of the information given in these documents.

▼B

Article 30

Verification of proofs of origin

1. Subsequent verifications of proofs of origin shall be carried out at random or whenever the customs authority or, when applicable, competent public authority of the importing Party have reasonable doubts as to the authenticity of such documents, the originating status of the products concerned or the fulfilment of the other requirements of this Annex.

2. For the purposes of implementing the provisions of paragraph 1, the customs authority or, when applicable, competent public authority of the importing Party shall return the movement certificate EUR.1 and the invoice, if it has been submitted, the invoice declaration, or a copy of these documents, to the competent public authorities of the exporting Party giving, where appropriate, the reasons for the enquiry. Any documents and information obtained suggesting that the information given on the proof of origin is incorrect shall be forwarded in support of the request for verification.

3. The verification shall be carried out by the competent public authorities of the exporting Party. For this purpose, they shall have the right to call for any evidence and to carry out any inspection of the exporter's accounting records or any other check considered appropriate related to origin and according the procedures of its domestic legislation.

4. If the customs authorities of the importing Party decide to suspend the granting of preferential tariff treatment to the products from the exporter subject to verification, while awaiting the results of the verification, release of the products shall be offered to the importer subject to any precautionary measures judged necessary.

5. The competent public authorities or, when applicable, customs authorities requesting the verification shall be informed of the results of this verification as soon as possible. These results must indicate clearly whether the documents are authentic and whether the products concerned can be considered as products originating in the European Union or in Central America and fulfil the other requirements of this Annex.

6. If in cases of reasonable doubt there is no reply within ten months of the date of the verification request or if the reply does not contain sufficient information to determine the authenticity of the document in question or the real origin of the products, the requesting customs authorities or, when applicable, competent public authority shall, except in exceptional circumstances, refuse entitlement to the preferences to the products covered by the proof of origin subject to verification.

Article 31

Dispute settlement

1. Where disputes arise in relation to the verification procedures of Article 30, which cannot be settled between the authorities requesting verification and the authorities responsible for carrying out this verification, or in relation to the interpretation of this Annex, the requests for the settlement of those disputes shall be submitted to the Sub-Committee on Customs, Trade Facilitation and Rules of Origin for consultations and discussions within the Sub-Committee. In any case, the Parties shall retain their rights under the dispute settlement mechanism established in Title X (Dispute Settlement) of Part IV of this Agreement.

▼B

2. In all cases the settlement of disputes between the importer and the customs authorities of the importing Party shall be under the domestic legislation of said Party.

Article 32

Penalties

Penalties shall be imposed on any person who draws up, or causes to be drawn up, a document which contains incorrect information for the purpose of obtaining a preferential tariff treatment for products.

Article 33

Free zones

1. The European Union and the Republics of the CA Party shall take all necessary steps to ensure that products traded under cover of a proof of origin which in the course of transport use a free zone or a customs warehouse situated in their territory in accordance with their domestic legislation, are not substituted by other goods and do not undergo handling other than normal operations designed to prevent their deterioration.

2. By means of an exemption to the provisions contained in paragraph 1, when products originating in the European Union or in Central America are imported into a free zone under cover of a proof of origin and undergo treatment or processing, the competent public authorities shall issue a new movement certificate EUR.1 at the exporter's request, if the treatment or processing undergone is in conformity with the provisions of this Annex.

TITLE VI

CEUTA AND MELILLA

Article 34

Application of this Annex

1. The term "European Union" used in Article 2 does not cover Ceuta and Melilla.

2. Products originating in Central America, when imported into Ceuta or Melilla, shall enjoy in all respects the same customs regime as that which is applied to products originating in the customs territory of the European Union under Protocol 2 of the Act of Accession of the Kingdom of Spain and the Portuguese Republic to the European Communities. The Republics of the CA Party shall grant to imports of products covered by the Agreement and originating in Ceuta and Melilla the same customs regime as that which is granted to products imported from and originating in the European Union.

3. For the purpose of the application of paragraph 2 concerning products originating in Ceuta and Melilla, this Annex shall apply mutatis mutandis subject to the special conditions set out in Article 35.

▼B

Article 35

Special conditions

1. Provided that they have been transported directly in accordance with the provisions of Article 12, the following shall be considered as:

(a) products originating in Ceuta and Melilla:

(i) products wholly obtained in Ceuta and Melilla;

(ii) products obtained in Ceuta and Melilla in the manufacture of which products other than those referred to in (i) are used, provided that:

said products have undergone sufficient working or processing within the meaning of Article 5; or that

those products are originating in Central America or in the European Union, provided that they have been submitted to working or processing which goes beyond the operations referred to in Article 6.

(b) products originating in Central America:

(i) products wholly obtained in the Central America;

(ii) products obtained in Central America, in the manufacture of which products other than those referred to in (i) are used, provided that:

the said products have undergone sufficient working or processing within the meaning of Article 5; or that

those products are originating in Ceuta and Melilla or in the European Union, provided that they have been submitted to working or processing which goes beyond the operations referred to in Article 6.

2. Ceuta and Melilla shall be considered as a single territory.

3. The exporter or his authorised representative shall enter "Central America" and "Ceuta and Melilla" in box 2 of movement certificates EUR.1 or on invoice declarations. In addition, in the case of products originating in Ceuta and Melilla, this shall be indicated in box 4 of movement certificates EUR.1 or on invoice declarations.

4. The Spanish customs authorities shall be responsible for the application of this Annex in Ceuta and Melilla.

TITLE VII

FINAL PROVISIONS

Article 36

Amendments to this Annex

The Association Council may decide to modify the provisions of the Appendixes to this Annex.

▼B

Article 37

Explanatory notes

The Parties shall agree "Explanatory Notes" regarding the interpretation, application and administration of this Annex within the Sub-Committee on Customs, Trade Facilitation and Rules of Origin, in order to recommend its approval by the Association Council.

Article 38

Transitional provisions for products in transit or storage

The provisions of this Agreement may be applied to products which comply with the provisions of this Annex and which on the date of entry into force of this Agreement are either in transit or are in the Parties in temporary storage in customs warehouses or in free zones, subject to the submission to the customs authorities of the importing Party, within four months of that date, of a proof of origin made out retrospectively together with the documents showing that the goods have been transported directly in accordance with Article 12.

Article 39

Transitional provision for cumulation purposes

The Parties for which this Agreement has entered into force in accordance with Article 353 of Part V (Final Provisions), may use materials originating in the Republics of the CA Party for which the Agreement has not yet entered into force. Article 3 of this Annex shall be applied *mutatis mutandis*.

Appendix 1

INTRODUCTORY NOTES TO ANNEX II

Note 1:

The list in Appendix 2 sets out the conditions required for all products to be considered as sufficiently worked or processed within the meaning of Article 5 of Annex II.

Note 2:

2.1. The first two columns in the list describe the product obtained. The first column gives the subheading number, heading number or chapter number used in the Harmonized System and the second column gives the description of goods used in that system for that subheading, heading or chapter. For each entry in the first two columns, a rule is specified in column 3 or 4. Where, in some cases, the entry in the first column is preceded by an "ex", this signifies that the rules in column 3 or 4 apply only to the part of that subheading, heading or chapter as described in column 2.

2.2. Where several heading numbers are grouped together in column 1 or a chapter number is given and the description of products in column 2 is therefore given in general terms, the adjacent rules in column 3 or 4 apply to all products which, under the Harmonized System, are classified in headings of the chapter or in any of the headings grouped together in column 1.

2.3. Where there are different rules in the list applying to different products within a heading, each indent contains the description of that part of the heading covered by the adjacent rules in column 3 or 4.

2.4. Where, for an entry in the first two columns, a rule is specified in both columns 3 and 4, the exporter may opt, as an alternative, to apply either the rule set out in column 3 or that set out in column 4. If no origin rule is given in column 4, the rule set out in column 3 is to be applied.

Note 3:

3.1. The provisions of Article 5 of Annex II, concerning products having acquired originating status which are used in the manufacture of other products, shall apply, regardless of whether this status has been acquired inside the factory where these products are used or in another factory in the EU Party or in the Republics of the CA Party.

Example:

An engine of heading 8407, for which the rule states that the value of the non-originating materials which may be incorporated may not exceed 40 percent of the ex-works price, is made from "other alloy steel roughly shaped by forging" of heading ex 7224.

If this forging has been forged in the EU Party from a non-originating ingot, it has already acquired originating status by virtue of the rule for heading ex 7224 in the list. The forging can then count as originating in the value-calculation for the engine, regardless of whether it was produced in the same factory or in another factory in the EU Party. The value of the non-originating ingot is thus not taken into account when adding up the value of the non-originating materials used.

3.2. The rule in the list represents the minimum amount of working or processing required, and the carrying-out of more working or processing also confers originating status; conversely, the carrying-out of less working or processing cannot confer originating status. Thus, if a rule provides that

▼B

non-originating material, at a certain level of manufacture, may be used, the use of such material at an earlier stage of manufacture is allowed, and the use of such material at a later stage is not.

3.3. Without prejudice to Note 3.2, where a rule uses the expression "Manufacture from materials of any heading", then materials of any heading(s) (even materials of the same description and heading as the product) may be used, subject, however, to any specific limitations which may also be contained in the rule.

However, the expression "Manufacture from materials of any heading, including other materials of heading…" or "Manufacture from materials of any heading, including other materials of the same heading as the product" means that materials of any heading(s) may be used, except those of the same description as the product as given in column 2 of the list.

3.4. When a rule in the list specifies that a product may be manufactured from more than one material, this means that one or more materials may be used. It does not require that all be used.

Example:

The rule for fabrics of headings 5208 to 5212 provides that natural fibres may be used and that chemical materials, among other materials, may also be used. This does not mean that both have to be used; it is possible to use one or the other, or both.

3.5. Where a rule in the list specifies that a product shall be manufactured from a particular material, the condition obviously does not prevent the use of other materials which, because of their inherent nature, cannot satisfy the rule. (See also Note 6.2 below in relation to textiles).

Example:

The rule for prepared foods of heading 1902, which specifically excludes the use of cereals and their derivatives, does not prevent the use of mineral salts, chemicals and other additives which are not products from cereals.

However, this does not apply to products which, although they cannot be manufactured from the particular materials specified in the list, can be produced from a material of the same nature at an earlier stage of manufacture.

Example:

In the case of an article of apparel of ex Chapter 62 made from non-woven materials, if the use of only non-originating yarn is allowed for this class of article, it is not possible to start from non-woven cloth – even if non-woven cloths cannot normally be made from yarn. In such cases, the starting material would normally be at the stage before yarn – that is, the fibre stage.

3.6. Where, in a rule in the list, two percentages are given for the maximum value of non-originating materials that can be used, then these percentages may not be added together. In other words, the maximum value of all the non-originating materials used may never exceed the higher of the percentages given. Furthermore, the individual percentages shall not be exceeded, in relation to the particular materials to which they apply.

Note 4:

4.1. The term "natural fibres" is used in the list to refer to fibres other than artificial or synthetic fibres. It is restricted to the stages before spinning takes place, including waste, and, unless otherwise specified, includes fibres which have been carded, combed or otherwise processed, but not spun.

▼B

4.2. The term "natural fibres" includes horsehair of heading 0511, silk of headings 5002 and 5003, as well as wool-fibres and fine or coarse animal hair of headings 5101 to 5105, cotton fibres of headings 5201 to 5203, and other vegetable fibres of headings 5301 to 5305.

4.3. The terms "textile pulp", "chemical materials" and "paper-making materials" are used in the list to describe the materials, not classified in Chapters 50 to 63, which can be used to manufacture artificial, synthetic or paper fibres or yarns.

4.4. The term "man-made staple fibres" is used in the list to refer to synthetic or artificial filament tow, staple fibres or waste, of headings 5501 to 5507.

Note 5:

5.1. Where, for a given product in the list, reference is made to this Note, the conditions set out in column 3 shall not be applied to any basic textile materials used in the manufacture of this product and which, taken together, represent 10 percent or less of the total weight of all the basic textile materials used. (See also Notes 5.3 and 5.4 below.)

5.2. However, the tolerance mentioned in Note 5.1 may be applied only to mixed products which have been made from two or more basic textile materials.

The following are the basic textile materials:

— silk,

— wool,

— coarse animal hair,

— fine animal hair,

— horsehair,

— cotton,

— paper-making materials and paper,

— flax,

— true hemp,

— jute and other textile bast fibres,

— sisal and other textile fibres of the genus Agave,

— coconut, abaca, ramie and other vegetable textile fibres,

— synthetic man-made filaments,

— artificial man-made filaments,

— current-conducting filaments,

— synthetic man-made staple fibres of polypropylene,

— synthetic man-made staple fibres of polyester,

— synthetic man-made staple fibres of polyamide,

— synthetic man-made staple fibres of polyacrylonitrile,

— synthetic man-made staple fibres of polyimide,

— synthetic man-made staple fibres of polytetrafluoroethylene,

— synthetic man-made staple fibres of poly(phenylene sulphide),

▼B

— synthetic man-made staple fibres of poly(vinyl chloride),

— other synthetic man-made staple fibres,

— artificial man-made staple fibres of viscose,

— other artificial man-made staple fibres,

— yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped,

— yarn made of polyurethane segmented with flexible segments of polyester, whether or not gimped,

— products of heading 5605 (metallised yarn) incorporating strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film,

— other products of heading 5605.

Example:

A yarn, of heading 5205, made from cotton fibres of heading 5203 and synthetic staple fibres of heading 5506, is a mixed yarn. Therefore, non-originating synthetic staple fibres which do not satisfy the origin-rules (which require manufacture from chemical materials or textile pulp) may be used, provided that their total weight does not exceed 10 percent of the weight of the yarn.

Example:

A woollen fabric, of heading 5112, made from woollen yarn of heading 5107 and synthetic yarn of staple fibres of heading 5509, is a mixed fabric. Therefore, synthetic yarn which does not satisfy the origin-rules (which require manufacture from chemical materials or textile pulp), or woollen yarn which does not satisfy the origin-rules (which require manufacture from natural fibres, not carded or combed or otherwise prepared for spinning), or a combination of the two, may be used, provided that their total weight does not exceed 10 percent of the weight of the fabric.

Example:

Tufted textile fabric, of heading 5802, made from cotton yarn of heading 5205 and cotton fabric of heading 5210, is only a mixed product if the cotton fabric is itself a mixed fabric made from yarns classified in two separate headings, or if the cotton yarns used are themselves mixtures.

Example:

If the tufted textile fabric concerned had been made from cotton yarn of heading 5205 and synthetic fabric of heading 5407, then, obviously, the yarns used are two separate basic textile materials and the tufted textile fabric is, accordingly, a mixed product.

5.3. In the case of products incorporating "yarn made of polyurethane segmented with flexible segments of polyether, whether or not gimped", this tolerance is 20 percent in respect of this yarn.

5.4. In the case of products incorporating "strip consisting of a core of aluminium foil or of a core of plastic film whether or not coated with aluminium powder, of a width not exceeding 5 mm, sandwiched by means of a transparent or coloured adhesive between two layers of plastic film", this tolerance is 30 percent in respect of this strip.

▼B

Note 6:

6.1. Where, in the list, reference is made to this Note, textile materials (with the exceptions of linings and interlinings), which do not satisfy the rule set out in the list in column 3 for the made-up product concerned, may be used, provided that they are classified in a heading other than that of the product and that their value does not exceed 8 percent of the ex-works price of the product.

6.2. Without prejudice to Note 6.3, materials, which are not classified within Chapters 50 to 63, may be used freely in the manufacture of textile products, whether or not they contain textiles.

Example:

If a rule in the list provides that, for a particular textile item (such as trousers), yarn shall be used, this does not prevent the use of metal items, such as buttons, because buttons are not classified within Chapters 50 to 63. For the same reason, it does not prevent the use of slide-fasteners, even though slide-fasteners normally contain textiles.

6.3. Where a percentage-rule applies, the value of materials which are not classified within Chapters 50 to 63 shall be taken into account when calculating the value of the non-originating materials incorporated.

Note 7:

7.1. For the purposes of headings ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, the "specific processes" are the following:

(a) vacuum-distillation;

(b) redistillation by a very thorough fractionation-process;

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all of the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolourisation and purification with naturally-active earth, activated earth, activated charcoal or bauxite;

(g) polymerisation;

(h) alkylation;

(i) isomerisation.

7.2. For the purposes of headings 2710, 2711 and 2712, the "specific processes" are the following:

(a) vacuum-distillation;

(b) redistillation by a very thorough fractionation-process;

(c) cracking;

(d) reforming;

(e) extraction by means of selective solvents;

(f) the process comprising all of the following operations: processing with concentrated sulphuric acid, oleum or sulphuric anhydride; neutralisation with alkaline agents; decolourisation and purification with naturally-active earth, activated earth, activated charcoal or bauxite;

(g) polymerisation;

(h) alkylation;

(i) isomerisation;

(j) in respect of heavy oils of heading ex 2710 only, desulphurisation with hydrogen, resulting in a reduction of at least 85 percent of the sulphur-content of the products processed (ASTM D 1266-59 T method);

▼B

(k) in respect of products of heading 2710 only, deparaffining by a process other than filtering;

(l) in respect of heavy oils of heading ex 2710 only, treatment with hydrogen, at a pressure of more than 20 bar and a temperature of more than 250 °C, with the use of a catalyst, other than to effect desulphurisation, when the hydrogen constitutes an active element in a chemical reaction. The further treatment, with hydrogen, of lubricating oils of heading ex 2710 (e.g. hydrofinishing or decolourisation), in order, more especially, to improve colour or stability shall not, however, be deemed to be a specific process;

(m) in respect of fuel oils of heading ex 2710 only, atmospheric distillation, on condition that less than 30 percent of these products distils, by volume, including losses, at 300 °C, by the ASTM D 86 method;

(n) in respect of heavy oils other than gas oils and fuel oils of heading ex 2710 only, treatment by means of a high-frequency electrical brush-discharge;

(o) in respect of crude products (other than petroleum jelly, ozokerite, lignite wax or peat wax, paraffin wax containing by weight less than 0.75 percent of oil) of heading ex 2712 only, de-oiling by fractional crystallisation.

7.3. For the purposes of headings ex 2707, 2713 to 2715, ex 2901, ex 2902 and ex 3403, simple operations, such as cleaning, decanting, desalting, water-separation, filtering, colouring, marking, obtaining a sulphur-content as a result of mixing products with different sulphur-contents, or any combination of these operations or like operations, do not confer origin.

Note 8:

For the purpose of Article 4 of Annex II agricultural and horticultural goods grown in the territory of a Party shall be treated as originating in the territory of that Party even if grown from seeds, bulbs, rootstock, cuttings, grafts, shoots, buds, or other live parts of plants imported from a non-Party.

Note 9:

For the purpose of Article 6 of Annex II "simple" describes activities which need neither special skills nor machines, apparatus or equipment specially produced or installed for carrying out the activity. However, simple mixing does not include chemical reaction. Chemical reaction means a process (including a biochemical process) which results in a molecule with new structure by breaking intramolecular bonds and by forming new intramolecular bonds, or by altering the spatial arrangement of atoms in a molecule.

LIST OF WORKING OR PROCESSING REQUIRED TO BE CARRIED OUT ON NON-ORIGINATING MATERIALS IN ORDER THAT THE PRODUCT MANUFACTURED CAN OBTAIN ORIGINATING STATUS

The products mentioned in the list may not be all covered by this Agreement. It is therefore necessary to consult the other parts of this Agreement.

HS code 2022	Description of product	Working or processing, carried out on non-originating materials, which confers originating status	
(1)	(2)	(3)	(4)
Chapter 01	Live animals	All the animals of Chapter 01 are wholly obtained	
Chapter 02	Meat and edible meat offal	Manufacture in which all the materials of Chapters 01 and 02 used are wholly obtained	
Chapter 03	Fish and crustaceans, molluscs and other aquatic invertebrates	Manufacture in which all the materials of Chapter 03 used are wholly obtained	
ex Chapter 04	Dairy produce; birds' eggs; natural honey; edible products of animal origin, not elsewhere specified or included; except for:	Manufacture in which all the materials of Chapter 04 used are wholly obtained	
0403	Yogurt; buttermilk, curdled milk and cream, kephir and other fermented or acidified milk and cream, whether or not concentrated or containing added sugar or other sweetening matter or flavoured or containing added fruit, nuts or cocoa	Manufacture in which: — all the materials of Chapter 04 used are wholly obtained, — all the fruit juice (except that of pineapple, lime or grapefruit) of heading 2009 used is originating, and — the value of all the materials of Chapter 17 used does not exceed 30 % of the ex-works price of the product	
0410	Insects and other edible products of animal origin, not elsewhere specified or included	Manufacture in which all the materials of Chapters 01 and 04 used are wholly obtained	
ex Chapter 05	Products of animal origin, not elsewhere specified or included; except for:	Manufacture in which all the materials of Chapter 05 used are wholly obtained	
ex 0502	Prepared pigs', hogs' or boars' bristles and hair	Cleaning, disinfecting, sorting and straightening of bristles and hair

Chapter 12 (7)	Oil seeds and oleaginous fruits; miscellaneous grains, seeds and fruit; industrial or medicinal plants; straw and fodder	Manufacture in which all the materials of Chapter 12 used are wholly obtained	
1301	Lac; natural gums, resins, gum-resins and oleoresins (for example, balsams)	Manufacture in which the value of all the materials of heading 1301 used does not exceed 50 % of the ex-works price of the product	
1302	Vegetable saps and extracts; pectic substances, pectinates and pectates; agar-agar and other mucilages and thickeners, whether or not modified, derived from vegetable products:		
	— Mucilages and thickeners, modified, derived from vegetable products	Manufacture from non-modified mucilages and thickeners	
	— Other	Manufacture in which the value of all the materials used does not exceed 50 % of the ex-works price of the product	
Chapter 14 (8)	Vegetable plaiting materials; vegetable products not elsewhere specified or included	Manufacture in which all the materials of Chapter 14 used are wholly obtained	
ex Chapter 15	Animal, vegetable or microbial fats and oils and their cleavage products; prepared edible fats; animal or vegetable waxes; except for:	Manufacture from materials of any heading, except that of the product in which all the vegetal materials of heading 1511 and 1513 used are wholly obtained	
1501	Pig fat (including lard) and poultry fat, other than that of heading 0209 or 1503:		
	— Fats from bones or waste	Manufacture from materials of any heading, except those of heading 0203, 0206 or 0207 or bones of heading 0506	
	— Other	Manufacture from meat or edible offal of swine of heading 0203 or 0206 or of meat and edible offal of poultry of heading 0207

(1)	(2)	(3)	(4)
1502	Fats of bovine animals, sheep or goats, other than those of heading 1503:		
	— Fats from bones or waste	Manufacture from materials of any heading, except those of heading 0201, 0202, 0204 or 0206 or bones of heading 0506	
	— Other	Manufacture in which all the materials of Chapter 02 used are wholly obtained	
1504	Fats and oils and their fractions, of fish or marine mammals, whether or not refined, but not chemically modified:		
	— Solid fractions	Manufacture from materials of any heading, including other materials of heading 1504	
	— Other	Manufacture in which all the materials of Chapters 02 and 03 used are wholly obtained	
ex 1505	Refined lanolin	Manufacture from crude wool grease of heading 1505	
1506	Other animal fats and oils and their fractions, whether or not refined, but not chemically modified:		
	— Solid fractions	Manufacture from materials of any heading, including other materials of heading 1506	
	— Other	Manufacture in which all the materials of Chapter 02 used are wholly obtained	
1507 to 1510	— Soya oil, groundnut oil and oils for technical or industrial uses other than the manufacture of foodstuffs for human consumption	Manufacture from materials of any heading, except that of the product	
	— Solid fractions	Manufacture from other materials of headings 1507 to 1510	
	— Other	Manufacture in which all the vegetable materials used are wholly obtained

1511	Palm oil and its fractions, whether or not refined but not chemically modified	Manufacture in which all the vegetable materials used are wholly obtained	
1512	— Oils for technical or industrial uses other than the manufacture of foodstuffs for human consumption	Manufacture from materials of any heading, except that of the product	
	— Solid fractions	Manufacture from other materials of heading 1512	
	— Other	Manufacture in which all the vegetable materials used are wholly obtained	
1513	Coconut (copra), palm kernel or babassu oil and fractions thereof, whether or not refined but not chemically modified	Manufacture in which all the vegetable materials used are wholly obtained	
1514 to 1515	— Tung and oiticica oil, myrtle wax and Japan wax, fractions of jojoba oil and oils for technical or industrial uses other than the manufacture of foodstuffs for human consumption	Manufacture from materials of any heading, except that of the product	
	— Solid fractions, except for that of jojoba oil	Manufacture from other materials of headings 1514 to 1515	
	— Other	Manufacture in which all the vegetable materials used are wholly obtained	
1516	Animal, vegetable or microbial fats and oils and their fractions, partly or wholly hydrogenated, inter-esterified, re-esterified or elaidinised, whether or not refined, but not further prepared	Manufacture in which: — all the materials of Chapter 02 used are wholly obtained, and — all the vegetable materials used are wholly obtained. However, materials of headings 1507 and 1508 may be used

(1)	(2)	(3)	(4)
1517	Margarine; edible mixtures or preparations of animal, vegetable or microbial fats or oils or of fractions of different fats or oils of this Chapter, other than edible fats or oils or their fractions of heading 1516	Manufacture in which: — all the materials of Chapters 02 and 04 used are wholly obtained, and — all the vegetable materials used are wholly obtained. However, materials of headings 1507 and 1508 may be used	
Chapter 16 ([9])	Preparations of meat, of fish, crustaceans, molluscs or other aquatic invertebrates, or of insects	Manufacture: — from animals of Chapter 01, and/or — in which all the materials of Chapter 03 used are wholly obtained	
1701	Cane or beet sugar and chemically pure sucrose, in solid form	Manufacture in which all the materials of Chapter 17 used are wholly obtained	
1702	Other sugars, including chemically pure lactose, maltose, glucose and fructose, in solid form; sugar syrups not containing added flavouring or colouring matter; artificial honey, whether or not mixed with natural honey; caramel:		
	— Chemically-pure maltose and fructose	Manufacture from materials of any heading, including other materials of heading 1702	
	— Other sugars in solid form, containing added flavouring or colouring matter	Manufacture in which all the materials of Chapter 17 used are wholly obtained	
	— Other	Manufacture in which all the materials used are originating	
1703	Molasses resulting from the extraction or refining of sugar	Manufacture in which all the materials of Chapter 17 used are wholly obtained

Appendix 2 A

ADDENDUM TO THE LIST OF WORKING AND PROCESSING REQUIRED TO BE CARRIED OUT ON NON-ORIGINATING MATERIALS IN ORDER THAT THE PRODUCT MANUFACTURED CAN OBTAIN ORIGINATING STATUS

Common provisions

1. For the products described below, the following rules of origin may also apply instead of the rules set out in Appendix 2 (List of Working or Processing required to be carried out on Non-Originating Materials in order that the Product Manufactured can Obtain Originating Status) for determining if a product is originating from Central America.

2. When a product is covered by a rule of origin that is subject to quotas, the proof of origin for that product shall contain the following statement: "Product originating in accordance with Appendix 2A of Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Cooperation)".

3. The Republics of the CA Party shall agree on a distribution of the regional quotas set forth in Notes 1, 2 and the relevant quota in Note 6 of this Appendix and, based on it, each Republic of the CA Party shall issue the corresponding export certificates.

4. The quotas established in Notes 4, 5 and the relevant quota in Note 6 shall be managed by the European Commission in accordance with the distribution by country established in this Appendix and with the internal allocation made by each Republic of the CA Party ([1]).

5. Importations under quotas set forth in this Appendix shall be subject to the presentation of an export certificate issued in accordance with the provisions of paragraphs 3 and 4 by the competent authority of the relevant Republic of the CA Party.

6. The modalities for the implementation of the provisions of this Appendix shall be defined jointly by the Parties. The European Commission shall adopt the necessary measures to ensure the respect of these provisions.

Note 1

1. For products of heading ex 1604 (Tunas, skipjack and bonito (*Sarda* spp.)) exported from Central America to the European Union, materials of Chapter 03 originating from Chile or Mexico in accordance with rules of origin applicable as if said materials were directly exported to the European Union, may be used for a period of three years after the entry into force of this Agreement. Six months before the expiry of this three-year period, the Parties shall hold consultations to examine the readiness of the administrative procedures necessary to apply the cumulation referred to in Article 3, paragraph 7, of Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Cooperation) of Part IV of this Agreement.

   Additionally, for these products exported from Central America to the European Union the value set in Article 5, paragraph 2(a) of Annex II shall not exceed 15 per cent of the ex works price of the product.

2. For products of heading ex 1604 (tuna loins) the following rule shall confer origin to goods exported from Central America to the European Union within the annual quota of 4 000 metric tones:

   Manufacture from materials of Chapter 03

([1]) If the entry into force of this Agreement corresponds to a date after 1st January and before 31st December of the same calendar year, the in quota quantity will be pro-rated on a proportional basis for the remainder of that calendar year.

ANNEX III

MUTUAL ADMINISTRATIVE ASSISTANCE IN CUSTOMS MATTERS

Article 1

Definitions

For the purposes of this Annex:

(a) "applicant authority" means a competent customs authority or other administrative authority which has been designated by a Party for this purpose and which makes a request for assistance on the basis of this Annex;

(b) "breach of customs legislation" means any violation or attempted violation of customs legislation;

(c) "customs legislation" means any legal, regulatory or binding administrative provision applicable in the territories of the Parties, governing the import, export and transit of goods and their placing under any other customs regime, procedure or operation, including measures of prohibition, restriction and control;

(d) "information" means data in any form, documents, records, reports and copies of these that may be certified or legalised;

(e) "personal data" means all information relating to an identified or identifiable individual; and

(f) "requested authority" means a competent customs authority or other administrative authority which has been designated by a Party for this purpose and which receives a request for assistance on the basis of this Annex.

Article 2

Scope

1. The Parties shall assist each other, in the areas within their competence, in the manner and under the conditions laid down in this Annex, to ensure the correct application of the customs legislation, in particular by preventing, investigating and combating breaches of customs legislation.

2. Assistance in customs matters, as provided for in this Annex, shall apply to any customs authority or other administrative authority of the Parties which is competent for the application of this Annex. It shall not prejudice the rules governing mutual assistance in criminal matters, nor shall it cover information obtained under powers exercised at the request of a judicial authority, except where communication of such information is authorised by that authority.

3. Assistance to recover duties, taxes or fines is not covered by this Annex.

Article 3

Assistance on Request

1. At the request of the applicant authority, the requested authority shall provide all relevant information which may enable it to ensure that customs legislation is correctly applied, including information regarding activities noted or planned which are or could constitute breaches of customs legislation.

▼B

2. At the request of the applicant authority, the requested authority shall inform:

(a) whether goods exported from the territory of one of the Parties have been imported into the territory of the other Party in observance of the applicable customs legislation, specifying, where appropriate, the customs procedure applied to the goods;

(b) whether goods imported into the territory of one of the Parties have been exported from the territory of the other Party in observance of the applicable customs legislation, specifying, where appropriate, the customs procedure applied to the goods.

3. At the request of the applicant authority, the requested authority shall, within the framework of its legal or regulatory provisions, take the necessary steps to ensure special surveillance of:

(a) natural or legal persons in respect of whom there are grounds for believing that they are or have been involved in committing breaches of customs legislation;

(b) places where stocks of goods have been or may be assembled in such a way that there are grounds for believing that these goods are intended to be used in committing breaches of customs legislation;

(c) goods that are or may be transported in such a way that there are grounds for believing that they are intended to be used in committing breaches of customs legislation;

(d) means of transport that are or may be used in such a way that there are grounds for believing that they are intended to be used in committing breaches of customs legislation.

Article 4

Spontaneous Assistance

The Parties shall assist each other, at their own initiative and in accordance with their legal or regulatory provisions, if they consider that to be necessary for the correct application of customs legislation, particularly by providing information obtained pertaining to:

(a) activities which are or appear to be operations in breach of customs legislation and which may be of interest to the other Party;

(b) new means or methods employed in carrying out operations in breach of customs legislation;

(c) goods known to be subject to operations in breach of customs legislation;

(d) natural or legal persons in respect of whom there are grounds for believing that they are or have been involved in breaches of customs legislation;

(e) means of transport in respect of which there are grounds for believing that they have been, are, or may be used in breaches of customs legislation.

Article 5

Delivery and Notification

1. At the request of the applicant authority, the requested authority shall, in accordance with legal or regulatory provisions applicable to the latter, take all necessary measures in order to deliver any documents or to notify any decisions, emanating from the applicant authority and falling within the scope of this Annex, to an addressee residing or established in the territory of the requested authority.

▼B

2. Requests for delivery of documents or notification of decisions shall be made in writing in an official language of the requested authority or in a language acceptable to that authority.

Article 6

Form and Substance of Requests for Assistance

1. Requests pursuant to this Annex shall be made in writing. They shall be accompanied by the documents necessary to enable compliance with the request. When required because of the urgency of the situation, oral requests may be accepted, but shall be confirmed in writing no later than five days after the oral request. In the event that this condition is not met, the requested authority may disregard the request or consider it as not having been presented.

2. Requests pursuant to paragraph 1 shall include the following information:

(a) the applicant authority and if possible, the name of the responsible officer;

(b) the requested authority;

(c) the assistance requested;

(d) the object of and the reason for the request;

(e) the legal or regulatory provisions and other legal elements on which the request is based;

(f) indications as exact and comprehensive as possible on the natural or legal persons who are the target of the investigations;

(g) a summary of the relevant facts and of the enquiries already carried out; and

(h) indicate if it would not itself be able to provide the requested assistance if it were to receive such a request.

3. Requests shall be submitted in an official language of the requested authority or in a language acceptable to that authority. This requirement shall not apply to any documents that accompany the request under paragraph 1.

4. If a request does not meet the formal requirements set out above, its correction or completion may be requested; in the meantime, precautionary measures may be ordered in accordance with the legal or regulatory provisions of the requested authority.

Article 7

Execution of Requests

1. In order to comply with a request for assistance, the requested authority shall proceed, within the limits of its competence and available resources, as though it were acting on its own account or at the request of other authorities of that same Party, by supplying information already possessed, by carrying out appropriate enquiries or by arranging for them to be carried out. This provision shall also apply to any other authority to which the request has been addressed by the requested authority when the latter cannot act on its own.

2. Requests for assistance shall be executed in accordance with the legal or regulatory provisions of the requested Party and in accordance with this Annex.

3. Duly authorised officials of a Party may, with the agreement of the other Party involved and subject to the conditions laid down by the latter, be present to obtain in the offices of the requested authority or any other concerned authority in accordance with paragraph 1, information relating to activities that are or may constitute breaches of customs legislation which the applicant authority needs for the purposes of this Annex.

▼B

4. Duly authorised officials of a Party involved may, with the agreement of the other Party involved and subject to the conditions laid down by the latter, be present at enquiries carried out in the latter's territory.

5. In the event that the requested authority is not itself competent to comply with the request for assistance, it shall transmit the request to the competent service and notify the applicant authority of the measures taken.

Article 8

Form in which Information is to be Communicated

1. The requested authority shall communicate results of enquiries to the applicant authority in writing together with relevant documents, certified or legalised copies or other items.

2. This information may be provided in computerised form or by electronic means.

3. Original documents shall be transmitted only upon request in cases where certified or legalised copies would be insufficient. These originals shall be returned at the earliest opportunity.

Article 9

Exceptions to the Obligation to Provide Assistance

1. Assistance may be refused or may be subject to the satisfaction of certain conditions or requirements, in cases where a Party considers that assistance under this Annex would:

(a) be likely to prejudice the sovereignty of Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua, Panama or that of a Member State of the European Union which has been requested to provide assistance under this Annex; or

(b) be likely to prejudice public policy, security or other essential interests, in particular in the cases referred to under Article 10, paragraph 2; or

(c) violate an industrial, commercial or professional secret.

2. Assistance may be postponed by the requested authority on the ground that it will interfere with an ongoing investigation, prosecution or proceeding. In such a case, the requested authority shall consult with the applicant authority to determine if assistance can be given subject to such terms or conditions as the requested authority may require.

3. Where the applicant authority seeks assistance which it would itself be unable to provide if so requested, it shall draw attention to that fact in its request. It shall then be for the requested authority to decide how to respond to such a request.

4. For the cases referred to in paragraphs 1 and 2, the decision of the requested authority and the reasons therefore must be communicated to the applicant authority without delay.

Article 10

Information Exchange and Confidentiality

1. Any information communicated pursuant to this Annex shall be treated as confidential or restricted in nature, depending on the rules applicable in each of the Parties. It shall be covered by the obligation of confidentiality or professional secrecy as applicable in each of the Parties, and shall enjoy the protection extended to this type of information, in accordance with the legal and regulatory provisions of each Party.

▼B

2. Personal data may be exchanged, in accordance with each Party's legislation, only where the Party which may receive them undertakes to protect such data in at least an equivalent way to the one applicable to that particular case in the Party that may supply them.

3. The use, in judicial or administrative proceedings instituted in respect of breaches of customs legislation, of information obtained under this Annex, is considered to be for the purposes of this Annex. Therefore, the Parties may, in their records of evidence, reports and testimonies and in proceedings and charges brought before the courts, use as evidence, information obtained and documents consulted in accordance with the provisions of this Annex. The competent authority which supplied that information or gave access to those documents shall be notified of such use.

4. Information obtained shall be used solely for the purposes of this Annex. Where one of the Parties wishes to use such information for other purposes, it shall obtain the prior written consent of the authority which provided the information. Such use shall then be subject to any restrictions laid down by that authority.

Article 11

Experts and Witnesses

An official of a requested authority may be authorised to appear, within the limitations of the authorisation granted, as an expert or witness in judicial or administrative proceedings regarding the matters covered by this Annex, and produce such objects, documents or certified or legalised copies thereof, as may be needed for the proceedings. The request for appearance must indicate specifically before which judicial or administrative authority the official will have to appear, on what matters and by virtue of what title or qualification the official will be questioned.

Article 12

Assistance Expenses

The Parties shall waive all claims on each other for the reimbursement of expenses incurred pursuant to this Annex, except, as appropriate, for expenses to experts and witnesses, and those to interpreters and translators who are not public service employees.

Article 13

Implementation

1. The implementation of this Annex shall be entrusted to the customs authorities or other competent authorities of the Parties, who shall adopt all practical measures and arrangements necessary for its application. They may recommend to the competent bodies amendments which they consider should be made to this Annex.

2. The Parties shall consult each other and subsequently keep each other informed of the detailed rules of implementation which are adopted in accordance with the provisions of this Annex.

▼B

Article 14

Other Agreements

1. Taking into account the respective competencies of the European Union and its Member States on the one hand and Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua and Panama on the other, the provisions of this Annex shall:

(a) not affect the obligations of the Parties under any other international agreement or convention;

(b) be deemed complementary to Agreements on mutual assistance which have been or may be concluded between individual Member States of the European Union and Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua and Panama or between these countries; and

(c) not affect the European Union's provisions governing the communication between the competent services of the European Commission and the customs authorities of the Member States of the European Union of any information obtained under this Annex which could be of interest to the European Union.

2. Notwithstanding the provisions of paragraph 1(b), the provisions of this Annex shall take precedence over the provisions of any bilateral Agreement on mutual assistance which has been or may be concluded between individual Member States of the European Union and Costa Rica, El Salvador, Guatemala, Honduras, Nicaragua and Panama insofar as the provisions of the latter are incompatible with those of this Annex.

3. In respect of questions relating to the applicability of this Annex, the Parties shall consult each other to resolve the matter in the framework of the Sub-Committee on Customs, Trade Facilitation and Rules of Origin established under Article 123 of Chapter 3 of Title II (Trade in Goods) of Part IV of this Agreement.

▼B

ANNEX IV

SPECIAL PROVISIONS ON ADMINISTRATIVE CO-OPERATION

1. The Parties agree that administrative co-operation is essential for the implementation and the control of the preferential treatment granted under Chapter 1 of Title II (Trade in Goods) of Part IV of this Agreement and underline their commitment to combat breaches of customs legislation.

2. Where a Party has made a finding, on the basis of objective information, of a failure of the other Party to provide administrative co-operation with respect to the preferences granted under Chapter 1 of Title II (Trade in Goods) of Part IV of this Agreement, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned in accordance with this Annex.

3. For the purpose of this Annex, a failure by a Party to provide administrative co-operation shall mean:

   (a) a repeated failure to respect the obligations to verify the originating status of the product(s) concerned at the request of the other Party;

   (b) a repeated refusal to carry out or undue delay in communicating the results of subsequent verification of the proof of origin at the request of the other Party;

   (c) a repeated refusal or undue delay in obtaining authorisation to conduct administrative co-operation missions to verify the authenticity of documents or accuracy of information relevant to the granting of the preferential treatment in question. The request for authorisation in order to carry out administrative co-operation missions shall be established through the competent public authorities of each Party.

4. The application of a temporary suspension shall be subject to the following conditions:

   (a) the Party which has made a finding, on the basis of objective information, of a failure to provide administrative co-operation shall, before applying any temporary suspension, notify the Association Committee without undue delay of its finding together with the objective information and enter into consultations within the Association Committee, on the basis of all relevant information and objective findings, with a view to reaching a solution acceptable to both Parties to avoid the application of a temporary suspension;

   (b) where the Parties have entered into consultations within the Association Committee as stated above and have failed to agree on an acceptable solution within three months following the notification, to avoid the application of a temporary suspension, the Party concerned may temporarily suspend the relevant preferential treatment of the product(s) concerned. A temporary suspension shall be notified to the Association Committee without undue delay;

   (c) temporary suspensions under this Annex shall be limited to that necessary to protect the financial interests of the Party concerned. They shall not exceed a period of six months unless at that time there is no change in the circumstances that led to the temporary suspension. Temporary suspensions shall be notified immediately after their adoption to the Association Committee. They shall be subject to periodic consultations within the Association Committee in particular with a view to their termination as soon as the conditions for their application no longer apply.

5. The Parties shall inform importers of the findings leading to consultation of the Association Committee and/or of the adoption of a temporary suspension under this Annex in accordance with the internal procedures of the Parties.

▼B

ANNEX V

MANAGEMENT OF ADMINISTRATIVE ERRORS

Where a Party has made a finding, based on objective information, of the existence of an error by the competent public authorities of the other Party in the proper management of the preferential system at export in relation to the application of the provisions of Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Cooperation), where this error leads to consequences in terms of import duties, the Party facing such consequences shall request the Association Committee to examine the possibilities of adopting all appropriate measures with a view to resolving the situation in a satisfactory manner for the Parties.

ANNEX VII

REQUIREMENTS AND PROVISIONS FOR APPROVAL OF ESTABLISHMENTS FOR PRODUCTS OF ANIMAL ORIGIN

1. The Competent Authority of the importing Party shall draw up lists of approved establishments and shall make these lists publicly available.

2. Requirements and procedures for approval:

   (a) the animal product concerned shall have been authorised by the Competent Authority of the importing Party. This authorisation shall include the import and certification requirements;

   (b) the Competent Authority of the exporting Party shall approve the establishments intended to export and provide the importing Party with satisfactory sanitary guarantees that the establishments comply with the relevant requirements of the importing Party;

   (c) the Competent Authority of the exporting Party must have the power to suspend or withdraw the export approval of an establishment in the event of non-compliance;

   (d) the importing Party may carry out verifications in accordance with the provisions of Article 148 of Chapter 5 (Sanitary and Phytosanitary Measures) of Title II of Part IV of this Agreement as part of the approval procedure.

   This verification shall concern the structure, organisation and powers of the Competent Authority responsible for the approval of the establishment and the sanitary guarantees regarding the compliance with the importing Party's requirements.

   These checks may include on-the-spot inspection of establishments appearing on the list or lists provided by the exporting Party.

   Taking into account the specific structure and division of competence within the EU Party, such verification in the EU Party may concern individual Member States of the European Union; and

   (e) based on the results of the verification provided for in (d), the importing Party may amend the list of establishments.

3. The provisions in points 1 and 2 shall initially be limited to the following categories of establishments:

   (g) processing establishments and factory/freezer vessels for fishery products for human consumption including bivalve molluscs and crustaceans.

▼B

ANNEX VIII

GUIDELINES FOR CONDUCTING VERIFICATIONS

1. Verifications may be carried out on the basis of audits and/or on-the-spot checks.

2. For the purposes of this Annex:

   (a) the "auditee" is the Party subject to the verification; and

   (b) the "auditor" is the Party that carries out the verification.

3. General principles of verification:

   (a) Verifications should be made in co-operation between the auditor and the auditee in accordance with the provisions set out in this Annex;

   (b) Verifications should be designed to check the effectiveness of the controls of the auditee rather than to reject individual animals, groups of animals, consignments of food establishments or individual lots of plants or plant products. Where verification reveals a serious risk to animal, plant or human health, the auditee shall take immediate corrective action. The process may include study of the relevant regulations, method of implementation, assessment of the end result, level of compliance and subsequent corrective actions;

   (c) The frequency of verifications should be based on performance. A low level of performance should result in an increased frequency of verifications. Unsatisfactory performance must be corrected by the auditee to the auditor's satisfaction;

   (d) Verifications, and the decisions based on them, shall be made in a transparent and consistent manner.

4. Principles relating to the auditor.

   The auditors should prepare a plan, preferably in accordance with recognised international standards, that covers the following points:

   (a) the subject, depth and scope of the verification;

   (b) the date and place of the verification, along with a timetable up to and including the issue of the final report;

   (c) the language or languages in which the verification will be conducted and the report will be written;

   (d) the identity of the auditors including, if a team approach is used, the leader of the team. Specialised professional skills may be required to carry out verification of specialised systems and programmes;

   (e) a schedule of meetings with officials and visits to establishments or facilities, as appropriate. The identity of establishments or facilities to be visited need not be stated in advance;

   (f) subject to provisions on freedom of information, respect of commercial confidentiality shall be observed by the auditor. Conflicts of interest must be avoided; and

   (g) respect of the rules governing occupational health and safety related to sanitary and phytosanitary matters. This plan should be reviewed in advance with representatives of the auditee.

5. Principles relating to the auditee.

   The following principles apply to actions taken by the auditee in order to facilitate verification:

▼B

(a) the auditee shall cooperate fully with the auditor and shall nominate personnel responsible for this task. Cooperation may include, for example:

(i) the access to all relevant regulations and standards;

(ii) the access to compliance programmes and appropriate records and documents;

(iii) the access to audit and inspection reports;

(iv) the access to documentation concerning corrective actions and sanctions; or

(v) the facilitation of the entry to establishments;

(b) the auditee shall operate a documented programme to demonstrate to the auditor that standards are being met on a consistent and uniform basis.

6. Procedures:

(a) Opening meeting. An opening meeting should be held between representatives of the Parties. At this meeting, the auditor will be responsible for reviewing the verification plan and confirming that adequate resources, documentation and any other necessary facilities are available for conducting the verification;

(b) Document review. The document review may consist of a review of the documents and records referred to in paragraph 5(a), of the structures and competences of the auditee, and of any relevant changes to inspection and certification systems since the entry into force of this Agreement or since the previous verification, with emphasis on the implementation of elements of the system of inspection and certification for animals, animal products, plants or plant products of interest. This may include an examination of relevant inspection and certification records and documents;

(c) On-the-spot checks:

(i) To decide if an on-the-spot check should be carried out, the risk of the concerned animal, plant or product, should be considered, taking into account factors such as the history of conformity with requirements by the industry sector or exporting country, the volume of product produced and imported or exported, changes in infrastructure and the national inspection and certification systems.

(ii) On-the-spot checks may involve visits to production and manufacturing facilities, food-handling or storage areas and control laboratories to check on compliance with the information contained in the documentary material referred to in 6(b);

(d) Follow-up verification. Where a follow-up verification is being conducted in order to verify the correction of deficiencies, it may be sufficient to examine only those points which have been found to require correction.

7. Working documents.

Forms for reporting audit findings and conclusions should be standardised as much as possible in order to make the approach to verification more uniform, transparent and efficient. The working documents may include any checklists of elements to evaluate. Such checklists may cover:

(a) legislation;

(b) structure and operations of inspection and certification services;

(c) establishment details and working procedures, health statistics, sampling plans and results;

▼B

(d) compliance action and procedures;

(e) reporting and complaint procedures; and

(f) training programmes.

8. Closing Meeting.

A closing meeting shall be held between representatives of the Parties, including, where appropriate, officials responsible for the national inspection and certification programs. At this meeting the auditor shall present the findings of the verification. The information shall be presented in a clear, concise manner so that the conclusions of the audit are clearly understood. An action plan for correction of any deficiencies noted shall be drawn up by the auditee, preferably with target dates for completion.

9. Report.

The draft report of verification shall be forwarded to the auditee within twenty working days. The auditee shall have twenty five working days to comment on the draft report. Comments made by the auditee shall be attached to and, where appropriate, included in the final report. However, where a significant public, animal or plant health risk has been identified during the verification, the auditee shall be informed as quickly as possible and in any case within ten working days following the end of the on-the-spot verification.

ANNEX X

LISTS OF COMMITMENTS ON ESTABLISHMENT

▼M3

SECTION A

EU PARTY

1. The list of commitments below indicate the economic activities liberalised pursuant to Article 166 of this Agreement and, by means of reservations, the market access and national treatment limitations that apply to establishments and investors of the Republics of the CA Party in those activities. The lists are composed of the following elements:

   (a) a first column indicating the sector or subsector in which the commitment is assumed by the Party, and the scope of liberalisation to which the reservations apply;

   (b) a second column describing the applicable reservations.

   When the column referred to under paragraph 1(b) only includes Member State-specific reservations, Member States not mentioned therein undertake commitments in the sector concerned without reservations (N.B. the absence of Member State-specific reservations in a given sector is without prejudice to horizontal reservations or to sectoral EU-broad reservations that may apply).

   Sectors or subsectors not mentioned in the list below are not committed.

2. In identifying individual sectors and subsectors:

   (a) 'ISIC rev 3.1' means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, ISIC rev 3.1, 2002;

   (b) 'CPC' means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991;

   (c) 'CPC ver. 1.0' means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

3. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation within the meaning of Articles 164 and 165 of this Agreement. Those measures (for example need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to investors of the other Party.

4. In accordance with Article 159, paragraph 3, of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

5. In accordance with Article 164 of this Agreement non-discriminatory requirements as regards the types of legal form of an establishment are not included in the list below.

▼M3

6. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

Sector or subsector	Description of reservations
ALL SECTORS	Real estate AT, BG, CY, CZ, DK, EE, ES, EL, FI, HR, HU, IE, IT, LT, LV, MT, PL, RO, SI, SK: Limitations on acquisition of land and real estate by foreign investors. ([1])
ALL SECTORS	Public utilities EU: Economic activities considered as public utilities at a national or local level may be subject to public monopolies or to exclusive rights granted to private operators. ([2])
ALL SECTORS	Types of establishment EU: Treatment accorded to subsidiaries (of third-country companies) formed in accordance with the law of a Member State and having their registered office, central administration or principal place of business within the EU is not extended to branches or agencies established in a Member State by a third-country company. BG: Establishment of branches is subject to authorisation. EE: At least one half of the members of the management board shall have their residence in the EU. FI: A foreigner carrying on trade as a partner in a Finnish limited or general partnership needs a trade permit and has to be permanently resident in the EU. For all sectors except telecommunications services, nationality condition and residency requirement for at least half of the ordinary and deputy members of the Board of Directors. Company exemptions may, however, be granted. If a foreign organisation intends to carry on a business or trade by establishing a branch in Finland, a trade permit is required. A permission to act as a founder of a limited company is required of a foreign organisation or a private person, who is not an EU citizen. For telecommunications services, permanent residency for half of the founders and half of the members of the board of directors. If the founder is a juridical person, residence requirement for that juridical person. IT: Access to industrial, commercial and artisanal activities is subject to a residence permit and specific authorisation to pursue the activity. BG, PL: The scope of operations of a representative office may only encompass advertising and promotion of the foreign mother company represented by the office.

▼M3

Sector or subsector	Description of reservations
	PL: With the exception of financial services, unbound for branches. Non-EU investors can undertake and conduct economic activity only in the form of a limited partnership, limited joint-stock partnership, limited liability company, and joint-stock company (in the case of legal services only in the form of registered partnership and limited partnership). RO: The sole administrator or the chairman of the Board of Administration as well as half of the total number of administrators of the commercial companies shall be Romanian citizens unless otherwise stipulated in the company contract or its statutes. The majority of the commercial companies' auditors and their deputies shall be Romanian citizens. SE: A foreign company (which has not established a legal entity in Sweden) shall conduct its commercial operations through a branch, established in Sweden with independent management and separate accounts. Building projects with duration of less than a year are exempted from the requirements of establishing a branch or appointing a resident representative. A limited liability company (joint stock company) may be established by one or several founders. A founding party shall either reside in Sweden or be a Swedish legal entity. A partnership can only be a founding party if each partner resides in Sweden. Corresponding conditions prevail for establishment of all other types of legal entities. At least fifty percent of the members of the board shall reside in Sweden. Foreign or Swedish citizens not residing in Sweden who wish to conduct commercial operations in Sweden, shall appoint and register with the local authority a resident representative responsible for such activities. Residency conditions might be waived if it can be proved that they are not necessary in a given case. SI: The establishment of branches by foreign companies is conditioned with the registration of the parent company in a court register in the country of origin for at least one year. SK: A foreign natural person whose name is to be registered in the Commercial Register as a person authorised to act on behalf of the entrepreneur is required to submit residence permit for the Slovak Republic.
ALL SECTORS	Investment ES: Investment in Spain by foreign government and foreign public entities (which tends to imply, besides economic, also non-economic interests to entity's part), directly or through companies or other entities controlled directly or indirectly by foreign governments, need prior authorisation by the government.

Sector or subsector	Description of reservations
	BG: In enterprises where the public (State or municipal) share in the equity capital exceeds thirty percent, the transfer of these shares to third parties needs authorisation. Certain economic activities related to the exploitation or use of State or public property are subject to concessions granted under the provisions of the Concessions Act. Foreign investors cannot participate in privatisation. Foreign investors and Bulgarian juridical persons with controlling foreign participation require permission for: (a) prospecting, development or extraction of natural resources from the territorial seam continental shelf or the exclusive economic zone; and (b) acquisition of a controlling participation in companies engaged in any of the activities specified under point (a).
	FR: Foreign purchases exceeding 33,33 percent of the shares of capital or voting rights in existing French enterprise, or twenty percent in publicly quoted French companies, are subject to the following regulations: — investments of less than EUR 7,6 million in French enterprises with a turnover not exceeding EUR 76 million are free, after a delay of fifteen days following prior notification and verification that these amounts are met, — after a period of one month following prior notification, authorisation is tacitly granted for other investments unless the Minister of Economic Affairs has, in exceptional circumstances, exercised its right to postpone the investment. Foreign participation in newly privatised companies may be limited to a variable amount, determined by the government of France on a case by case basis, of the equity offered to the public. For establishing in certain commercial, industrial or artisanal activities, a specific authorisation is needed if the managing director is not holder of a permanent residence permit.
	FI: Acquisition of shares by foreign owners giving more than one third of the voting rights of a major Finnish company or a major business undertaking (with more than 1 000 employees or with a turnover exceeding EUR 168 million or with a balance sheet total exceeding EUR 168 million) is subject to confirmation by the Finnish authorities; the confirmation may be denied only if an important national interest would be jeopardised. These limitations do not apply to telecommunications services. HU: Unbound for foreign participation in newly privatised companies. IT: Exclusive rights may be granted or maintained to newly-privatised companies. Voting rights in newly privatised companies may be restricted in some cases. For a period of five years, the acquisition of large equity stakes of companies operating in the fields of defence, transport services, telecommunications and energy may be subject to the approval of the competent authorities.

Provision of legal services is only authorised in respect of public international law, EU law and the law of any jurisdiction where the investor or its personnel is qualified to practise as a lawyer, and, like the provision of other services, is subject to licensing requirements and procedures applicable in Member States of the European Union. For lawyers providing legal services in respect of public international law and foreign law, these may take *inter alia* the form of compliance with local codes of ethics, use of home title (unless recognition with the host title has been obtained) insurance requirements, simple registration with the host country Bar or a simplified admission to the host country Bar through an aptitude test and a legal or professional domicile in the host country. Legal services in respect of EU law shall in principle be carried out by or through a fully qualified lawyer admitted to the Bar in the EU acting personally, and legal services in respect of the law of a Member State of the European Union shall in principle be carried out by or through a fully qualified lawyer admitted to the Bar in that Member State acting personally. Full admission to the Bar in the relevant Member State of the European Union might therefore be necessary for representation before courts and other competent authorities in the EU since it involves practice of EU and national procedural law. However, in some Member States, foreign lawyers not fully admitted to the Bar are allowed to represent in civil proceedings a party being a national or belonging to the State in which the lawyer is entitled to practise.

(17) Does not include legal advisory and legal representational services on tax matters, which are to be found under 6.A.(a) (Legal services).

(18) The supply of pharmaceuticals to the general public, like the provision of other services, is subject to licensing and qualification requirements and procedures applicable in Member States of the European Union. As a general rule, this activity is reserved to pharmacists. In some Member States, only the supply of prescription drugs is reserved to pharmacists.

(19) The horizontal limitation on public utilities applies.

(20) Part of CPC 85201 which is to be found under 6.A.(h) (Medical and dental services).

(21) The service involved relates to the profession of real estate agent and does not affect any rights and/or restrictions on natural and juridical persons purchasing real estate.

(22) The horizontal limitation on public utilities applies to technical testing and analysis services compulsory for the granting of marketing authorisations of for utilisation authorisations (for example car inspection, food inspection).

(23) The horizontal limitation on public utilities applies to certain activities related to mining (minerals, oil, gas, etc.).

SECTION B

REPUBLICS OF THE CA PARTY

COSTA RICA

1. The list of commitments below indicates the economic activities committed pursuant to Article 166 of this Agreement and, by means of reservations, the market access and national treatment limitations, conditions and qualifications that apply to establishments and investors of the EU Party in those activities. The list is composed of the following elements:

   (a) A first column indicating the economic activities in which the commitment is assumed by the Party, and the scope to which the reservations apply;

   (b) A second column describing the applicable reservations.

2. For the purpose of this list, the term none indicates economic activities where there are no limitations, conditions and qualifications to national treatment or market access. The term unbound indicates that no national treatment or market access commitments have been made.

   For greater certainty, the absence of specific reservations in a given economic activity is without prejudice to the horizontal reservations that apply.

3. Economic activities not mentioned in the list below are not committed.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 4, ISIC REV 3.1, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permit, register and other authorisation) and procedures when they do not constitute market access or national treatment limitations, conditions and qualifications within the meaning of Articles 164 and 165 of this Agreement. Those measures (for example, need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to investors of the EU Party.

6. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

7. In accordance with Article 164 of this Agreement non-discriminatory requirements as regards the types of legal form of an establishment are not included in the list below.

8. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

HORIZONTAL RESERVATIONS	
All economic activities listed:	
1. Treatment accorded to subsidiaries of juridical persons of the EU Party constituted in accordance with the Costa Rican legislation and having their registered office, central administration or principal place of business within the territory of Costa Rica is not extended to branches, agencies or representatives offices established in the territory of Costa Rica by a juridical person of the EU Party. Treatment less favourable may be accorded to subsidiaries of a juridical person of the EU Party constituted in accordance with the Costa Rican legislation, which have only their registered office or central administration in the territory of Costa Rica; unless it can be proved that they maintain substantive business operations in the territory of Costa Rica.	
2. The associations located abroad that would like to act in Costa Rica and the foreign juridical persons that have or want to open branches in the territory of Costa Rica, are obliged to constitute and maintain in the country a power of attorney for the branch's business.	
3. In the maritime-terrestrial zone defined in accordance with the Costa Rican legislation shall not be developed any activity in the public zone. Concessions shall be granted only in the restricted zone, nevertheless concessions shall not be granted to: (a) foreigners that have not resided in the country for at least five years; (b) enterprises with bearer shares; (c) enterprises domiciled abroad; (d) enterprises incorporated in the country solely by foreigners; and (e) enterprises where more than fifty percent of the capital shares or stocks are owned by foreigners. The entities or its partners that have those concessions shall not transfer quotas or shares to foreigners.	
4. An enterprise under a free zone regime in Costa Rica shall not introduce more than a twenty five percent of its total products sells, or more than fifty percent of its total sells of services to the Costa Rican customs territory. An enterprise under the free zone regime in Costa Rica, that only handles, re-packs or re-distributes merchandise, shall not introduce such products to the Costa Rican customs territory.	
5. Shall not be permanently removed from State ownership any power that may be obtained from public waters within the national territory; deposits of coal, wells and deposits of oil and any other hydrocarbons, as well as any deposits of radioactive minerals existing within the national territory; and wireless services. They may be exploited only by the public administration or by private parties, in accordance with the law or under a special concession granted for a limited time and on the basis of conditions and stipulations to be established by the Legislative Assembly.	
6. National railroads, docks, and airports – the latter while in use – may not be sold, leased or encumbered, directly or indirectly, or be otherwise removed from State ownership and control. The railroads, railways, docks and international airports, new or existing, as well as the services there supplied, shall only be granted in concession through the stipulated proceedings in the national legislation. In the case of *Limón, Moín, Caldera* and *Puntarenas* docks, shall only be given in concession the new works or the additions that are being done, not the existing ones. All enterprises holding railroads, docks or airports concessions must be constituted under Costa Rican legislation and domiciled in Costa Rica.

Economic activity	Description of reservations
7. Economic activities considered as public utilities or public services ([1]) may be subject to a public monopoly or to exclusive rights granted to natural persons or juridical persons, public or private. To be a public service supplier the respective concession or permit shall be obtained from the competent public entity. The institutions and public enterprises that, as a legal mandate, supply any of these services are excluded from this obligation. The suppliers shall not have any monopolistic right over a public service that they exploit and shall be subject to the limitations and changes imposed by the legislation. New concessions, permits or authorisations shall be granted as long as the demand of services justifies it, or that those services could be offered in better conditions for the user. Priority shall be given to the concessionaires that are supplying the service. State monopolies created by law or granted in administration, are excluded from the above mentioned.	
8. Only the professional services suppliers duly incorporated to the respective professional association in Costa Rica are authorised to practice the profession in the Costa Rican territory, including advisory and consulting. Residency requirements apply. To be incorporated in some of the professional associations in Costa Rica, the foreign professional services suppliers shall demonstrate that in their country of origin, where they are authorised to practice their profession, the Costa Rican professional services suppliers can practice the profession under like circumstances. In some cases, the hiring of foreign professional services suppliers on behalf of State or private institutions can only happen when there are no Costa Rican professional services suppliers willing to supply the service in the required conditions, or under the declaration of *inopia*.	
9. Costa Rica reserves the right to adopt or maintain any measure: (a) that grants rights or preferences to social or economic groups under disadvantage or to native groups; and (b) with respect to the provision of law enforcement and correctional services, and the following services to the extent they are social services established or maintained for a public purpose: income security or insurance, social security or insurance, social welfare, public education, public training, health, child care, public sewage services, and water supply services.	
10. In economic activities included in this list, any market access and national treatment reservations maintained at local governments' level (municipalities) are consolidated; nevertheless such reservations are not listed. These reservations shall not be construed as nullifying the commitments taken by Costa Rica in Title V (Government Procurement) of Part IV of this Agreement.	
11. The senior management, boards of directors and other related positions within public institutions and public enterprises are reserved to Costa Rican nationals.	
12. Market access for non-services is unbound. Any more favourable commitment on market access for non-services sectors within the meaning of Article 164 of this Agreement resulting from an international agreement shall constitute a commitment under this agreement as of the date of entry into force of that agreement.

12. FINANCIAL SERVICES

In the case of financial services, the differentiated treatment that is set out in the Costa Rican legislation in favour of the State, commercial state banks and other public institutions, with regard to private banks and financial private institutions (Costa Rican or foreign capital) or another State, does not constitute a reservation on market access and national treatment.

Costa Rica reserves the right to adopt or maintain measures requiring the incorporation in Costa Rica of foreign financial services suppliers, other than those seeking to operate as banks or insurance companies within Costa Rica.

A. Insurance and insurance-related services	Incorporation is required except for insurance and reinsurance companies. On a non-discriminatory basis, doing business and solicitation shall be prohibited for representation offices. The State guarantees the insurance activity of the *Instituto Nacional de Seguros*. Public monopoly for compulsory automobile insurance and occupational risk insurance until January 1, 2011.
B. Banking and other financial services (excluding insurance)	Private banks in Costa Rica are required to be constituted or organised under Costa Rican law. The State guarantees the liabilities of the State Banks. Private banks that operate current accounts and saving sections have to meet the following requirements: (a) To maintain permanently a minimum loan balance with the state bank that administers the *fondo de crédito para el desarrollo* equivalent to seventeen percent of total short-term deposits (thirty days or less), once the corresponding reserve is deducted, both in domestic and foreign currencies. Such funds will be placed at a rate equivalent to fifty percent of either the basic passive rate calculated by the *Banco Central de Costa Rica* for domestic currency, or the LIBOR rate at a one month term for foreign currency.

▼B

Economic activity	Description of reservations
	(b) Alternatively, to establish at least four agencies or branches to provide basic banking services – both passive and active – in the following regions: Chorotega, Central Pacific, Brunca, Atlantic Huetar, and North Huetar, dedicating at least ten percent, once the corresponding reserve has been deducted, of total short-term deposits (thirty days or less), in domestic or foreign currency, to credits for programs designated by the *Consejo Rector del Sistema de Banca para el Desarrollo*, with such funds to be placed at a rate not higher than the basic passive rate calculated by the *Banco Central de Costa Rica*, in its placements in domestic currency, and the LIBOR rate at a one-month term, for resources in foreign currency. The State and public institutions with state character, as well as the public institutions the equity of which belongs mainly to the State or its institutions, may only make deposits and operations in current and savings accounts through State commercial banks. Only *Banco Popular y de Desarrollo Comunal* will manage the funds of the mandatory contributions made by employers and employees pursuant to respective legislation. At least ten Costa Rican co-operative organisations are required to establish and operate a co-operative bank. At least twenty five Costa Rican solidarity associations are required to establish and operate a solidarity bank. On a non-discriminatory basis, non-bank financial companies may not provide financial leasing services, since there are legal restrictions on the acquisition of movable and immovable property by such entities.

EL SALVADOR

1. The list of commitments below indicates the economic activities inscribed pursuant to Article 166 of this Agreement and by means of reservations, the market access and national treatment limitations, conditions and qualifications that apply to establishments and investors of the EU Party in those activities. The list is composed of the following elements:

   (a) a first column indicating the economic activities in which the commitment is assumed by the Party, and the scope to which the reservations apply; and

   (b) a second column describing the applicable reservations.

2. For the purpose of this list, the term none indicates economic activities where there are no limitations, conditions and qualifications to national treatment or market access. The term unbound indicates that no national treatment or market access commitments have been made.

   For greater certainty, the absence of specific reservations in a given economic activity is without prejudice to the horizontal reservations that apply.

3. Economic activities not mentioned in the list below are not committed.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 4, ISIC REV 3.1, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991; and

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permit, register and other authorisation) and procedures when they do not constitute a market access or a national treatment limitations, conditions and qualifications within the meaning of Articles 164 and 165 of this Agreement. Those measures (for example, need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to investors of the EU Party.

6. In accordance with Article 159, paragraph 3, of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

7. In accordance with Article 164 of this Agreement non-discriminatory requirements as regards the types of legal form of an establishment are not included in the list below.

8. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

Sector or sub-sector	Description of reservations
HORIZONTAL COMMITMENTS	

1. The airspace, subsoil, and the corresponding continental and insular shelf are owned by El Salvador. The State can grant a concession for the exploitation of the subsoil.

2. Rural land may not be owned by a foreign person, including a branch of a foreign person, if the person is a national of a country or is organised under the law of a country that does not permit Salvadoran nationals to own rural land, except in the case of land to be used for industrial plants.

3. An enterprise organised under Salvadoran law, a majority of whose capital is owned by foreign persons, or a majority of whose partners are foreign persons, is subject to the preceding paragraph.

4. Only the following persons may engage in small scale commerce, industry, and the supply of services in El Salvador:

   (a) Salvadoran nationals born in El Salvador; and

   (b) Nationals of Costa Rica, Guatemala, Honduras, and Nicaragua.

   An enterprise organised under Salvadoran law, a majority of whose capital is owned by foreign persons, or a majority of whose partners are foreign persons, may not establish a small scale enterprise to engage in small scale commerce, industry, and the supply of services.

   For purpose of this entry, a small scale enterprise is an enterprise with a capitalisation not greater than $US 200.000.

5. In cooperative production societies, at least seventy five per cent of the total number of partners must be Salvadoran persons. A branch of an enterprise that is not organised under Salvadoran law is not a Salvadoran person.

   For greater certainty, a cooperative production society exists to provide certain benefits to its members including with respect to distribution, sales, management, and technical assistance. Its functions are not only economic but also social.

6. Every employer must employ Salvadorian nationals in a proportion of at least ninety per cent of the personnel of his enterprise. In special circumstances the Ministry of Labour and Social Security may authorise the employment of more foreigners when it is difficult or impossible to replace them with nationals, but employers remain obliged to train Salvadorian personnel under the supervision and control of the mentioned Ministry within a period of not more than five years. The amount of wages of Salvadorians can not be less than eighty five per cent of the total wages paid. This percentage may be changed with the authorisation of the above mentioned Ministry ([1]).

7. El Salvador may adopt or maintain any measure according rights or preferences to socially or economically disadvantaged minorities.

8. El Salvador may adopt or maintain any measure relating to the execution of social readaptation laws and services, as well as any social services, when they are established or maintained for a public purpose.

9. Nothing in this Agreement, including the present list of specific commitments, will be interpreted in requiring a Party to privatise the supply of public services in the exercise of governmental authority.

10. The market access and national treatment limitations maintained at local governments' level are consolidated, though they are not listed. These limitations shall not be construed as nullifying the commitments taken by El Salvador in the chapter on Public Procurement.

Economic activity	Description of reservations
HORIZONTAL RESERVATIONS	
All economic activities listed:	
Guatemala reserves the right to adopt or maintain any measure that guarantees rights or preferences for Minorities and Indigenous Populations, socially and economically disadvantaged.	
Investment Foreign nationals require an authorisation from the *Oficina de Control de Areas de Reserva del Estado* to acquire ownership of the following state-owned land: (a) real estate located in urban zones; and (b) real estate for which rights were registered in the General Property Registry before March 1, 1956 in the following locations: (i) a 3 - kilometre- long strip of land along the ocean; (ii) 200 meters around the lakeshores; (iii) 100 meters on either side of the navigable rivers; and (iv) 50 meters around any spring that serves as a source of water for the population. Only the Government may rent state-owned land described above to enterprises organised under Guatemalan law.	
Investment Only Guatemalans by birth and companies owned one hundred percent by Guatemalans by birth can be owners or possessing national lands located within fifteen kilometres from the border. Foreigners may, however, owning or possessing urban property or property rights of the State, registered with the Registrar General of the Property, prior to 1 March 1956 within fifteen kilometres of the border.	
Investment A company constituted under foreign laws, can be established in Guatemala in any form, but shall constitute a capital allocated to its operations in Guatemala, and a bond in favour of a third party for an amount not less than the equivalent in *quetzales* of US$ 50,000, which shall remain in force for as long as that company is operating in Guatemala. The exact amount of the bond will be determined by the Register of Companies based *inter alia* on the amount of the investment. For greater certainty, the requirement of a bond should not to be viewed as an impediment to a company organised under the laws of a foreign country, to settle in Guatemala.	

▼B

Economic activity	Description of reservations
Every employer is prohibited to employ less than ninety percent of Guatemalan workers and pay them less than eighty-five percent of the total wages earned in their respective business unless otherwise provided under special laws. Both proportions may change: a) If so require obvious reasons of protecting and promoting the national economy, or lack of Guatemalans technicians in a particular activity or defending national workers to demonstrate their abilities. In all these circumstances, the Executive Branch, through agreement reasoned issued through the Ministry of Labor and Social Security, both ratios may decrease by up to ten per cent each and for a period of five years for each company, or increase them to eliminate the participation of foreign workers. In the case the Ministry authorises the reduction of rates expressed before, it should require companies to prepare Guatemalan technicians in the branch of their activities within that purpose was granted; and b) When authorised and controlled immigration occur by the Executive Branch or contracted by the same, and entering or have entered the country to work in the establishment or development of settled agriculture or livestock, welfare institutions or cultural character; or in the case of Central American origin. In all these circumstances, the scope of the respective modification should be given the discretion of the Executive Branch, but the agreement that was handed down through the Ministry of Labor and Social Security must clearly state the reasons, limit and duration of the change is made. For the purposes of the first paragraph, fractions should not be taken into account, and when the total number of employees does not exceed five, four of them shall be Guatemalan.	
The provision of this measure does not apply to managers, administrators, supervisors and general managers of companies. For greater certainty this clause applies to foreign workers under an employment relationship in the host country and without prejudice of the commitments made under Chapter 4 (Temporary Presence of Natural Persons for Business Purposes).	
NON SERVICES SECTORS	
Market access for non services is unbound. Any more favourable commitment on market access for non services sectors within the meaning of Article 164 on market access in the establishment chapter, resulting from an international agreement shall constitute a commitment under this agreement as of the date of entry into force of that agreement.

1. The list of commitments below indicates the economic activities committed pursuant to Article 166 of this Agreement and, by means of reservations, the market access and national treatment limitations, conditions and qualifications that apply to establishments and investors of the EU Party in those activities. The list is composed of the following elements:

   (a) A first column indicating the economic activities in which the commitment is assumed by the Party, and the scope to which the reservations apply;

   (b) A second column describing the applicable reservations.

2. For the purpose of this list, the term none indicates economic activities where there are no limitations, conditions and qualifications to national treatment or market access. The term unbound indicates that no national treatment or market access commitments have been made.

   For greater certainty, the absence of specific reservations in a given economic activity is without prejudice to the horizontal reservations that apply.

3. Economic activities not mentioned in the list below are not committed.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 4, ISIC REV 3.1, 2002;

HORIZONTAL RESERVATIONS	
	The authorisation to establish a commercial presence may take into account the following criteria: A ceiling of ten per cent is established for the number of foreign workers in an enterprise who may not receive more than fifteen per cent of total wages paid. Both proportions can be modified when therefore they demand evident reasons of protection and promotion to the national economy or of lack of Honduran technicians in certain activity, or of defense of the national workers who demonstrate their capacity. In all these circumstances the Executive authority, by means of reasoned agreement emitted by the *Ministerio de Trabajo y Prevision Social*, can decrease both proportions until a ten percent each and during a period of five years for each company, or to increase them until eliminate the participation of the foreign workers. The percentages referred to above do not apply to company managers, directors, administrators, supervisors or general executives, provided that there are not more than two in each enterprise. In order to obtain the necessary work permit, foreigners must be resident in Honduras. EU nationals will be treated no less favourably than nationals of any other country in the application of the *Codigo de Trabajo*.
	State land, common land, and private land within forty kilometres of the borders and coastlines, and such land on islands, keys, coral reefs, breakwaters, rocks, and sand shoals in Honduras, can only be acquired, possessed, or held under any title by Honduran nationals by birth, by enterprises fully owned by Honduran nationals, and by state institutions. Notwithstanding the preceding paragraph, any person may acquire, possess, hold, or lease for up to forty years (which may be renewed) urban lands in such areas provided that it is certified and approved for tourist purposes, economic or social development, or for the public interest by the *Secretaría de Estado en el Despacho de Turismo*. Any person that acquires, possesses, or holds such urban land may transfer that land only after prior authorisation by the *Secretaría de Estado en el Despacho de Turismo.*
	Small-scale industry and trade are reserved to Honduran persons. Foreign investors cannot engage in small-scale industry or trade unless they are naturalised citizens and their country of origin grants reciprocity. "Small-scale industry and trade" means an enterprise with capital, excluding land, buildings, and vehicles, of less than 150 000*Lempiras*.
	Non-Honduran cooperatives may establish in Honduras if they receive authorisation from the *Instituto Hondureño de Cooperativas*. Authorisation will be granted if: (a) reciprocity exists in the country of origin; and (b) the non-Honduras cooperative has at least one permanent legal representative in Honduras.
	A society formed in accordance with the foreign laws can dedicate itself to the exercise of the commerce in Honduras if: It has a permanent representative in Honduras with ample faculties to realise all the legal acts and businesses that there are to be celebrated and to provide effect in the national territory.
	Social Services: Honduras reserves the right to adopt or maintain any measure with respect to the provision of law enforcement and correctional services, and the following services to the extent they are social services established or maintained for a public purpose: income security or insurance, social security or insurance, social welfare, public education, public training, health, and child care.

1. The list of commitments below indicate the economic activities inscribed pursuant to Article 166 of this Agreement and, by means of limitations, conditions and qualifications, the market access and national treatment reservations that apply to establishments and investors of the EU Party in those activities. The list is composed of the following elements:

   (a) A first column indicating the economic activities in which the commitment is assumed by the Party, and the scope to which the reservations apply;

   (b) A second column describing the applicable reservations.

2. For the purpose of this list, the term none indicates economic activities where there are no limitations, conditions and qualifications to national treatment or market access. The term unbound indicates that no national treatment or market access commitments have been made.

   For greater certainty, the absence of specific reservations in a given economic activity is without prejudice to the horizontal reservations that apply.

3. Economic activities not mentioned in the list below are not committed.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 4, *ISIC REV 3.1*, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permit, register and other authorisation) and procedures when they do not constitute market access or national treatment limitations, conditions and qualifications within the meaning of Articles 164 and 165 of this Agreement. Those measures (for example need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, non-discriminatory requirement that certain activities may not be carried out in environmental protected zones or areas of particular historic and artistic interest), even if not listed, apply in any case to investors of the EU Party.

6. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

7. In accordance with Article 164 of this Agreement non-discriminatory requirements as regards the types of legal form of an establishment are not included in the list below.

8. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

ANNEX XI

LISTS OF COMMITMENTS ON CROSS-BORDER SUPPLY OF SERVICES

▼M3

SECTION A

EU PARTY

1. The list of commitments below indicates the services sectors liberalised pursuant to Article 172 of this Agreement, and, by means of reservations, the market access and national treatment limitations that apply to services and services suppliers of the Republics of the CA Party in those sectors. The list is composed of the following elements:

   (a) a first column indicating the sector or subsector in which the commitment is assumed by the Party, and the scope of liberalisation to which the reservations apply;

   (b) a second column describing the applicable reservations.

   When the column referred to under paragraph 1(b) only includes Member State-specific reservations, Member States not mentioned therein undertake commitments in the sector concerned without reservations (N.B. the absence of Member State-specific reservations in a given sector is without prejudice to horizontal reservations or to sectoral EU-broad reservations that may apply).

   Cross-border supply of services in sectors or subsectors covered by this Agreement and not mentioned in the list below is not committed.

2. In identifying individual sectors and subsectors:

   (a) 'CPC' means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991;

   (b) 'CPC ver. 1.0' means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

3. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a market access or a national treatment limitation within the meaning of Articles 170 and 171 of this Agreement. Those measures (for example, need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations), even if not listed, apply in any case to service suppliers of the Republics of the CA Party.

4. The list below is without prejudice to the feasibility of Mode 1 in certain services sectors and subsectors and without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

5. In accordance with Article 159, paragraph 3, of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

6. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

(1) As regards services sectors, these limitations do not go beyond the limitations reflected in the existing GATS commitments.

(2) Includes legal advisory, legal representational, legal arbitration and conciliation/mediation, and legal documentation and certification services. Provision of legal services is only authorised in respect of public international law, EU law and the law of any jurisdiction where the service supplier or its personnel is qualified to practise as a lawyer, and, like the provision of other services, is subject to licensing requirements and procedures applicable in Member States of the European Union. For lawyers providing legal services in respect of public international law and foreign law, these may take *inter alia* the form of compliance with local codes of ethics, use of home title (unless recognition with the host title has been obtained) insurance requirements, simple registration with the host country Bar or a simplified admission to the host country Bar through an aptitude test and a legal or professional domicile in the host country. Legal services in respect of EU law shall in principle be carried out by or through a fully qualified lawyer admitted to the Bar in the EU acting personally, and legal services in respect of the law of a Member State of the European Union shall in principle be carried out by or through a fully qualified lawyer admitted to the Bar in that Member State acting personally. Full admission to the Bar in the relevant Member State might therefore be necessary for representation before Courts and other competent authorities in the EU since it involves practice of EU and national procedural law. However, in some Member states, foreign lawyers not fully admitted to the Bar are allowed to represent in civil proceedings a party being a national or belonging to the State in which the lawyer is entitled to practise.

(3) Does not include legal advisory and legal representational services on tax matters, which are to be found under 1.A.(a) (Legal services).

(4) The supply of pharmaceuticals to the general public, like the provision of other services, is subject to licensing and qualification requirements and procedures applicable in the Member States of the European Union. As a general rule, this activity is reserved to pharmacists. In some Member States, only the supply of prescription drugs is reserved to pharmacists.

(5) Part of CPC 85201, which is to be found under 1.A.(h) (Medical and dental services).

(6) The service involved relates to the profession of real estate agent and does not affect any rights and/or restrictions on natural and juridical persons purchasing real estate.

(7) Maintenance and repair services of transport equipment (CPC 6112, 6122, 8867 and CPC 8868) are to be found under 1.F.(l)1. to 1.F.(l)4. Maintenance and repair services of office machinery and equipment including computers (CPC 845) are to be found under 1.B. (Computer services).

(8) Does not include printing services, which fall under CPC 88442 and are to be found under 1.F.(p).

(9) For subsectors (i) to (iv), individual licences imposing particular universal services obligations and/or financial contribution to a compensation fund may be required.

(10) The term 'handling' should be taken to include clearance, sorting, transport and delivery.

(11) 'Postal item' refers to items handled by any type of commercial operator, whether public or private.

(12) For example letter, postcards.

(13) Books, catalogues are included hereunder.

(14) Journals, newspapers, periodicals.

(15) Express delivery services may include, in addition to greater speed and reliability, value added elements such as collection from point of origin, personal delivery to addressee, tracing and tracking, possibility of changing the destination and addressee in transit, confirmation of receipt.

(16) Provision of means, including the supply of ad hoc premises as well as transportation by a third party, allowing self-delivery by mutual exchange of postal items between users subscribing to this service. Postal item refers to items handled by any type of commercial operator, whether public or private.

(17) 'Items of correspondence': a communication in written form on any kind of physical medium to be conveyed and delivered at the address indicated by the sender on the item itself or on its wrapping. Books, catalogues, newspapers and periodicals are not regarded as items of correspondence.

(18) Transportation of mail on own account by any land Mode.

(19) Transportation of mail on own account by air.

(20) These services do not include on-line information and/or data processing (including transaction processing) (part of CPC 843) which is to be found under 1.B. (Computer services).

(21) Broadcasting is defined as the uninterrupted chain of transmission required for the distribution of TV and radio programme signals to the general public, but does not cover contribution links between operators.

(22) These services cover the telecommunications service consisting of the transmission and reception of radio and television broadcast by satellite (the uninterrupted chain of transmission via satellite required for the distribution of TV and radio programme signals to the general public). This covers selling use of satellite services, but does not include the selling of television programme packages to households.

(23) These services, which include CPC 62271, are to be found in ENERGY SERVICES under 13.D.

SECTION B

REPUBLICS OF THE CA PARTY

COSTA RICA

1. The list of commitments below indicates the services sectors or sub-sectors committed pursuant to Article 172 of this Agreement and, by means of reservations, the market access and national treatment limitations, conditions and qualifications that apply to services and services suppliers of the EU Party in those sectors or sub-sectors. The list is composed of the following elements:

   (a) A first column indicating the services sector or sub-sector in which the commitment is assumed by the Party, and the scope to which the reservations apply;

   (b) A second column describing the applicable reservations.

2. For the purpose of this list, the term none indicates a services sector or sub-sector where there are no limitations, conditions and qualifications to national treatment or market access. The term unbound indicates that no national treatment or market access commitments have been made.

   For greater certainty, the absence of specific reservations in a given services sector or sub-sector is without prejudice to the horizontal reservations that apply.

3. Cross-border supply of services in sectors or sub-sectors not mentioned in the list below is not committed.

4. In identifying individual services sectors or sub-sectors:

   (a) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991;

   (b) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permit, register and other authorisation) and procedures when they do not constitute market access or national treatment limitations, conditions and qualifications within the meaning of Articles 170 and 171 of this Agreement. Those measures (for example, need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations), even if not listed, apply in any case to services and services suppliers of the EU Party.

6. The list below is without prejudice to the feasibility of Mode 1 in certain services sectors or sub-sectors and without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

Sector or sub-sector	Description of reservations
HORIZONTAL RESERVATIONS	
All sectors and sub-sectors listed:	
1. Shall not be permanently removed from State ownership any power that may be obtained from public waters within the national territory; deposits of coal, wells and deposits of oil and any other hydrocarbons, as well as any deposits of radioactive minerals existing within the national territory; and wireless services. They may be exploited only by the public administration or by private parties, in accordance with the law or under a special concession granted for a limited time and on the basis of conditions and stipulations to be established by the Legislative Assembly.	
2. National railroads, docks, and airports – the latter while in use – may not be sold, leased or encumbered, directly or indirectly, or be otherwise removed from State ownership and control. The railroads, railways, docks and international airports, new or existing, as well as the services there supplied, shall only be granted in concession through the stipulated proceedings in the national legislation. In the case of Limón, Moín, Caldera and Puntarenas docks, shall only be given in concession the new works or the additions that are being done, not the existing ones.	
3. Services considered as public utilities or public services ([1]) may be subject to a public monopoly or to exclusive rights granted to natural persons or juridical persons, public or private. To be a public service supplier the respective concession or permit shall be obtained from the competent public entity. The institutions and public enterprises that, as a legal mandate, supply any of these services are excluded from this obligation. The suppliers shall not have any monopolistic right over a public service that they exploit and shall be subject to the limitations and changes imposed by the legislation. New concessions, permits or authorisations shall be granted as long as the demand of services justifies it, or that those services could be offered in better conditions for the user. Priority shall be given to the concessionaires that are supplying the service. State monopolies created by law or granted in administration, are excluded from the above mentioned.	
4. Only the professional services suppliers duly incorporated to the respective professional association in Costa Rica are authorised to practice the profession in Costa Rican territory, including advisory and consulting. Residency requirements apply. To be incorporated in some of the professional associations in Costa Rica, the foreign professional services suppliers shall demonstrate that in their country of origin, where they are authorised to practice their profession, the Costa Rican professional services suppliers can practice the profession under like circumstances.	
5. Costa Rica reserves the right to adopt or maintain any measure: (a) that grants rights or preferences to social or economic groups under disadvantage or to native groups; and (b) with respect to the provision of law enforcement and correctional services, and the following services to the extent they are social services established or maintained for a public purpose: income security or insurance, social security or insurance, social welfare, public education, public training, health, child care, public sewage services, and water supply services.	
6. In services included in this list, any market access and national treatment reservations maintained at local governments' level (municipalities) are consolidated; nevertheless such reservations are not listed. These reservations shall not be construed as nullifying the commitments taken by Costa Rica in Title V (Government Procurement) of Part IV of this Agreement.

Every employer is prohibited to employ less than ninety percent of Guatemalan workers and pay them less than eighty-five percent of the total wages earned in their respective business, unless otherwise provided under special laws.

Both proportions may change:

(a) If so require obvious reasons of protecting and promoting the national economy, or lack of Guatemalans technicians in a particular activity or defending national workers to demonstrate their abilities. In all these circumstances, the Executive Branch, through agreement reasoned issued through the Ministry of Labor and Social Security, both ratios may decrease by up to ten per cent each and for a period of five years for each company, or increase them to eliminate the participation of foreign workers.

In the case the Ministry authorises the reduction of rates expressed before, it should require companies to prepare Guatemalan technicians in the branch of their activities within that purpose was granted; and

(b) When authorised and controlled immigration occur by the Executive Branch or contracted by the same, and entering or have entered the country to work in the establishment or development of settled agriculture or livestock, welfare institutions or cultural character; or in the case of Central American origin. In all these circumstances, the scope of the respective modification should be given the discretion of the Executive Branch, but the agreement that was handed down through the Ministry of Labor and Social Security must clearly state the reasons, limit and duration of the change is made.

For the purposes of the first paragraph, fractions should not be taken into account, and when the total number of employees does not exceed five, four of them shall be Guatemalan.

The provision of this measure does not apply to managers, administrators, supervisors and general managers of companies.

For greater certainty this clause applies to foreign workers under an employment relationship in the host country and without prejudice of the commitments made under Chapter 4 (Temporary Presence of Natural Persons for Business Purposes).

Guatemala reserves the right to adopt or maintain any measure that guarantees rights or preferences for Minorities and Indigenous Populations, socially and economically disadvantaged

Economic activities considered as public utilities may be subject to a public monopoly or to exclusive rights granted to natural persons or juridical persons, public or private.

HONDURAS

1. The list of commitments below indicates the services sectors or sub-sectors committed pursuant to Article 172 of this Agreement and, by means of reservations, the market access and national treatment limitations, conditions and qualifications that apply to services and services suppliers of the EU Party in those sectors or sub-sectors. The list is composed of the following elements:

   (a) A first column indicating the services sector or sub-sector in which the commitment is assumed by the Party, and the scope to which the reservations apply;

   (b) A second column describing the applicable reservations.

2. For the purpose of this list, the term none indicates services sector or sub-sector where there are no limitations, conditions and qualifications to national treatment or market access. The term unbound indicates that no national treatment or market access commitments have been made.

   For greater certainty, the absence of specific reservations in a given services sector or sub-sector is without prejudice to the horizontal reservations that apply.

3. Cross-border supply of services in sectors or sub-sectors not mentioned in the list below is not committed.

4. In identifying individual services sectors or sub-sectors:

   (a) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991;

   (b) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permit, register and other authorisation) and procedures when they do not constitute market access or national treatment limitations, conditions and qualifications within the meaning of Articles 170 and 171 of this Agreement. Those measures (for example, need to obtain a license, universal service obligations, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations), even if not listed, apply in any case to services and services suppliers of the EU Party.

6. The list below is without prejudice to the feasibility of Mode 1 in certain services sectors or sub-sectors and without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

7. In accordance with Article 159 paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

ANNEX XII

RESERVATIONS ON KEY PERSONNEL AND GRADUATE TRAINEES OF THE EU PARTY

1. The list of reservations below indicates the economic activities liberalised pursuant to Article 166 of this Agreement for which limitations on key personnel and graduate trainees in accordance with Article 174 of this Agreement apply and specifies such limitations. The lists are composed of the following elements:

   (a) a first column indicating the sector or subsector in which limitations apply;

   (b) a second column describing the applicable limitations.

   When the column referred to under paragraph 1(b) only includes Member State-specific reservations, Member States not mentioned therein undertake commitments in the sector concerned without reservations (N.B. the absence of Member State-specific reservations in a given sector is without prejudice to horizontal reservations or to sectoral EU-broad reservations that may apply).

   The European Union and its Member States do not undertake any commitment for key personnel and graduate trainees in economic activities which are not liberalised (remain unbound) pursuant to Article 166 of this Agreement.

2. In identifying individual sectors and subsectors:

   (a) 'ISIC rev 3.1' means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, ISIC rev 3.1, 2002;

   (b) 'CPC' means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991;

   (c) 'CPC ver. 1.0' means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

3. Commitments on key personnel and graduate trainees do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

4. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements and procedures when they do not constitute a limitation within the meaning of Article 174 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed), even if not listed below, apply in any case to key personnel and graduate trainees of the other Party.

5. In accordance with Article 159, paragraph 3, of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

6. All requirements of the laws and regulations of the EU Party regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

▼**M3**

7. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

8. In those sectors where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation in the Member State or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

9. The rights and obligations arising from this list of reservations shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

ANNEX XIII

LISTS OF COMMITMENTS OF THE REPUBLICS OF THE CA PARTY ON KEY PERSONNEL AND GRADUATE TRAINEES

COSTA RICA

1. The list of commitments below indicates the economic activities, services sectors and sub-sectors committed pursuant to Article 174, paragraph 2 of this Agreement and the applicable reservations and conditions on key personnel and graduate trainees. The list is composed of the following elements:

   (a) A first column indicating the economic activities, services sectors or sub-sectors in which the commitment is assumed by the Party, and the scope to which the reservations and conditions apply;

   (b) A second column listing the applicable reservations and conditions.

2. For the purpose of this list, the term none indicates economic activities, services sectors or sub-sectors where there are no specific reservations and conditions in given economic activities, services sectors or sub-sectors, without prejudice to the horizontal reservations and conditions that apply. The term unbound indicates that no commitments have been made.

3. Costa Rica does not undertake any commitment on key personnel and graduate trainees in economic activities, services sectors or sub-sectors not mentioned in the list below.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, *ISIC REV 3.1*, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

5. Commitments on key personnel and graduate trainees do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures when they do not constitute a reservation within the meaning of Article 174 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed), even if not listed, apply in any case to key personnel and graduate trainees of the EU Party.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

▼B

8. All requirements of the laws and regulations of Costa Rica regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

10. In those economic activities where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

EL SALVADOR

1. The list of commitments below indicates the economic activities, services sectors and sub-sectors inscribed pursuant to Article 174, paragraph 2 of this Agreement and the applicable reservations and conditions on key personnel. The list is composed of the following elements:

   (a) a first column indicating the economic activities, services sectors or sub-sectors in which the commitment is assumed by the Party, and the scope to which the reservations and conditions apply; and

   (b) a second column listing the applicable reservations and conditions.

2. For the purpose of this list, the term none indicates an economic activities, services sectors or sub-sectors where there are no specific reservations and conditions in a given economic activities, services sectors or sub-sectors without prejudice to horizontal reservations and conditions that apply. The term unbound indicates that no commitments have been made.

3. El Salvador does not undertake any commitment on key personnel in economic activities, services sectors or sub-sectors which are not inscribed.

4. In identifying individual economic activities, services sectors or sub-sectors:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, *ISIC REV 3.1*, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991; and

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

5. Commitments on key personnel do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures, and measures regarding employment, work and social security conditions when they do not constitute a limitation within the meaning of Article 174 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to key personnel and graduate trainees of the EU Party.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. All requirements of the laws and regulations of El Salvador regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

▼B

10. In those economic activities, where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

GUATEMALA

1. The list of commitments below indicates the economic activities, services sectors and sub-sectors committed pursuant to Article 174, paragraph 2 of this Agreement and the applicable reservations and conditions on key personnel and graduate trainees. The list is composed of the following elements:

   (a) first column indicating the economic activities, services sectors or sub-sectors in which the commitment is assumed by the Party, and the scope to which the reservations and conditions apply;

   (b) A second column listing the applicable reservations and conditions.

2. For the purpose of this list, the term none indicates economic activities, services sectors or sub-sectors where there are no specific reservations and conditions in given economic activities, services sectors or sub-sectors without prejudice to the horizontal reservations and conditions that apply. The term unbound indicates that no commitments have been made.

3. Guatemala does not undertake any commitment on key personnel and graduate trainees in economic activities, service sectors or sub-sectors not mentioned in the list below.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, *ISIC REV 3.1*, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

5. Commitments on key personnel and graduate trainees do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures, and measures regarding employment, work and social security conditions when they do not constitute a limitation within the meaning of Article 174 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to key personnel and graduate trainees of the EU Party.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. All requirements of the laws and regulations of Guatemala regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

▼B

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

10. In those economic activities where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

HORIZONTAL RESERVATIONS	
All economic activities, and services sectors and sub-sector listed:	
1. Every employer is prohibited to employ less than ninety percent of Guatemalan workers and pay them less than eighty-five percent of the total wages earned in their respective business, unless otherwise provided under special laws. Both proportions may change: a) If so require obvious reasons of protecting and promoting the national economy, or lack of Guatemalans technicians in a particular activity or defending national workers to demonstrate their abilities. In all these circumstances, the Executive Branch, through agreement reasoned issued through the Ministry of Labor and Social Security, both ratios may decrease by up to ten per cent each and for a period of five years for each company, or increase them to eliminate the participation of foreign workers. In case the Ministry authorises the reduction of rates expressed before, it should require companies to prepare Guatemalan technicians in the branch of their activities within that purpose was granted; and b) When authorised and controlled immigration occur by the Executive Branch or contracted by the same, and entering or have entered the country to work in the establishment or development of settled agriculture or livestock, welfare institutions or cultural character; or in the case of Central American origin. In all these circumstances, the scope of the respective modification should be given the discretion of the Executive Branch, but the agreement that was handed down through the Ministry of Labour and Social Security must clearly state the reasons, limit and duration of the change is made. For the purposes of the first paragraph fractions should not be taken into account, and when the total number of employees does not exceed five, four of them shall be Guatemalans. The provision of this measure does not apply to managers, administrators, supervisors and general managers of companies. For greater certainty this clause applies to foreign workers under an employment relationship in the host country and without prejudice of the commitments made under Chapter 4 (Temporary Presence of Natural Persons for Business Purposes).	
2. Economic activities considered as public utilities may be subject to a public monopoly or to exclusive rights granted to natural persons or juridical persons, public or private.	
3. Guatemala reserves the right to adopt or maintain any measure that guarantees rights or preferences for Minorities and Indigenous Populations, socially and economically disadvantaged.	
4. An authorisation of entry and temporary stay under this list shall not supersede the non-discriminatory requirements demanded to the exercise of a profession or activity according to the specific regulatory framework in force.

NICARAGUA

1. The list of commitments below indicates the economic activities, services sectors and sub-sectors committed pursuant to Article 174, paragraph 2 of this Agreement and the applicable reservations and conditions on key personnel and graduate trainees. The list is composed of the following elements:

   (a) A first column indicating the economic activities, services sectors and sub-sectors in which the commitment is assumed by the Party, and the scope to which the reservations and conditions apply;

   (b) A second column listing the applicable reservations and conditions.

2. For the purpose of this list, the term none indicates economic activities, services sectors or sub-sectors where there are no specific reservations and conditions in given economic activities, services sectors or sub-sectors without prejudice to the horizontal reservations and conditions that apply. The term unbound indicates that no commitments have been made.

3. Nicaragua does not undertake any commitment on key personnel and graduate trainees in economic activities, services sectors and sub-sectors not mentioned in the list below.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 4, *ISIC REV 3.1*, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. Commitments on key personnel and graduate trainees do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures when they do not constitute a reservation within the meaning of Article 174 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed), even if not listed, apply in any case to key personnel and graduate trainees of the EU Party.

7. In accordance with Article 159 paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. All requirements of the laws and regulations of Nicaragua regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

▼B

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

10. In those economic activities where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

PANAMA

1. The list of commitments below indicates the economic activities, services sectors and sub-sectors committed pursuant to Articles 174 of this Agreement and the applicable reservations and conditions on key personnel and graduate trainees. The list is composed of the following elements:

   (a) A first column indicating the economic activities, services sectors or sub-sectors in which the commitment is assumed by the Party, and the scope to which the reservations and conditions apply;

   (b) A second column listing the applicable reservations and conditions.

2. For the purpose of this list, the term None indicates an economic activities, services sectors or sub-sectors where there are no specific reservations and conditions in given economic activities, services sectors or sub-sectors without prejudice to the horizontal reservations and conditions that apply. The term unbound indicates that no commitments have been made.

3. Panama does not undertake any commitment on key personnel and graduate trainees in economic activities, services sectors or sub-sectors not mentioned in the list below.

4. In identifying individual economic activities:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 4, ISIC REV 3.1, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N^{o} 77, CPC ver. 1.0, 1998.

5. Commitments on key personnel and graduate trainees do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures, and measures regarding employment, work and social security conditions when they do not constitute a limitation within the meaning of Articles 174 and 175 of this Agreement. Those measures (for example need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to key personnel and graduate trainees of the EU Party.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. All requirements of the laws and regulations of Panama regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

▼B

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment.

10. In those economic activities where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

ANNEX XIV

LISTS OF COMMITMENTS OF THE REPUBLICS OF THE CA PARTY ON BUSINESS SERVICE SELLERS

COSTA RICA

1. The list of commitments below indicates the economic activities, services sectors and sub-sectors committed pursuant to Article 175, paragraph 2 of this Agreement and the applicable reservations and conditions on business services sellers. The list is composed of the following elements:

   (a) A first column indicating the economic activities, services sectors or sub-sectors in which the commitment is assumed by the Party, and the scope to which the reservations and conditions apply;

   (b) A second column listing the applicable reservations and conditions.

2. For the purpose of this list, the term none indicates economic activities, services sectors or sub-sectors where there are no specific reservations and conditions in given economic activities, services sectors or sub-sectors, without prejudice to the horizontal reservations and conditions that apply. The term unbound indicates that no commitments have been made.

3. Costa Rica does not undertake any commitment on business services sellers in economic activities, services sectors or sub-sectors not mentioned in the list below.

4. In identifying individual economic activities, services sectors and sub-sectors:

   (a) ISIC rev 3.1 means the International Standard Industrial Classification of all Economic Activities as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 4, *ISIC REV 3.1*, 2002;

   (b) CPC means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC prov., 1991;

   (c) CPC ver. 1.0 means the Central Products Classification as set out in Statistical Office of the United Nations, Statistical Papers, Series M, N° 77, CPC ver. 1.0, 1998.

5. Commitments on business services sellers do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures when they do not constitute a reservation within the meaning of Article 175 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed), even if not listed below, apply in any case to business services sellers of the EU Party.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. All requirements of the laws and regulations of Costa Rica regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

▼B

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment and the list of commitments on cross-border supply of services.

10. In those economic activities, services sectors or sub-sectors where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

5. Commitments on business services sellers do not apply in cases where the intent or effect of their temporary presence is to interfere with or otherwise affect the outcome of any labour/management dispute or negotiation.

6. The list below does not include measures relating to qualification requirements and procedures, technical standards and licensing requirements (including any concession, permits, register and other authorisation) and procedures, and measures regarding employment, work and social security conditions when they do not constitute a limitation within the meaning of Article 175 of this Agreement. Those measures (for example, need to obtain a license, need to obtain recognition of qualifications in regulated sectors, need to pass specific examinations, including language examinations, need to have a legal domicile in the territory where the economic activity is performed, need to comply with national regulations and practices concerning minimum wages and with collective wage agreements in the host country), even if not listed, apply in any case to business services sellers of the EU Party.

7. In accordance with Article 159, paragraph 3 of this Agreement, the list below does not include measures concerning subsidies granted by the Parties.

8. All requirements of the laws and regulations of Guatemala regarding entry, stay, work and social security measures shall continue to apply, including regulations concerning period of stay, minimum wages as well as collective wage agreements even if not listed below.

9. The list below is without prejudice to the existence of public monopolies and exclusive rights as described in the list of commitments on establishment and the list of commitments on cross-border supply of services.

10. In those economic activities, services sectors or sub-sectors where economic needs tests are applied, their main criteria will be the assessment of the relevant market situation or the region where the service is to be provided, including with respect to the number of, and the impact on, existing services suppliers.

11. The rights and obligations arising from this list of commitments shall have no self-executing effect and thus confer no rights directly to individual natural persons or juridical persons.

Economic activity or services sector or sub-sector	Description of reservations
HORIZONTAL RESERVATIONS	
All economic activities and services, sectors and sub-sectors listed:	
1. Every employer is prohibited to employ less than ninety percent of Guatemalan workers and pay them less than eighty-five percent of the total wages earned in their respective business, unless otherwise provided under special laws. Both proportions may change: a) If so require obvious reasons of protecting and promoting the national economy, or lack of Guatemalans technicians in a particular activity or defending national workers to demonstrate their abilities. In all these circumstances, the Executive Branch, through agreement reasoned issued through the Ministry of Labor and Social Security, both ratios may decrease by up to ten per cent each and for a period of five years for each company, or increase them to eliminate the participation of foreign workers. In the case the Ministry authorises the reduction of rates expressed before, it should require companies to prepare Guatemalan technicians in the branch of their activities within that purpose was granted; and b) When authorised and controlled immigration occur by the Executive Branch or contracted by the same, and entering or have entered the country to work in the establishment or development of settled agriculture or livestock, welfare institutions or cultural character; or in the case of Central American origin. In all these circumstances, the scope of the respective modification should be given the discretion of the Executive Branch, but the agreement that was handed down through the Ministry of Labor and Social Security must clearly state the reasons, limit and duration of the change is made. For the computation of what was said in the first paragraph, fractions should not be taken into account, and when the total number of employees does not exceed five, four of them shall be Guatemalan. The provision of this measure does not apply to managers, administrators, supervisors and general managers of companies. For greater certainty this clause applies to foreign workers under an employment relationship in the host country and without prejudice of the commitments made under Chapter 4 (Temporary Presence of Natural Persons for Business Purposes).	
2. Economic activities considered as public utilities may be subject to a public monopoly or to exclusive rights granted to natural persons or juridical persons, public or private.	
3. Guatemala reserves the right to adopt or maintain any measure that guarantees rights or preferences for Minorities and Indigenous Populations, socially and economically disadvantaged.	
4. An authorisation of entry and temporary stay under this list shall not supersede the non-discriminatory requirements demanded to the exercise of a profession or activity according to the specific regulatory framework in force.

ALL SECTORS	1. Preference is given to a Panamanian national over a foreign national for contractual positions in the Panama Canal Authority. A foreign national may be hired instead of a Panamanian national, provided that the position is difficult to fill and that all channels for hiring a qualified Panamanian national have been exhausted and that it is authorised by the Canal Authority Administrator. If the only applicants for a position with the Panama Canal Authority are foreign nationals, preference is given to a foreign national with a Panamanian spouse or a foreign national who has lived in Panama for ten consecutive years. 2. Only a Panamanian national can be a director of the Panama Canal Authority.
ALL SECTORS	Numerical quotas and economic needs tests are required for key personnel and graduate trainees holding an employment contract with a Panamanian juridical person (main criteria: need for technical and specialised personnel).

List C

1. Unless otherwise specified in this List, the Title covers all agencies subordinate to this entity.

2. The Title shall not apply to procurement measures of the *Autoridad del Canal de Panamá* designed to promote micro, small and medium enterprises (as defined in Section F of this Appendix), in accordance with the following:

   (a) the *Autoridad del Canal de Panamá* may award Panamanian micro, small and medium enterprises a price preference that shall not exceed ten percent;

   (b) further to Article 212, Panama shall notify the EU Party of the establishment of any price preference program established in accordance with subparagraph (a); and

▼B

(c) any price preference shall be clearly described in the notice of intended procurement or notice inviting suppliers to participate in the procurement and relevant tender documentation.

3. Notwithstanding any other provision of the Title, for each of the twelve fiscal years following the entry into force of this Agreement, the *Autoridad del Canal de Panamá* may, at its discretion, set aside from the obligations of the Title procurement contracts for goods, services, and construction services for panamanian nationals, or suppliers owned and controlled by panamanian nationals, provided that in each such fiscal year:

(a) the total value of the *Autoridad del Canal de Panamá's* procurement exceeds USD 200 000 000;

(b) the total value of the procurement contracts under that are set asides does not exceed ten percent of the total value of the *Autoridad del Canal de Panamá's* procurement contracts for goods, services, and construction services awarded in that fiscal year that are:

(i) otherwise covered by the Title; and

(ii) in excess of the USD two hundred million base for the fiscal year; and

(c) the total value of procurement contracts under any single CPC version 1.0 section that is set aside does not exceed twenty percent of the total value of the procurement contracts that may be set aside for that year.

4. Where a procurement contract will be set aside pursuant to paragraph 2, the *Autoridad del Canal de Panamá* shall clearly state that information in the notice of intended procurement or notice inviting suppliers to participate in the procurement and relevant tender documentation.

5. If in any fiscal year, the total value of procurement contracts set aside by the *Autoridad del Canal de Panamá* exceeds the level permitted under paragraph 3, Panama and the EU Party, in conjunction with the *Autoridad del Canal de Panamá*, shall consult with a view to agreeing on an adjustment in the form of a reduction of the set asides permitted during the following fiscal year.

6. If the *Autoridad del Canal de Panamá* proposes to extend the period during with set asides may be applied beyond the twelve-fiscal year period established in paragraph 2, it shall inform the EU Party during the ninth full fiscal year after the entry into force of this Agreement. Panama and the EU Party, in conjunction with the *Autoridad del Canal de Panamá*, shall consult regarding the proposal. If Panama and the EU Party agree to extend the period, the *Autoridad del Canal de Panamá* may continue to apply set asides in accordance with paragraph 3 for the additional period that the Panama and the EU Party agree.

7. Panama shall prepare an annual report that provides sufficient detail to establish that set asides have been applied in accordance with paragraph 3.

▼B

8. The minimum forty day time period set out in Appendix 6 (2) shall not apply to the *Autoridad del Canal de Panamá*. The *Autoridad del Canal de Panamá* shall provide suppliers sufficient time to prepare and submit responsive tenders, taking into account the nature and complexity of the procurement. However, the *Autoridad del Canal de Panamá* shall in no case provide for less than five business days from the date on which the notice of intended procurement is published on the Internet to the final date for the submission of tenders.

9. Article 225 paragraph 5 shall not apply to the *Autoridad del Canal de Panama*.

10. Notwithstanding Article 225 paragraph 3, the *Autoridad del Canal de Panamá* shall provide no less than five business days for suppliers to prepare and submit written challenges, with the understanding that the period shall commence on the first business day that follows the publication of the announcement of the contract award on the Internet

Threshold: SDR 5 000 000

Procuring Entities:

All contracting entities whose procurement is covered by the EU utilities directive which are contracting authorities (for example, those covered under Sections A and B) or public undertakings [1] and which have as one of their activities any of those referred to below or any combination thereof:

(a) The provision or operation of fixed networks intended to provide a service to the public in connection with the production, transport or distribution of drinking water or the supply of drinking water to such networks;

(b) The provision or operation of fixed networks intended to provide a service to the public in connection with the production, transport or distribution of electricity or the supply of electricity to such networks;

(c) The provision of airport or other terminal facilities to carriers by air;

(d) The provision of maritime or inland port or other terminal facilities to carriers by sea or inland waterway;

[1] According to the EU utilities directive, a public undertaking is any undertaking over which the contracting authorities may exercise directly or indirectly a dominant influence by virtue of their ownership of it, their financial participation therein, or the rules which govern it.

A dominant influence on the part of the contracting authorities shall be presumed when these authorities, directly or indirectly, in relation to an undertaking:

— hold the majority of the undertaking's subscribed capital, or

— control the majority of the votes attaching to shares issued by the undertaking, or

— can appoint more than half of the undertaking's administrative, management or supervisory body.

▼B

(e) The provision or operation of networks [1] providing a service to the public in the field of urban transport (including urban railway, automated systems, tramway, trolley bus, bus or cable);

(f) The provision or operation of networks [2] providing a service to the public in the field of transport by railway.

Indicative lists of contracting authorities and public undertakings fulfilling the criteria set out above are attached.

Notes

1. Contracts awarded for the pursuit of an activity listed above when exposed to competitive forces in the market concerned are not covered by the Title.

2. The Title shall not apply to contracts awarded by procuring entities covered under this Section:

— for the purchase of water and for the supply of energy or of fuels for the production of energy;

— for purposes other than the pursuit of their activities as listed in this Section or for the pursuit of such activities in a non-EEA country;

— for purposes of re-sale or hire to third parties, provided that the procuring entity enjoys no special or exclusive right to sell or hire the subject of such contracts and other entities are free to sell or hire it under the same conditions as the procuring entity.

3. The supply of drinking water or electricity to networks which provide a service to the public by a procuring entity other than a contracting authority shall not be considered as an activity within the meaning of paragraphs a) or b) of this Section where:

— the production of drinking water or electricity by the entity concerned takes place because its consumption is necessary for carrying out an activity other than that referred to in paragraphs a) to f) of this Section; and

— supply to the public network depends only on the entity's own consumption and has not exceeded 30 per cent of the entity's total production of drinking water or energy, having regard to the average for the preceding three years, including the current year.

4. I. Provided that the conditions in paragraph II are met, the Title shall not apply to contracts awarded:

(i) by a procuring entity to an affiliated undertaking [3], or

[1] As regards transport services, a network shall be considered to exist where the service is provided under operating conditions laid down by a competent authority of a European Union Member State, such as conditions on the routes to be served, the capacity to be made available or the frequency of the service.

[2] As regards transport services, a network shall be considered to exist where the service is provided under operating conditions laid down by a competent authority of a European Union Member State, such as conditions on the routes to be served, the capacity to be made available or the frequency of the service.

[3] "affiliated undertaking" means any undertaking the annual accounts of which are consolidated with those of the procuring entity in accordance with the requirements of Council Directive 83/349/EEC on consolidated accounts, or in case of entities not subject to that Directive, any undertaking over which the procuring entity may exercise, directly or indirectly, a dominant influence, or which may exercise a dominant influence over the procuring entity, or which, in common with the procuring entity, is subject to the dominant influence of another undertaking by virtue of ownership, financial participation, or the rules which govern it.

▼B

(ii) by a joint venture, formed exclusively by a number of procuring entities for the purpose of carrying out activities within the meaning of paragraph a) to f) of this Section, to an undertaking which is affiliated with one of these procuring entities.

II. Paragraph I shall apply to services or supplies contracts provided that at least 80 % of the average turnover of the affiliated undertaking with respect to services or supplies for the preceding three years derives respectively from the provision of such services or supplies to undertakings with which it is affiliated ([1]).

5. The Title shall not apply to contracts awarded:

(i) by a joint venture, formed exclusively by a number of procuring entities for the purposes of carrying out activities within the meaning of paragraph (a) to (f) of this Section, to one of these procuring entities, or

(ii) by a procuring entity to such a joint venture of which it forms part, provided that the joint venture has been set up to carry out the activity concerned over a period of at least three years and the instrument setting up the joint venture stipulates that the procuring entities, which form it, will be part thereof for at least the same period.

SECTION F

GENERAL NOTES

A. SCHEDULE OF COSTA RICA

Unless otherwise specified herein, the following General Notes apply without exception to Title V of Part IV of this Agreement, including to all Sections of this Appendix.

1. Use of lists of suppliers:

Entities listed in Sections A, B and C of this Appendix, may use a list of suppliers, according to the provisions of Article 215.

2. Limited tendering:

Procuring entities listed in Sections A, B and C, may award contracts by limited tendering procedures in each of the following circumstances, in addition to those listed in Article 220:

(a) if it is strictly necessary for reasons caused by events unforeseen and inevitable for the procuring entity such as natural catastrophes, and involving high ranking public interests such as public health and security, duly proven;

(b) if these contracts concern sensitive issues related to national security;

(c) if these contracts are concluded to urgently obtain legal advice on specific legal procedures;

(d) if these contracts concern conciliation and arbitration services, and

(e) if these contracts concern building and establishment of government offices located abroad, as well as employment of foreign physical persons or legal representation abroad.

3. Specific exclusions:

(a) Title V of Part IV of this Agreement does not apply to procurement by one Costa Rican entity of a good or service obtained or acquired from another Costa Rican entity;

(b) For a time period no longer than five years from the entry into force of this Agreement, provisions of Article 213, Article 218, Appendix 4 and Appendix 6, shall not apply to procurements awarded under framework agreements ([1]);

(c) Provisions of Appendix 6 shall not apply to entities listed on Section B of this Appendix;

([1]) Framework agreements as provided in article 115 of Executive Decree 33411-H from September 27th 2006, *Reglamento a la Ley de Contratación Administrativa.*

▼B

(d) Where entities covered in this Appendix require other persons or entities, that have themselves obtained this right through a tendering procedure to procure on their behalf, the principles included in Article 211 shall apply instead of the specific provisions of Article 210, paragraph.4. This provision does not apply for the procurement made by a central purchasing body on behalf of a covered entity. This provision shall not be understood as a means to modify or rectify coverage mutually agreed in this Agreement between Costa Rica and the European Union, which is regulated under provisions of Article 226;

(e) Title V of Part IV of this Agreement does not apply to government programs for MSMEs.

4. Adjustment of thresholds:

Where a threshold value for a covered procurement applied between the Republics of the CA Party, rises above the level of a corresponding threshold value in Title V of Part IV of this Agreement, the Republics of the CA Party shall adjust the corresponding threshold value of the Title, in order to accord to the goods, services and suppliers of the EU Party the same treatment that they accord to their own goods, services and suppliers. The Republics of the CA Party shall make available to the EU Party through the Single Point of Access at a regional level or notify the EU Party through the Association Committee, any adjustment made in accordance with this paragraph.

The Republics of the CA Party shall convert the thresholds of the Title into their respective national currency at two years intervals. Each adjustment will take effect on January 1, beginning on January 2012. Except for El Salvador and Panama the conversion shall be based on the official conversion rate of its central bank, using the average of the daily values of its currency in terms of the U.S. dollar. Such procedure will take place over the two-year period ending September 30 preceeding the year in which the adjustment made by the Republics of the CA Party will be effective.

B. SCHEDULE OF EL SALVADOR

Unless otherwise specified herein, the following General Notes apply without exception to Title V of Part IV of this Agreement, including to all Sections of this Appendix.

1. Specific exclusion: Title V of Part IV of this Agreement does not apply to procurement by one Salvadorian Entity of a good or service obtained or acquired from another Salvadorian entity.

2. Title V of Part IV of this Agreement applies to all goods procured by the entities listed in Sections A to C of this Appendix, subject to the Notes to the respective Sections and Section F.

3. Procuring entities listed in Sections A, B and C, may use lists of suppliers.

4. Adjustment of thresholds:

Where a threshold value for a covered procurement applied between the Republics of the CA Party, rises above the level of a corresponding threshold value in Title V of Part IV of this Agreement, the Republics of the CA Party shall adjust the corresponding threshold value of the Title, in order to accord to the goods, services and suppliers of the EU Party the same treatment that they accord to their own goods, services and suppliers. The Republics of the CA Party shall make available to the EU Party through the Single Point of Access at a regional level or notify the EU Party through the Association Committee, any adjustment made in accordance with this paragraph.

▼B

The Republics of the CA Party shall convert the thresholds of the Title into their respective national currency at two years intervals. Each adjustment will take effect on January 1, beginning on January 2012. Except for El Salvador and Panama the conversion shall be based on the official conversion rate of its central bank, using the average of the daily values of its currency in terms of the U.S. dollar. Such procedure will take place over the two-year period ending September 30 preceeding the year in which the adjustment made by the Republics of the CA Party will be effective.

Appendix 4

NOTICE OF INTENDED PROCUREMENT

1. Each notice of intended procurement shall include:

   (a) the name and address of the procuring entity and other information necessary to contact the procuring entity and obtain all relevant documents relating to the procurement, and their cost and terms of payment, if any;

   (b) a description of the procurement, including the nature and quantity of the goods or services to be procured or, where the quantity is not known, the estimated quantity;

   (c) the procurement method that will be used and whether it will involve negotiation or electronic auction;

   (d) the address and final date for the submission of tenders; and

   (e) the language or languages in which tenders or requests for participation may/shall be submitted, if other than an official language of the Party of the procuring entity;

2. The following information shall be included in the notice of intended procurement if such notice is published by electronic means. If the notice is published in paper media, adequate measures shall be taken in order to assure that this information can be promptly obtained by any interested supplier:

   (a) for recurring contracts, if possible, an estimate of the timing of subsequent notices of intended procurement;

   (b) a description of any options;

   (c) the time-frame for delivery of goods or services or the duration of the contract;

   (d) where applicable, the address and any final date for the submission of requests for participation in the procurement;

   (e) a list and brief description of any conditions for participation of suppliers; and

   (f) where, pursuant to Article 215, a procuring entity intends to select a limited number of qualified suppliers to be invited to tender, the criteria that will be used to select them and, where applicable, any limitation on the number of suppliers that will be permitted to tender.

▼B

Appendix 5

NOTICE INVITING INTERESTED SUPPLIERS TO APPLY FOR INCLUSION IN A LIST OF SUPPLIERS

If the legislation of a Party contemplates the publication of a notice inviting interested suppliers to apply for inclusion in a List of Suppliers, it shall include the name and address of the competent or procuring entity and other information necessary to contact the entity and obtain all relevant information and documents relating to inclusion in the list. Entities shall make available a description of the goods or services, or categories thereof, for which the list may be used; the conditions for participation to be satisfied by suppliers and the methods that the procuring entity will use to verify a supplier's satisfaction of the conditions; the period of validity of the list and the means for its renewal or termination, or where the period of validity is not provided, an indication of the method by which notice will be given of the termination of use of the list. For a better understanding, no provision under Title V of Part IV of this Agreement shall be understood as an obligation of maintaining lists of suppliers.

▼B

Appendix 6

TIME PERIODS

Time period for submitting a request for participation in cases of selective tendering

1. If a procuring entity that uses selective tendering establishes a final date for the submission of requests for participation, it shall set a reasonable deadline allowing sufficient time for interested suppliers to fulfil the formal requirements for participation in the tender. Under no circumstance shall this time-period be less than ten days.

Time period for submitting tenders

2. A procuring entity shall provide suppliers sufficient time to prepare and submit responsive tenders, taking into account the nature and complexity of the procurement. Except as provided for in paragraph 4 and 5, the final date for the submission of tenders shall not be less than forty days from the date on which:

   (a) in the case of open tendering, the notice of intended procurement is published; or

   (b) in the case of selective tendering, the entity notifies the suppliers that they will be invited to submit tenders, whether or not it uses a multi-use list.

Time periods in cases where a list of suppliers is used

3. Procuring entities may establish publicly available lists of suppliers qualified to participate in procurements. Where a procuring entity requires suppliers to qualify for a list of suppliers as a condition for participation in a procurement, and a supplier that has not yet qualified applies for inclusion, the procuring entity shall promptly start the qualification procedures and shall allow the supplier to submit a tender if it is determined to be a qualified supplier, provided there is sufficient time to fulfill the conditions for participation within the time period established for tendering.

Reduced time periods in specific circumstances

4. A procuring entity may establish a period for tendering that is less than forty days, but in no case less than ten days; in the following circumstances:

   (a) where the procuring entity published a separate notice containing a description of the procurement; the approximate time limits for the submission of tenders or; where appropriate, conditions for participation in a procurement, and the address where such documents relating to the procurement may be obtained, at least forty days and not more than twelve months before the final date for the submission of tenders;

   (b) where an entity procures commercial goods and services that are sold or offered for sale to, and customarily purchased and used by, non-governmental buyers for non-governmental purposes;

   (c) where the procuring entity, for procurements of a recurring nature, indicates in an initial notice of intended procurement that subsequent notices will provide time periods for tendering based on this paragraph; or

▼B

(d) where an unforeseen state of urgency that is duly substantiated by the procuring entity renders impracticable the time provided in paragraph 1.

Reduced time periods in case of electronic tendering

5. A Party may foresee in its domestic legislation that a procuring entity may reduce the time-period for tendering set out in paragraph 2 by five days for each one of the following circumstances:

(a) the notice of intended procurement is published by electronic means;

(b) all the tender documentation is made available by electronic means from the date of the publication of the notice of intended procurement; and

(c) the tenders may be received by electronic means by the procuring entity.

The use of this paragraph in conjunction with paragraph 4 shall in no case result in the reduction of the time-periods for tendering set out in paragraph 2 to less than ten days from the date on which the notice of intended procurement is published.

▼B

Appendix 7

AWARD NOTICES

The notice referred to in Article 223 paragraph 2 shall at least contain the following information:

(a) a description of the goods or services procured;

(b) the name of the procuring entity;

(c) the name of the successful supplier;

(d) the value of the successful tender or the highest and lowest offers taken into account in the award of the contract;

(e) the date of the award; and

(f) the type of procurement method use.

▼B

Appendix 8

TENDER DOCUMENTATION

As referred to in Article 217 paragraph 1, unless already provided in the notice of intended procurement, tender documentation shall include a complete description of:

(a) the procurement, including the nature and quantity of the goods or services to be procured or, where the quantity is not known, the estimated quantity and any requirements to be fulfilled, including any technical specification, conformity assessment certification, plans, drawings or instructional materials;

(b) any conditions for participation of suppliers, including a list of information and documents that suppliers are required to submit in connection therewith;

(c) all evaluation criteria to be considered in the awarding of the contract, and, except where the price is the sole criterion, the relative importance of such criteria;

(d) where the procuring entity will conduct the procurement by electronic means, any authentication and encryption requirements or other equipments related to the receipt of information by electronic means;

(e) where the procuring entity will hold an electronic auction, the rules, including identification of the elements of the tender related to the evaluation criteria, on which the auction will be conducted;

(f) where there will be a public opening of tenders, the date, time and place for the opening and, where appropriate, the persons authorised to be present;

(g) any other terms of conditions, including terms of payment and any limitation on the means by which tenders may be submitted, for example, paper or electronic means; and

(h) any dates for the delivery of goods or the supply of services.

DECLARATIONS

JOINT DECLARATION OF COSTA RICA AND THE EUROPEAN UNION TO CHAPTER 1 OF TITLE II (TRADE IN GOODS) OF THIS AGREEMENT

Costa Rica shall review that the internal taxes charged on the beverages listed below are applied pursuant to the provisions of Chapter 1 of Title II (Trade in Goods), such that:

(a) For carbonated beverages classified under tariff heading 2202 and alcoholic beverages classified under tariff heading 2203, such revision shall be completed no later than one year after entry into force.

(b) For alcoholic beverages classified under tariff headings 2204 to 2208, such review shall be completed no later than four years after entry into force.

▼B

JOINT DECLARATION ON ARTICLE 88 OF CHAPTER 1 OF TITLE II (TRADE IN GOODS)

Costa Rica and Guatemala may continue to apply the measures listed below after the date of entry into force of this Agreement. The necessity of maintaining these measures will be examined by the Parties, at the latest, ten years after the date of entry into force of this Agreement.

Guatemala

(a) Ley del Café, Decreto No. 19-69 del Congreso de la República de Guatemala, Decreto No. 114-63 del Jefe de Estado y Decreto Ley No. 111-85 del Jefe de Estado.

Costa Rica

(a) Law No. 5515 of 19 April 1974 as amended by Law No. 5538 of 18 June 1974; Law No. 4895 of 16 November 1971 as amended by Law No. 7147 of 30 April 1990 and Law No. 7277 of 17 December 1991;

(b) Law No. 2762 of 21 June 1961 as amended by Law No. 7551 of 22 September 1995; and

(c) Law No. 6247 of 2 May 1978 and Law No. 7837 of 5 October 1998.

▼B

JOINT DECLARATION CONCERNING THE PRINCIPALITY OF ANDORRA

1. Products originating in the Principality of Andorra falling within Chapters 25 to 97 of the Harmonized System shall be accepted by the Republics of the CA Party as originating in the European Union within the meaning of this Agreement.

2. Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Co-operation) shall apply *mutatis mutandis* for the purpose of defining the originating status of the above mentioned products.

▼B

JOINT DECLARATION CONCERNING THE REPUBLIC OF SAN MARINO

1. Products originating in the Republic of San Marino shall be accepted by the Republics of the CA Party as originating in the European Union within the meaning of this Agreement.

2. Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Co-operation) shall apply *mutatis mutandis* for the purpose of defining the originating status of the above mentioned products.

▼B

JOINT DECLARATION CONCERNING DEROGATIONS

1. The Parties recognise the important role of a stable growth and progress of the economies of the Republics of the CA Party in encouraging the smooth development of trade relations between the Parties.

2. For that purpose, the Sub-Committee on Customs, Trade Facilitation and Rules of Origin, established in accordance with Article 123 of Chapter 3 (Customs and Trade Facilitation) of Title II of Part IV of this Agreement (hereinafter referred to as the "Sub-Committee"), shall discuss and consider derogation requests from Annex II where the development of existing industries or the creation of new industries in the Republics of the CA Party justify the adoption of such derogations. The derogations subsequently may be adopted by the Association Council.

3. The Republics of the CA Party shall, either before or when the request for derogation is submitted to the Sub-Committee, notify the EU Party of its request for a derogation together with the reasons for the request in accordance with paragraph 5.

4. Within the Association Council, the EU Party shall respond positively to the requests of the Republics of the CA Party, if admissible and duly justified in conformity with this Declaration and if they cannot cause serious injury to an established European Union's industry.

5. In order to facilitate the examination by the Sub-Committee of requests for derogation, one or more Republics of the CA Party shall furnish in support of their request the fullest possible information covering in particular the following:

   (a) description of the finished product;

   (b) nature and quantity of materials originating in third countries;

   (c) manufacturing processes;

   (d) added value achieved;

   (e) number of employees in the enterprise concerned;

   (f) anticipated volume of exports to the European Union;

   (g) other possible sources of supply for raw materials;

   (h) other observations.

6. The examination of requests for derogation shall in particular take into account:

   (a) cases where the application of the existing rules of origin would significantly affect the ability of an existing industry in one or more Republics of the CA Party making the request to continue their exports to the European Union, with particular reference to cases where this could lead to cessation of its activities;

   (b) specific cases where it can be clearly demonstrated that significant investment in an industry could be deterred by the rules of origin and where a derogation favouring the realisation of the investment program would enable these rules to be satisfied by stages.

7. In every case an examination shall be made to ascertain whether the rules relating to cumulation of origin do not provide a solution to the problem.

8. The Sub-Committee shall take steps necessary to ensure that a decision on a request for derogation is reached as soon as possible. The derogation may be granted for the period of twelve months. The Sub-Committee may review the necessity to extend the period of validation of the derogation by another twelve months upon the request of the Republics of the CA Party, if the economic conditions which formed the basis for establishing the derogation continue, taking into account other conditions referred to in paragraphs 1 to 7. The extension of the derogation shall be decided by the Association Council.

▼B

JOINT DECLARATION REGARDING THE REVISION OF THE RULES OF ORIGIN CONTAINED IN ANNEX II

(concerning the definition of the concept of "originating products" and methods of administrative co-operation)

1. The Parties agree to review the provisions contained in Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Co-operation) and discuss the necessary amendments upon request of either Party. In such discussions, the Parties shall take into account the development of technologies, production processes and all other factors, which might justify the changes to the rules. Any changes to that Annex shall be made on the basis of a mutual agreement.

2. Appendix 2 and 2A to Annex II will be adapted in accordance with the periodical changes to the Harmonized System.

▼B

JOINT DECLARATION CONCERNING THE REVISION OF THE RULES OF ORIGIN APPLICABLE TO PRODUCTS OF CHAPTERS 61 AND 62 OF THE HARMONIZED SYSTEM

If the rules of origin applied by the European Union for products of Chapters 61 and 62 of the Harmonized System, in the framework of the Generalised System of Preferences for non least-developed countries (LDCs), are more relaxed than the ones contained in this Agreement, after consultations in the Association Committee at the request of one or more Republics of the CA Party, the Association Council shall modify Appendix 2 of Annex II (Concerning the Definition of the Concept of "Originating Products" and Methods of Administrative Cooperation) in order to apply the same level of relaxation.

▼B

JOINT DECLARATION CONCERNING TEMPORAL USE OF ADDITIONAL NON-ORIGINATING MATERIALS FOR PRODUCTS OF CHAPTERS 61 AND 62 OF THE HARMONIZED SYSTEM

At the initiative of one or more Republics of the CA Party and after consultations in the Association Committee, the Association Council may decide to temporarily permit the use of additional non-originating materials which shall be identified at 8 digit level for products in Chapters 61 and 62 of the Harmonized System, provided that there is no production of these materials in the Parties. Under these circumstances, these materials shall be considered as originating for the effects of the rules of origin of Appendix 2 of Annex II (Concerning the Definition of the Concept of 'Originating Products' and Methods of Administrative Co-operation) applicable to products in Chapters 61 and 62 of the Harmonized System. After consultations in the Association Committee, the use of the above mentioned materials shall not be permitted when a Party demonstrates that there is production of these materials in the Parties.

▼B

DECLARATION OF THE EU PARTY ON DATA PROTECTION OF CERTAIN REGULATED PRODUCTS

In negotiations of Title VI (Intellectual Property) of Part IV of this Agreement, the Parties have agreed that undisclosed data concerning safety and efficacy that is submitted as a condition of approving the marketing of new pharmaceutical or agricultural chemical products will be protected not through a specific provision, but through the principles of national treatment and most favoured nation treatment enshrined in Article 230 of Title VI (Intellectual Property) of Part IV of this Agreement. It was further agreed that the bilateral dispute settlement mechanism enshrined in the Association Agreement shall apply to any dispute arising in this regard.

The EU Party, having examined the relevant legislation of each of the Republics of CA Party considers that this legislation, by providing protection periods of at least five years for pharmaceutical products and ten years for agricultural chemical products, affords a satisfactory level of protection that corresponds to the relevant international obligations entered to by the Republics of the CA Party including Article 39 of the WTO TRIPS Agreement, Article 15.10 of The Dominican Republic - Central America - United States Free Trade Agreement and for Panama Article 15.10 of the United States-Panama Trade Promotion Agreement.

JOINT DECLARATION ON EU PARTY'S CUSTOMS UNIONS

The EU Party recalls that States with which it has established a Customs Union at the time of signature of this Agreement and whose products do not benefit from the tariff concessions under this Agreement have the obligation, in relation to countries which are not members of the European Union, to align themselves on the Common Customs Tariff and, progressively, with the preferential customs regime of the European Union, taking the necessary measures and negotiating agreements on mutually advantageous basis with the countries concerned.

Consequently, the European Union has invited the Republics of the CA Party to enter into negotiations with these States as soon as possible.

The Republics of the CA Party inform that they shall make best efforts to negotiate with these States an agreement establishing a free trade area.
