

Nature-based solutions simultaneously provide environmental, social and economic benefits by bringing more nature and natural features and processes into cities, landscapes and seascapes.

The Horizon 2020 Expert Group on 'Nature-Based Solutions and Re-Naturing Cities', chaired by Dr. Wilhelm Krull, Secretary General of the Volkswagen Foundation, was established under the 2014 Work Programme for the Societal Challenge "Climate action, environment, resource efficiency and raw materials". Dr. Pam Berry, Senior Research Fellow at Oxford University, rapporteur, and 12 other renowned experts, engaged in forward-looking reflection on future orientations for EU Research and Innovation for Nature-Based Solutions and Re-Naturing Cities. This report presents their main findings.
